H. Lynn Edwards  
12-28-66

At the conclusion of his training period, Mr. Clegg said he was quiet and did not have a too impressive personality, seemed slightly youthful, however, it was believed he would develop into better than an average Agent in the field. On 4-8-41 he was assigned to Miami.

On 6-24-41 SAC Danner said he was inclined to be self-conscious, blushed rather readily and it was felt he should work to overcome that as it was undoubtedly due to habit, should develop poise and little more aggressiveness, however, he possessed good judgment, seemed to be able to hold his own in any type of crowd, had no difficulty in expressing himself, submitted good reports, and his work needed no more than average supervision.

On 7-28-41 he was designated as Resident Agent at Tampa. On 11-10-41 SAC Danner said he had a good grasp of Bureau policy and procedure considering his length of service, was a hard and willing worker, seemed to be conscientious and possessed fair investigative ability, was more of the tenacious type who accomplished results by hard work rather than utilizing any great amount of imagination, his reports were well prepared but were unnecessarily long which was probably due to his lack of experience, despite the fact he appeared to be easily flustered in the field office it was felt he made good contacts and handled himself in a creditable manner in interviewing prominent officials and business men, and he was considered an above average Agent for his length of experience. On 12-16-41 he was reallocated to CAF-10 at \$3500 per annum.

On 4-30-42 he was transferred back to Miami in order to round out his experience, although his work had been entirely satisfactory and he had shown remarkable progress as Resident Agent at Tampa.

During an inspection of the Miami Office in May and June 1942, Inspector Harbo said he was average in appearance and personality, seemed to have above average intelligence, displayed an entirely favorable attitude toward his work, and he was a sincere and hard worker. He made a grade of 84% on the Manual of Instructions and National Defense Manual.

On 7-15-42 SAC Danner rated him as GOOD and said he was sober, quiet and industrious, was very conscientious, followed out his assignments to the letter, constantly displayed good judgment and intelligent planning in connection with his investigations, was highly interested in his work and possessed initiative, had acted as liaison agent for the office with Pan American Airways, had handled that assignment well and had a good grasp of the duties in connection with that assignment.

On 9-11-42 SAC Danner rated him as GOOD and said in connection with the liaison work at the Pan American Airways this Agent had handled his duties in an excellent manner, had made excellent contacts, kept the office supplied with information concerning activities at the Pan American Airports, seemed to have done an excellent job in handling officials of other agencies since they apparently put a great deal of faith in his ability and judgment, was plentifully supplied with initiative, went about his duties in a cheerful and enthusiastic manner, displayed supervisory ability, and it was believed he had the characteristics of administrative and executive ability which would develop.

On 9-29-42 he was considered for reallocation, however, it was recommended that an additional report be secured. On 11-9-42 SAC Danner rated him as VERY GOOD and said his progress had been steady, he was genuinely concerned at all times over his progress and his work, was careful as to detail, was alert and kept himself well informed as to Bureau policy and knew his manuals, was rather quiet but was not at all lacking in aggressiveness should the occasion

demand, had been assigned to supervisory work as night supervisor and in that regard had displayed good judgment, and it was believed he possessed above average possibilities. On 1-1-43 he was reallocated to CAF-11 at \$3800 per annum.

On 3-31-43 SAC Kitchin rated him as VERY GOOD and said he had a very good personal appearance, had a good personality, had a thorough knowledge of the Bureau's policies and procedures which knowledge he had applied very intelligently in his duties as night man, possessed initiative and used it, was apparently resourceful, was not especially forceful, probably lacked some degree of force, however, he was possessed of above average intelligence, was ambitious and industrious, produced an above average volume, his reported matter had been accurate and entirely satisfactory, was an excellent dictator, made a very satisfactory witness, had an excellent ability to make contacts, had a very good ability to organize and initiate his work, had handled all types of assignments, definitely possessed supervisory and some administrative ability, was married with one child and apparently was not interested in SIS although it was felt he would be qualified for such an assignment.

Mr. Scott interviewed him during In-Service Training School in March and April 1943 and he made a very favorable impression, appeared to be mature, intelligent and above average considering his length of service, possessed a good appearance, an excellent personality, and it was felt he should have an excellent future in the Bureau. At that time Mr. Scott recommended that he be transferred from Miami to another field division in view of his capabilities so that he could be kept in mind for further advancement. While attending In-Service he left his notebook in the closet of Assembly Room #1 after instructions had been given that no personal belongings or other equipment was to be left in the room when the Agents went to dinner. He attributed that to misunderstanding of the instructions. <sup>b6</sup> <sup>b7C</sup>

On 4-30-43 he was transferred to Washington Field. On 6-2-43 he was transferred to the Seat of Government where he was assigned as a supervisor in Division Three. On 6-29-43 SAC Hottel rated him as VERY GOOD and said he presented a very neat and mature appearance, had a pleasing personality, had been assigned to Selective Service work which he handled in a very satisfactory manner, his reports were submitted with a minimum amount of errors and he seemed to take the minimum amount of time to handle his paper work, seemed to be extremely interested in his work, and he produced a good volume of work.

In November, 1943, this Agent erroneously sent Agent [redacted] a Twenty Year Service Award letter when, as a matter of fact, he had not completed twenty years of Bureau service but it was noted he was correctly presented with a Ten Year Service Award Key. Agent Edwards said this occurrence had indelibly impressed upon him the necessity for meticulous attention to detail in order to insure accuracy and every thing in his power would be done to prevent such errors in the future. The Director said "I only hope this is the only error of this kind. It would be unfortunate if Agents and employees received impression that service award letters were just perfunctory." In another instance the Director requested an explanation as to the delay in sending out [redacted] Ten Year Service Award and letter and Agent Edwards said he failed to anticipate the length of time required in this case for the letter's approval and return for mailing and in the future these letters would be prepared sufficiently in advance to take care of such circumstances. The Director said: "I see no reason for such delays. It would be a simple matter to write such letters a week or two in advance."

By memorandum dated 2-22-44, Mr. Acers said he was intelligent, had an excellent educational background, was keen in thought and thorough in execution, was vitally interested, gave the impression that he was determined to make good, was friendly, tactful, did an excellent job on paper work and carried through to the ultimate objective without prodding, he had been extremely helpful in carrying out special assignments wherein little or no criterion had

been existent on which action could be based and although he was the newest supervisor in the Personnel Section he had developed rapidly and it was felt he was extremely capable, he had acquired a great deal of knowledge of the job and the work of the Administrative Division in a short period and his judgment was sound and he would develop more force with experience and this would be of assistance to him.

On 3-31-44 Assistant Director Glavin rated him EXCELLENT and said he had performed his work in an excellent manner, had exhibited a thorough understanding of the duties of a Special Agent, had been able to analyze accurately and skillfully many personnel matters which arose in this division, was acting as assistant to Mr. J. P. Mohr, Agent in charge of the Personnel Unit and in this capacity he was continually interviewing Bureau employees and others and had a very good grasp of this work, it was felt from his field experience that he could creditably acquit himself in any field assignment given to him and although his services were very much needed in this division, he would be eligible for assignment where the French language could be utilized, he recently assisted in the Inspection of the Identification Division and Mr. Hince reported that he was the outstanding interviewer of the entire group assigned to interviewing some 3,000 employees of Ident, he was thoroughly loyal to the Director and to the Bureau, worked long hours without thought of his personal conveniences and he would develop in the service. On 5-1-44 he was reallocated to CAF 12, \$4600.

This Agent was assigned to the Pittsburgh Division in June, 1944, for a period of two weeks for investigative work and by letter dated 7-1-44 SAC O'Connor said he presented a neat personal appearance, had a likeable personality, satisfactorily performed his assignments, organized his work properly and produced a satisfactory volume, appeared to be well grounded in Bureau fundamentals and although his assignments were not involved in nature, he conducted thorough investigations, his dictation was above average and he was rated as VERY GOOD.

During Major Case School in February-March, 1945, he was given special training as an Equipment Supervisor and qualified as such and he was also qualified as a general Investigator on a Major Case Squad. Mr. Hince said he was above average in appearance, personality and intelligence and he was rated as EXCELLENT. He also attended the Police Instructors Training Course in March, 1945, and Mr. McCabe said he handled himself very well on the platform, did a very good teaching job, used visual aids such as the blackboard very well and seemed very well qualified to instruct in police training schools.

On 3-31-45, Assistant Director Glavin rated him EXCELLENT and said that as an Assistant to Mr. Mohr, he had had a heavy job and in addition he had had charge of the Health Service which had caused difficulty in the past but during the period of time he was in charge of the Health Service, there had been none of the little bickerings and squabbings we had had before which definitely showed his abilities in handling temperamental individuals, he had executive, administrative and supervisory experience, was well-read, presented an excellent appearance, was qualified in the investigative field and it was felt that he could handle an Assistant SAC job in any of the smaller or medium-sized offices, but one thing that he must be constantly aware of was the fact that he at times might get himself too tied up in his duties, he had to a great degree learned how to handle volume and with additional experience he would continue to improve in this regard.

By memorandum dated 5-4-45, Mr. Edwards advised that an anonymous telephone call had been received on 5-3-45 and it was thought it had something to do with the interview he had had the preceding evening which resulted in [redacted] resigning. This was submitted for record purposes.

By letter dated 5-15-45, Mr. Glavin was advised he was qualified to appear before police training schools and law enforcement conferences.

As a result of a basic increase in pay effective 7-1-45 his salary was increased to \$5180 in Grade CAF 12.

By memorandum dated 7-25-45, Mr. J. P. Mohr advised this Agent would appreciate receiving a letter from the Director to assist him in making application for admission to the Bar of the State of Pennsylvania. By letter dated 8-7-45 the Director recommended him for admission to the Pennsylvania Bar.

On 11-5-45, he was afforded a \$210 promotion under the provisions of the Uniform Promotion Act to \$5390 per annum in Grade CAF 12.

With reference to the Director's memorandum concerning Special Agents who should be considered on a long range basis for development as Special Agents in Charge, Mr. Glavin advised on 12-14-45 that he had the capacity, the appearance, intelligence and the experience to be considered for further development in the Bureau and that he would have no hesitancy in recommending him for a high administrative position in the field, however, it was felt that he was ideally placed but that he would release him in the event he could be considered for advancement elsewhere.

He attended a special school in inspection procedures in April, 1946 and Mr. Carlson said he manifested a keen interest in the instruction and it was believed he was qualified to assist on inspections at this time.

On his 1946 Annual Efficiency Report, Mr. Glavin rated him EXCELLENT and said he had continued as Classification Officer of the Bureau and in such a position it was necessary that he maintain close liaison with classification officers of the Civil Service Commission and he must have a thorough knowledge of all classification procedures of the Commission so that positions in the Bureau might be properly classified. In addition, he assisted Mr. Mohr, the Personnel Officer. He interviewed many individuals, particularly veterans desirous of employment in the Bureau and his intelligent handling of these interviews could be best determined by the fact that even though we could not employ a great majority of those veterans, we had had no kick back from any federal organizations or any of the Congressmen or Senators on the Hill. One of the outstanding accomplishments of this Agent was the efficient handling of the Health Service. He was considered a good field Agent and one who possessed administrative and executive ability and he was qualified for an administrative position in any field office and would continue to advance in the service. He was qualified in the use of firearms and could be assigned to any dangerous investigations.

During an inspection of the Administrative Division in April, 1946, Inspector Egan said he presented a good appearance, was a hard worker of above average ability and appeared to have executive ability.

As a result of a basic increase in pay effective 7-1-46, his salary was changed to \$6144.60 per annum. On 10-6-46 he received a meritorious increase to \$6384 per annum in Grade CAF 12.

On 10-15-46 he received a letter of commendation from the Director, for his ability to write sincere personal letters for the Director's signature.

During an inspection of the Administrative Division in December, 1946, Mr. Glavin advised he had excellent possibilities for advancing in the Bureau's service and could easily function as ASAC in any of the Bureau's divisional offices with the exception of the few larger offices. Inspector Morgan advised that he had a personality which made him particularly well adapted for personnel work; that he was very intelligent, loyal and fully capable of advancing in the Bureau's service; that he could be relied upon to perform a dependable, substantial piece of work at all times.

On 3-31-47 Mr. Glavin rated him EXCELLENT and said he had continued to operate as the Assistant Personnel Officer in the Personnel Unit and in this capacity he had done an outstanding job, both in handling the employees under his immediate supervision as well as the maintenance of contacts out of the Bureau and in the handling of personnel problems as they are referred to him. He made a very good personal appearance, had an excellent personality, he could easily make contacts, was intelligent and utilized this capacity in the handling of his work, particularly his correspondence. He had demonstrated that he was extremely loyal to the Director and the Bureau and it was felt that he was pre-eminently qualified for his present assignment. He had done an outstanding job in the supervision of the Health Service during the past year and had been commended by the Director for the manner in which he prepared a communication to a Special Agent whose son was killed accidentally by the Agent's service revolver. It was felt that this particular letter was a masterpiece and reflected his ability in letter writing and his handling of his paper work. He definitely possessed supervisory, administrative and executive ability. He was well qualified to perform the duties of an ASAC in one of the Bureau's divisional offices. On 4-30-47 he assumed the duties of Personnel Officer.

On 5-18-47 he received a UPA promotion to \$6623.40 per annum in CAF-12.

On 6-15-47 he was reallocated to CAF-13, \$7102.20 per annum.

On 3-31-48 Mr. Glavin rated him EXCELLENT and said he had performed his duties in an excellent manner, during the rating period in question, the Bureau experienced one of its most trying periods insofar as procurement of personnel was concerned. He handled a very ticklish situation which extended over a period of weeks in time in such a manner that no adverse criticism was leveled at the Bureau through the handling of Bureau applicants. He had a deep understanding of the problems of the Bureau and was overly conscientious in his handling of those problems. His work record as to actual time spent in the office was exceptional. He was present in the office practically every day, during the evening and on Sundays and holidays. He attempted to handle a job which was given him with a minimum of personnel. He had also been commended by the Training Division for the manner in which he handled lectures before the new clerks. He was extremely loyal to the Director and the Bureau and he could be depended upon to give his best at all times. He was at the present time capable of handling Assistant SAC duties in any but the largest office in the field and would be able to handle such duties in that office after an orientation course which would permit him to re-familiarize himself with field work. He could handle SAC duties in any of the middle or small offices in the Bureau. He was qualified for any type of dangerous assignment.

He attended In-Service Training in May 1948.

On 7-11-48 he received a basic salary increase to \$7432.20 per annum, and on 12-26-48 he received a Uniform Promotion to \$7671.60 per annum in CAF-13.

On 1-23-49 he was reallocated to Grade CAF-14, \$8509.50 per annum.

On 3-31-49 Assistant Director Glavin rated him EXCELLENT and said Mr. Edwards' sympathetic understanding of the problems confronting clerical employees at this time was of material assistance to him in the performance of his duties. He was very conscientious, put in long hours of overtime when necessary and was conversant with all of the duties of his position. He accepted responsibility without hesitation and could be counted upon to carry out instructions as issued. He was qualified to handle any field executive or administrative position; however, it was felt that he could serve the Bureau exceptionally well in his present position. He was qualified to handle any assignment which might be given him.

On 8-15-49 Assistant Director Glavin rated him EXCELLENT and said the comments reflected in the 3-31-49 report were applicable at the present time.

By letter dated 10-5-49, the Director expressed appreciation to him for his cooperation during the recent reunion of the FBI National Academy Associates. The assistance rendered by Mr. Edwards in connection with the transportation of the Academy Associates was sincerely appreciated.

He received a basic increase in salary on 10-30-49, to \$8800 per annum in Grade GS-14.

By letter dated 2-28-50, he was advised the attention of the Bureau had been called to the fact that no action was taken by the Movement Section to follow upon the failure of a Special Agent in Charge to submit an efficiency report on his Assistant Special Agent in Charge sixty days after the latter reported to a new office of assignment, in accordance with Bureau requirements, and it was noted that the Movement Section was under his supervision.

On 3-31-50 Assistant Director Glavin rated him EXCELLENT, and pointed out that it was necessary to censure Mr. Edwards during the rating period because of a delinquency in the Movement Section. However, his work had been so outstanding during the year that Mr. Glavin did not feel that such a communication in any way detracted from his excellent category. He worked long hours of overtime. He was loyal to the Director and the Bureau. He was capable of performing any investigative task which might confront the Bureau. He had been commended for the manner in which he had handled certain communications during the rating period.

During an inspection of the Administrative Division in April, 1950, Inspector Egan commented that Edwards presented a good appearance and was very capable. He intelligently exercised excellent judgment and the Inspector considered him far above average.

By letter dated 5-17-50, his attention was called to the length of time involved in the preparation in his section of an acknowledgement to a letter dated 4-3-50 from the Norfolk Office to the Bureau, concerning the purchase of

a house and change in the office of preference of Assistant Special Agent in Charge F. C. Finley. It was understood that this letter was received in the Personnel Section on 4-4-50, but was not acknowledged until 4-25-50, and that he did not detect that the acknowledgement of this letter was being unduly delayed.

By memorandum dated 7-14-50 he was considered for a Uniform Promotion, but was passed over in view of the administrative action taken against him during the rating period, to be reconsidered at a later date.

By memorandum dated 10-11-50, Assistant Director Glavin recommended that both he and Mr. Edwards receive letters of censure in connection with the transfer of [redacted] from the Espionage Section of the Security Division to the Identification Division without prior approval of Mr. Tolson or the Director. [redacted] was transferred as a result of a recommendation from the Security Division that she be transferred to another Division as a possible security risk. The Director commented: "Skip letters of censure but don't let it recur."

Effective 10-15-50, he was afforded a Uniform Promotion which brought his salary to \$9000 per annum in Grade GS-14. His overtime for October, 1950, was 4 hours 6 minutes and for November 4 hours 16 minutes.

By letter dated 11-6-50, he was informed the Bureau had noted that recently he approved an erroneously prepared letter addressed to Special Agent Elmer W. Larson, Jr. referring to Larson's desire for a transfer to the Boston Office rather than to the Chicago Office, to which he had requested a transfer. It was expected that he would exercise more care in the future in such matters and that it would not be necessary to caution him again in this respect.

By letter dated 12/26/50 he was censured for the insufficient thought and consideration given to the supervision of the submission of the November overtime report for the Seat of Government Personnel. It appeared the tabulation of the overtime records was left until the end of the month instead of being prepared on a weekly basis, appropriate training had not been afforded the personnel who were responsible for the computation and submission of the required information which resulted in inaccuracies and illegible records. It was felt the aforementioned delinquencies should have been discussed with the appropriate Division Chiefs for correction purposes rather than being permitted to be handled on a clerical employee level. He was advised this matter should be afforded his immediate attention to insure against any similar delays. His overtime for December, 1950 was 3 hours.

By letter dated 2/10/51 he was awarded the Ten Year Service Key. By letter dated 2/11/51 he thanked the Director for being able to claim official membership in the FBI and expressed the hope that his future efforts would be acceptable. By letter dated 2/13/51 the Director thanked him for his letter of 2/11/51 and the fine expression contained therein.

On 3/31/51 Mr. Glavin rated him SATISFACTORY and reported as Personnel Officer he had had responsibility for the coordination of the various personnel procedures at the Seat of Government. During the past year it had been necessary to handle a great many matters pertaining to reallocations and reclassification of positions and he had approached those projects in a sensible light

and had established sound working basis for such procedures in the future. b6 b7C He was thoroughly familiar with the Classification Act and all its ramifications and was sound in his recommendations concerning such matters. He had been responsible for the applicant recruitment placement policies, the preparation of administrative and disciplinary memoranda, and all other matters pertaining to personnel of the Bureau. He had accepted his responsibilities without complaint and had worked long hours continuously in order to keep abreast of the work being referred to him for attention. He possessed a high degree of loyalty to the Director and the Bureau and there would be no hesitancy in recommending him from an efficiency standpoint to an executive field position. He had full knowledge of the Bureau's responsibilities and would be a better than average supervisory employee on the investigative side of our work as well as on the administrative side. He was rated as a most satisfactory employee. Mr. Glavin referred to the matters regarding the undue delay in acknowledging a letter from ASAC Finley, the approval of a letter of transfer to the wrong office, and the delay in submitting the November voluntary overtime for the Seat of Government, for which he was cautioned by letters during the rating period.

He suffered with catarrhal inflammation of the larynx during April, 1951, and was on sick leave from 4-17-51 through 4-25-51. By letter dated 4-18-51 the Director expressed the hope that his condition had improved, advised him to dismiss all thoughts of the office from his mind, and not to return to duty until his doctor felt his condition had been completely cured.

By letter dated 7-3-51 his attention was directed to the incident wherein the name of Special Agent [redacted] was erroneously omitted from the list of employees to receive Service Award Keys in April, 1951. He was advised to take immediate and appropriate action to avoid the recurrence of such carelessness, which was manifested by employees under his supervision.

During an inspection of the Personnel Section, Administrative Division during July and August, 1951, Assistant Director Clegg said he was a competent employee and the personnel under his supervision were found to be loyal, enthusiastic and a high degree of morale prevailed. He was also to be commended for his part in the management of a recruiting program which recruited a large number of clerical and Special Agent employees within a comparatively short period of time. The supervision that was given under his over-all supervision to investigate Special Agent applicants found considerable to be desired, particularly since a large number of Special Agents were appointed who were found to be lacking in basic qualifications, and there was found to be inadequate information in many of the reports on investigation to see that the instructions which had been issued to the Field were being enforced. In general over-all capabilities and qualifications, Mr. H. L. Edwards was definitely above average. b6 b7C

By letter dated 10-3-51 he was censured in connection with the administrative action taken against Special Agent [redacted] in which the Bureau had noted that a wire which was dispatched to the Newark Office incorrectly reflected the period for which this agent was to be suspended. The wire

containing this erroneous information was prepared in the Personnel Action Unit, which was under his supervision, and it appeared that he failed to detect this error and take the appropriate corrective action at the time he reviewed and initialed this communication prior to its transmittal.

By letter dated 10-13-51 his attention was called to an inexcusable error made in connection with the preparation of a memorandum concerning the reallocation of a clerical employee. The caption of this memorandum set out the employee's classification incorrectly with the result that the memorandum was confusing and lacking in clarity. It is noted that the memorandum in question was prepared in the Personnel Unit and was personally approved by him at which time he apparently failed to note the inaccuracy.

By letter dated 10-17-51 his attention was called to the fact that in connection with a personnel matter involving a married female employee of the Identification Division, he caused this employee to be questioned concerning whether or not she became pregnant prior to her marriage. He should have realized that such an interview of an employee along these lines would be most embarrassing to the employee and could reflect unfavorably upon the Bureau in view of the fact that this employee was married.

Memorandum dated 1-16-52 reflected that Mr. Glavin recommended this Agent for advancement in the Bureau's service.

By letter dated 2-11-52 he was censured and placed on probation because from a review of his memo to Mr. Glavin dated 2-6-52, it was apparent that the Personnel Section of the Administrative Division was grossly inefficient in handling the request for a reclassification of the position of Supervisor of the Mail Room. He pointed out in his memorandum that the initial job analysis sheet was submitted to the Personnel Section on 4-4-51 and apparently was lost until it was again received in the Personnel Section for action on 8-7-51. It appeared that there was an initial failure to log this position in the Classification Unit so that it could be appropriately followed and action taken upon it without the resulting four-month delay. As Personnel Officer of the Bureau he should be well aware of the effect of delays in handling classification matters on subordinate personnel and he should insure that these matters were handled promptly. In this particular instance an excellent employee was lost because of the gross inefficiency of the Personnel Section of the Administrative Division. He was instructed to promptly review the procedures in connection with the handling of classification matters in the Personnel Section and insure that such matters were handled properly and without the delay that was manifested in this instance.

By letter dated 3-19-52 the Director expressed appreciation to Mr. Edwards for having made the decision to remain as Personnel Officer in the Bureau it was noted that he was recently offered by [redacted] of the Board of the General Cable Corporation, a position with their Personnel

Management Staff at an increase over his present salary, and he advised [redacted] that he felt he should remain in his present position during this critical period. b6 b7C

On 3-31-52 Mr. Glavin rated him SATISFACTORY and said he had been Personnel Officer of the Bureau since approximately May of 1947, having been assigned to the Administrative Division since June, 1943. As Personnel Officer he had been outstanding. Mr. Glavin personally felt he was one of the best qualified Personnel Officers in the Government service. During the rating period he had been alert to every change in Government personnel procedures and had kept abreast of the many involved personnel practices brought about by the passage of certain laws by Congress and rules and regulations by the Civil Service Commission. He was outstanding as a classification expert and had been exceptionally successful in handling classification matters with the Civil Service Commission. He had been outstanding in his contacts with medical officials at the Naval Medical Center at Bethesda and Army Medical Center at Walter Reed Hospital, Washington, D. C. Bureau personnel had been the recipients of attention afforded at these medical centers primarily through his continued close liaison with the personnel of those centers. His loyalty to the Director and the Bureau was unquestioned. Ever since he had been assigned to the Administrative Division he had subordinated his own desires to the needs of the Bureau. He averaged two or three hours overtime daily and he could be found at the office practically 7 days a week every week in the year. It was felt that he was ideally placed in his present position although Mr. Glavin did wish to state that as an Inspector or SAC he would be outstanding in either position. It was felt that it was to the Bureau's advantage to maintain him in his present assignment.

His overtime for March, 1952 was 2 hours 24 minutes.

By letter dated 4-3-52 he was advised that he was being removed from a probationary status.

On 4-13-52 he received a Uniform Promotion to \$10,000 per annum in GS-14.

On 7-20-52 he received a reallocation to Grade GS-15, \$10,800 per annum.

His daily average overtime for August, 1952 was 3 hours 36 minutes. b6 b7C

A letter was directed to him on 11-17-52 advising him that consideration had been given to the explanation submitted by him for the delay which occurred in processing and accepting the resignation of a former clerical employee, [redacted] and it was noted that he had assumed personal responsibility for the unwarranted delay. He had pointed out the circumstances attendant upon this delinquency but it was still felt that he should have recognized the need for prompt action and seen to it that such was taken.

A letter was directed to him on 11-25-52 for his failure in not promptly transmitting correspondence concerning a personnel matter to an interested Bureau official. Although this correspondence, which pertained to alleged immoral conduct on the part of a Bureau employee named [REDACTED] was designated for the attention of a Bureau official, he failed to insure that it was brought to his attention and, instead, routed it to another employee for action.

On 12-5-52 appreciation was expressed to him for the very excellent liaison relationship he had between the Bureau and the United States Naval Medical Center, Bethesda, Maryland.

By letter dated 2-13-53 he was advised that the Bureau had observed that on 2-3-53, one of the clerical employees under his general supervision exceeded the speed limit in operating a Bureau vehicle. It was his responsibility to make certain that adequate instructions had been issued to this employee as to the necessity for observing all traffic regulations and that the necessary supervisory techniques were employed to insure that he was properly discharging his duties.

During an Inspection of the Administrative Division in February, 1953, Mr. Glavin said he was the Personnel Officer of the Bureau and performed his multiple duties in a highly satisfactory manner. He had taken an aggressive hold of the Bureau's personnel set-up and had developed it from its infant stages to the healthy personnel set-up that the Bureau has today. He did not hesitate to take responsibility upon himself in making decisions and in the handling of many important administrative and personnel assignments which was given to him. He was particularly well qualified for his present assignment, and Mr. Glavin felt that the Bureau was fortunate in having one of his abilities assigned to duties such as his. Inspector Harbo said he appeared to be well qualified for his present position. The findings during the inspection were generally favorable and there was no reason to differ with the comments of Mr. Glavin concerning Mr. Edwards; however, the Inspector found that there was excessive tardiness in the Personnel Section during November, 1952. The Inspector discussed the undesirability of this situation with both Agents and Mr. Edwards and it was believed there would be no recurrence.

On his 1953 annual report Mr. Glavin rated him SATISFACTORY and stated he was exceptionally well qualified to handle his duties as Personnel Officer of the Bureau and it was felt that he had been highly satisfactory in his present assignment. He kept abreast of any personnel developments in the Government service and had kept the Bureau advised of the many matters of a personnel nature which might affect the Bureau's operations. In the past year he had developed Personnel Conferences to a new peak of efficiency. He was exceedingly loyal to the Director and to the Bureau and had subordinated his desires to the needs of the Bureau. He would be exceedingly capable as an

Agent in Charge or as an Inspector of the Bureau; however, in his present position the Bureau received the full benefit of his experience and qualifications and it was felt he should continue in his present assignment.

He attended In-Service training from 3-30 to 4-10-53.

His daily average overtime for April, 1953 was 4 hours 23 minutes.

A letter was directed to him on 4-14-53 in connection with the failure of the Personnel Section of the Administrative Division to prepare in advance a congratulatory letter and a scroll to be presented to Lemuel H. Ferguson on the occasion of his completion of thirty-five years of service in the Bureau. It was apparent that as Personnel Officer, he was responsible for seeing to it that service award matters were handled in such a manner as to have prevented this failure. b6  
b7C

A letter was directed to him on 4-28-53 advising him that careful consideration had been given by the Bureau to the fact that the recently completed review of the record cards set up in the Personnel Section as a basis for the preparation of Service Award letters had disclosed eleven instances of inaccuracy in addition to the one which resulted in a recent delay in recognizing the thirty-fifth anniversary of a Bureau employee; furthermore, in one of these eleven cases the tenth anniversary of an employee had been missed due to the mistake on his card. These mistakes were made by employees under his supervision as Personnel Officer and Chief of the Personnel Section, and they reflected most unfavorably upon his administration of this most important phase of personnel work.

By memorandum dated 5-22-53, Mr. H. L. Edwards advised that on 5-14-53 he was elected President of the Dickinson Alumni Club of Washington, D. C., for a term of two years, having previously served as Vice President of the Club.

By memorandum dated 8-11-53 it was recommended and approved that the Bureau continue to utilize the services of Mr. Edwards as an Inspector's Aide.

Mr. Edwards advised by memorandum in response to the Director's inquiry about the delay in preparing the material in the case of SA [redacted] so that it could be available to the Director on 1-11-54 in order to proceed to dismiss [redacted] with prejudice at the end of an advance notice period of 24 hours, that he had no excuse which he wished to advance for failing to meet this deadline, and no satisfactory explanation for it, other than the fact that the preparation of all of the documents necessary, so that they could be sent through in one package, took more time than anticipated. (The six documents involved were (1) a letter advising [redacted] of contemplated dismissal and giving him a statement of the specific and detailed charges upon which

that was based, together with 24 hours' notice to reply as required under the Veterans' Preference Act. (2) A receipt form to be signed by [redacted] <sup>ab6</sup> witnessed by the Agent who would deliver the letter so that the Bureau would <sup>b7C</sup> have a record of the exact date and time of [redacted] receipt of this letter of charges. (3) A letter of protest over the Director's signature to Chairman Young of the Civil Service Commission. (4) A memorandum to the Attorney General transmitting copies of the letter of protest for him and Deputy Attorney General Rogers. (5) A memorandum reporting the results of the discussion at the Civil Service Commission. (6) A memorandum furnishing the Director with citations as to the Commission's regulations requiring a minimum notice of 24 hours together with a copy of the regulations attached.) Mr. Tolson noted, "This took entirely too long. The action concerning the employee should have been handled first." The Director noted, "Most certainly." No further action was taken against him in this matter.

On 1-17-54 he received a uniform promotion to \$11,050 per annum in Grade GS15.

By letter dated 2-4-54 he was CENSURED in connection with a long distance telephone call which he received on 1-29-54 from SAC William H. Williams of the Omaha Division, it being noted that this telephone conversation lasted for 22 minutes. A review had been made of the memorandum which he prepared under date of 2-1-54 outlining the material discussed during the call. It was noted that he was of the opinion that some of the items could have been handled by cheaper means of communication, further, that he told Mr. Williams that his telephone conversation was too lengthy. It did not appear that he handled this matter as aggressively as he should have in view of his position as a Bureau supervisory employee. Obviously, if he felt that the conversation was becoming extended, he should have taken steps to terminate it immediately and instructed the SAC to submit further details by some other cheaper means of communication. It was only necessary that he obtain the bare essentials and he could have instructed that the remainder of the information be submitted to the Bureau by teletype or by airtel. From a review of the material discussed by him with Mr. Williams it would appear that all of it could have been handled by an airtel. It was determined that the long distance telephone call in question if made station to station would cost \$10.25. An urgent teletype 180 words in length could have been utilized at a cost of \$1.35.

By letter dated 2-10-54 the Director expressed to him his sincere congratulations on his Thirteenth Anniversary with the Federal Bureau of Investigation. It was hoped that the Bureau would have the benefit of his services for many years to come and the Director wanted him to know that it had been a pleasure to have him in the Bureau family.

By letter dated 3-4-54 he was CENSURED inasmuch as the Bureau had ascertained that because of certain inexcusable negligence on the part of employees of the service award unit, a communication addressed to Special Agent Thomas A. Conroy was not received by him on his tenth anniversary of Bureau service. The failure to handle this matter in accordance with Bureau requirements was due to an erroneous notation attached to the correspondence by one employee, and an inexcusable delay on the part of the clerical supervisor having immediate charge of the service award letters to make the necessary inquiry in order to discover the error.

By letter dated 3-17-54 he was CENSURED as a result of the survey made into the handling of the Personnel Guidance Program of this Bureau. It had been noted that there were a number of glaring delinquencies in the supervision within the Administrative Division, and since this activity was under his over-all supervision as Chief of the Personnel Section, he was at fault for not having seen to it that the program was properly administered. The failure of the Personnel Section to afford this project adequate supervision and to challenge and clarify the numerous questionable items reported was inexcusable. In connection with the delinquencies noted in the supervision of the Personnel Guidance Program, the Director commented, among other things: "This is shocking, maladministration in the Administrative Division. It is apparent the Administrative Division did nothing along the lines of supervision. --- The lack of supervision by Glavin et al is shocking."

On 3-22-54 the Director saw this Agent and stated that he called to see him concerning the handling of the Personnel Guidance Program in the Administrative Division, which was so poorly handled that the Bureau had to discontinue the program. Agent Edwards said he regretted this incident had arisen and that he assumed responsibility for it. The Director told him that he likewise regretted that it had arisen because the Director believed the program itself was well worthwhile and a need to the operations of the Bureau but that obviously, since he had been unable to have it properly supervised in the Administrative Division, it had become necessary to discontinue it.

By letter dated 3-23-54 he was COMMENDED for the valuable services he rendered to the Bureau in connection with a survey of the position of Special Agent recently made by the Civil Service Commission. His close cooperation with the official responsible for this survey and his broad understanding of the many issues involved were instrumental in its successful completion. His suggestion that charts and diagrams be used in connection with this matter was indicative of his interest in the Bureau's work.

On 3-31-54 Mr. Glavin rated him SATISFACTORY and said that he had continued to perform his duties as Personnel Officer of the Bureau in an excellent manner. He had been exceptionally conscientious and painstaking in the performance of his duties as Personnel Officer. His sincere interest in, and appreciation of, the many problems confronting employees throughout the service merited the high degree of confidence placed in him. His ability to understand problems and his untiring efforts to assist in solutions, together with his tact in handling the most delicate personnel matters, had been of invaluable service to the Bureau and its employees. He had performed an outstanding job in handling contacts with the Army, Navy and Air Force Medical Groups affording examinations to Agent personnel. He had continued to perform long hours of overtime, being available day and night. He was particularly conscientious concerning all duties performed in the Personnel Section. He had a deep loyalty to the Director and the Bureau and had necessary qualifications to assume higher administrative and executive duties.

By letter dated 5-10-54 he congratulated the Director on his 30th anniversary as Director of the Federal Bureau of Investigation. This letter was acknowledged 5-12-54. b6 b7C

By letter dated 6-7-54 [redacted] Chairman, U. S. Civil Service Commission, was notified that he had been designated as a new Agency representative on the Performance Rating Board of Review. This was in connection with the retirement of Mr. Glavin and Mr. Tracy, Agency member and alternate Agency member of the FBI Performance Rating Board of Review.

During an Inspection of the Administrative Division in August, 1954, Mr. Mohr said he should be rated as one of the most outstanding employees of the Bureau. Mr. Mohr not only felt that he should be continued in his present position as Personnel Officer of the Bureau because of the excellent job he was doing but it was also felt that he had capacity for further advancement and more responsibility in an executive position in the Bureau. Inspector Strong stated that he appeared qualified for his present assignment. He was interested in advancement. He was available but preferred his present assignment.

In a letter dated 8-4-54 Mr. Bernard F. Schmid, Acting Administrative Assistant Attorney General, advised Mr. Alan T. Waterman, Director, National Science Foundation, Washington, D. C., that Mr. Edwards had been designated liaison representative for the FBI in connection with the current study of the Foundation of the Nation's efforts and needs in the field of science covering activities of the Federal and State government in both the natural and social sciences.

By letter dated 10-6-54 he was CENSURED in connection with the excessive delay in the final submission of a memorandum recommending action to be taken in response to a letter from the Los Angeles Police Department requesting information with respect to the Bureau's position classification of fingerprint positions, it being noted that this matter was handled in the

Personnel Section and was under his general supervision as Personnel Officer. There was a delay of two weeks before the memorandum recommending appropriate action was finally submitted and during this time the matter came to his attention and he instructed that a change be made in the originally proposed action. It was incumbent upon him thereafter to exercise the necessary supervision and to follow upon the handling of the memorandum in order to insure that no unnecessary delay transpired, which he failed to do.

By letter dated 10-11-54 he was COMMENDED in connection with the highly complimentary report the Bureau had received from the Civil Service Commission on their post audit of Bureau positions, which project was carried through under his very fine supervision. To have accomplished this splendid job required the wholehearted cooperation and enthusiasm of those employees of the Classification Unit and it was certainly a tribute to his splendid leadership and intelligent guidance.

By letter dated 2-10-55 the Director congratulated him upon his fourteenth anniversary with the Bureau. The Director commented that he had contributed much to the Bureau's growth these many years and the Director was indeed proud to have him as one of the Director's associates. By letter dated 2-11-55 Mr. Edwards acknowledged this letter and stated that each anniversary strengthened his feeling that working for the Director had been a rare privilege and a sacred trust which he prized more highly with each passing day.

His daily average overtime for February, 1955, was 3 hours 9 minutes.

On 3-13-55 he received a Basic Increase to \$11,880 per annum in GS-15.

By letter dated 3-17-55 he was CENSURED inasmuch as the Bureau had noted that during the past nine weeks he had reviewed and approved five items of outgoing mail containing errors which he failed to detect. It was apparent that he had not been discharging his responsibilities in this regard with sufficient attention to detail and accuracy.

By letter dated 3-18-55 to the Director, Lieutenant Nelson P. Aspen, Chief, Staff Clinic, National Naval Medical Center, expressed appreciation for the exceptional hospitality extended by the Bureau to the Staff Clinic, and stated their reception by Mr. H. L. Edwards and others was most gracious. This letter was acknowledged on 3-25-55.

On 3-31-55 Mr. Mohr rated him SATISFACTORY and said he was intelligent, alert, and had made it a point to thoroughly learn all of his duties. He was regarded as one of the best informed employees on personnel matters in the Bureau. Mr. Mohr had a great deal of confidence in his ability and he could very well assume and discharge more important positions in the Bureau. He had considerable executive and administrative ability which he endeavored to utilize to the best advantage of the Bureau at all times. Mr. Mohr was thoroughly satisfied with his work and felt that he was performing his duties in an outstanding manner.

His daily average overtime for March, 1955, was 2 hours 28 minutes.

He told of the methods and policy in the Bureau and his remarks were most stimulating and well received by the 200 people present. This letter was acknowledged by letter dated 10-3-55.

His daily average overtime for September, 1955, was 3 hours 29 minutes, and October, 1955, was 3 hours 09 minutes.

By letter dated 11-22-55 he was advised of his promotion to \$12,900 per annum in Grade GS-16, effective 12-4-55, and this promotion would remain in effect only for the duration of his present assignment as Personnel Officer in the Administrative Division.

On 11-25-55 the Director saw him when he called to thank the Director for his promotion to GS-16. The Director discussed with him some of the problems of the Bureau, particularly the necessity for more careful screening of our personnel, both clerical and investigative. The Director stated this should be emphasized in all conferences with Special Agents in Charge and at In-Service Schools because as the Bureau grew larger it was imperative that we keep to the minimum personnel headaches which could be avoided by careful evaluation of individuals before appointment.

His daily average overtime for November, 1955 was 3 hours and 11 minutes.

In a letter to the Director dated 12-14-55 he advised that in his opinion the current Semiannual Agents Conference at the Seat of Government would make the Director feel very, very proud. He advised he came away from the first session confident that those meritorious objectives to which the Director had daily devoted all his waking hours were closest to the hearts of the Director's top officials, and were receiving their concentrated attention as exemplified by their remarks to all of us. He stated that although incidents would undoubtedly continue to occur in this big and still human organization to make the Director and all of us sad at the time, he knew that such inspirational get-togethers as yesterday's conference would fortify everyone in his firm resolve to keep his sights clear and strive toward that perfection which has been the Director's target. By letter dated 12-14-55 the Director acknowledged this letter.

His daily average overtime for December, 1955 was 3 hours and 27 minutes.

By letter dated 1-12-56 he was COMMENDED for the splendid job he did as chairman of the FBI Employees Consolidated Charity Fund. He deserved a great deal of credit for the outstanding results attained in the 1955-56 campaign which were attributable to a great extent to his enthusiastic leadership and direction.

During an inspection of the Administrative Division in January, 1956 Assistant Director Tamm stated that he was extremely intelligent, hard working, interested and loyal.

His daily average overtime for January, 1956 was 2 hours and 53 minutes.

By memorandum dated 2-7-56 he submitted an explanation to Mr. Mohr as to why the material which Deputy Attorney General [redacted] requested 2-6-56 concerning the FBI Employees Consolidated Charity Plan was delayed in reaching the Director until the morning of 2-7-56. The material was in proposed final form and taken by him to Mr. Mohr's office the morning of 2-7-56. Mr. Mohr immediately reviewed it and suggested a change. These changes were made and the revised memorandum was approved by Mr. Mohr and personally taken by him to Mr. Nichols. Mr. Nichols suggested the inclusion of a brief reference to the opposition we had encountered with the March of Dimes Foundation. The revised memorandum, as finally approved, was completed at 10:45 A.M. Immediately thereafter Mr. Mohr and Mr. Nichols made final revision and initialed the material and after checking with Mr. Nease in Mr. Tolson's office, he immediately delivered it to [redacted] just before 11:05 A.M. He regretted the delay because he certainly realized fully the urgency of this assignment. He did think the suggested changes by Mr. Mohr and Mr. Nichols were extremely well taken and he wished he had thought of them so that the memorandum would have been in perfect form in the first place. Mr. Hoover noted on this memorandum "Badly handled H."

In a Letter to the Director dated 2-24-56 he stated that last evening at its monthly executive meeting, FBI American Legion Post No. 56 included him as a recipient of its Certificate of Appreciation for services to the Post, and among those enumerated by Commander DeLoach was the Bureau's beneficial veterans' counseling program. He stated this was indeed an honor which he would cherish. But he knew that whatever he had done in his position to merit this coveted recognition had been made possible only by the Director's genuine interest in the veteran which had inspired and nourished the beneficial policies carried out by Veterans' Counsellors W. E. Clark and T. J. Nally. This letter was acknowledged by the Director on 2-28-56.

His daily average overtime for February, 1956 was 2 hours and 29 minutes.

On 2-3-58 he was orally CENSURED by Mr. Mohr in connection with the lengthy interview of [redacted] [redacted] admitted in a signed

statement that she engaged in serious gossiping concerning matters undergoing inspection in the Identification Division. She submitted her voluntary resignation and was permitted to cease active duty pursuant thereto on 1-29-58. The Director's notations reflected, "There again we have procrastination and involved delay. I can't understand why it takes from 3:30 p.m. until 6:45 p.m. to take and transcribe a simple statement-over 3 hours." "We not only waste valuable time but place the FBI in an untenable position by not succinctly and expeditiously concluding interviews - both administrative and investigative in character." It is noted in connection with the above interview, [redacted] of Senator Olin Johnston's office made inquiry as to the reason for [redacted] resignation, she and her husband being personal friends of the [redacted] family.

On 2-19-58 he was COMMENDED for his highly exemplary attitude in reporting for work on 2-18-58 notwithstanding the extremely hazardous travel conditions resulting from a snow storm.

On 2-14-58 the Director saw Inspector Edwards who had recently completed an inspection of the Identification Division. The Director went over with Mr. Edwards some of the matters brought up in his inspection report and pointed out matters upon which the Director desired further information and some matters upon which the Director disagreed. The Director stated that he thought the Bureau should not wait for 90 days to make a recheck of the Identification Division, but that Mr. Edwards should plan to do this on 4-15. The Director also told Mr. Edwards that he (The Director) did not think the Bureau should wait until next September, as Mr. Edwards had recommended, to re-evaluate the quota for the Technical Section but that it should be done not later than June or July of this year. The Director told Mr. Edwards that if, upon the next check of the Identification Division, it was not found to be in completely good condition, the Director planned to then remove Mr. Trotter and Mr. Moore.

By letter dated 2-26-58 the Director advised [redacted] Senior Vice President, United Givers Fund, that he (The Director) would be pleased to make Mr. Edwards' services again available for the position to serve as a member of the Nominating Committee of the United Givers Fund for another year in the event his serving was approved by the Board of Directors.

Malone and Edwards that he wanted them to approach these inspections with complete objectivity and to exercise extreme penetrativeness in conducting them. The Director related some of the problems which had arisen in the Investigative Division, the Domestic Intelligence Division, and the Training and Inspection Division and stated that he wanted now to get the real run down on the actual functioning of the divisions at the Seat of Government similar to what a thorough physical examination would be of an individual.

By letter dated 9-12-58 he was promoted to the position of Inspector in Mr. Tolson's Office. He will report to Mr. Tolson's Office upon completion of his present inspection assignments.

The Director pointed out to him the heavy burdens and responsibilities attached to his new assignment and the necessity for him to be thoroughly objective and penetrative in all matters handled. He made an excellent personal appearance, seemed to be highly enthusiastic about his new assignment and he was considered above average. He conducted full inspections of the Philadelphia and Cincinnati Offices, as well as a recheck inspection of the Training and Inspection Division. He had both the ability to analyze the work of the division and to insure that effective controls were established. He was highly intelligent and had readily grasped the working operations of the division and obviously took great pride in striving to insure that the division's work was done in the best possible fashion. He was available and qualified for administrative advancement; however, it was felt that in view of the relatively short time that he had been assigned to that division that he should be continued in his present position. It was recommended he be continued in his present position.

By letter dated 6-29-62 he was CENSURED inasmuch as during the recent inspection it was noted that several incidents had occurred recently which pointed up the need for closer supervision of training matters under his jurisdiction. There had been some indication that the National Academy Associates were slipping away from the guidance of the Bureau and the failure to insure that a Bureau representative was appointed to a state police training commission was most disturbing. Furthermore, he was not aware of the unavailability or personal misconduct of a former firearms instructor nor had he detected a highly undesirable attitude on his part, which he exhibited when recently interviewed by a Bureau official. It was obvious that this man was not properly supervised or indoctrinated.

Memorandum from Assistant Director Tavel to Mr. Mohr dated 7-6-62 set forth the results of his inquiry into allegations that Former Inspector [redacted] and Sas [redacted] and [redacted] requested

retirement because of difficulties with Inspector H. L. Edwards. Assistant Director Sullivan had previously advised Mr. Clayton that SA [ ] had told him (Sullivan) that he was retiring because of conflicts with Edwards (incharge of the Training Section of the Training and Inspection Division); that [ ] had been unable to get certain recommendations past Edwards, and had become completely frustrated. Mr. Sullivan had also informed Mr. Clayton that one of Sullivan's assistants had indicated to Sullivan that former Inspector [ ] had some difficulty with Edwards and it was Sullivan's understanding that SA [ ] who recently requested retirement, had also indicated some conflict with Edwards. Mr. Tavel concluded from his inquiries into this matter that apparently Mr. Sullivan received a different impression from [ ] comments than [ ] intended to convey: that [ ] and Edwards denied any conflicts and [ ] and [ ] stated their retirement requests were based solely on personal reasons; that [ ] was satisfied with the handling of his ideas on the National Academy and stated there was no improper delay on the part of Edwards. The Director noted "I am not at all impressed with the penetrativeness of this inquiry. [ ] own statements indicate an unhealthy condition in Training & Inspection Division." [ ] indicated during the inquiry that he felt improvement could be made in the National Academy (NA) program; that while he was not certain he used the word "frustrated" he did tell Mr. Sullivan that the NA Desk was difficult due to his being new on the desk with little orientation and the fact that Inspector Edwards, during the greater portion of [ ] early assignment to the NA Desk was engaged on a special assignment out of the building and difficult to contact or consult.)

The Director saw him on 10-1-62, following his designation as #1 Man to the Assistant Director in charge of the newly established Inspection Division. The Director discussed with him certain matters which he had handled in connection with the American Bar Association and told him that he (Director) had been most dissatisfied with the manner in which the Training and Inspection Division had been operated and for that reason, decided to divide it into two different divisions, one handling training and one handling inspections. The Director did not like the situation which developed in connection with the speech made by President Satterfield of the American Bar Association at its annual

convention in Los Angeles last August. If Mr. Edwards had had proper contact with [redacted] it was believed it would have been possible for Edwards to have seen [redacted] speech before it was delivered.

As a result of a Basic and Within-Grade Increase, both effective 10-14-62, his salary was increased to \$19,500 per annum in Grade GS-17.

The various functions of the division were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE.....	EXCELLENT
DIVISION OPERATIONS.....	VERY GOOD
ADMINISTRATIVE OPERATIONS.....	VERY GOOD
PERSONNEL MATTERS.....	EXCELLENT
CONTACTS.....	GOOD

On 10-10-65 he received a Basic Salary Increase to \$25,325 per annum in Grade GS-13.

His daily average overtime for October, 2 hours 14 minutes; Noember, 3 hours 22 minutes; December, 1965, 2 hours 21 minutes.

By letter 1-31-66 he was COMMEDED for the outstanding attitude he exhibited in reporting for duty this date despite the extremely hazardous travel conditions.

His daily average overtime for January, 1966, was 2 hours 49 minutes.

On 2-10-66, the Director presented him with his Twenty-five-Year Service Award Key and Congratulatory Letter. A photograph of the occasion was taken and by letter dated 2-14-66, he expressed appreciation to the Director for taking time to present his Key and for the autographed photograph of the occasion.

His daily average overtime for February, 1966, was 2 hours 32 minutes.

By memorandum of 3-15-66, He reported a phone call he had received from Warren Hoge of "The Evening Star" asking his opinion regarding certain provisions of a proposed model code of prearrestment procedures being drafted by the American Law Institute Advisory Committee, of which Mr. Edwards was a member. Mr. Hoge was particularly interested in a provision authorizing a temporary on-the-spot detention of suspects and witnesses by police and another which provided "station house counsel" to be made available at the police station house for subjects who were arrested. Mr. Edwards furnished comments to Hoge regarding these proposed provisions. Mr. DeLoach commented, "I think calls from the Press should be handled by Mr. Wick's Office." Mr. Tolson noted, "Yes" and the Director commented, "I concur." Officials of FBI who serve on committees serve as FBI representatives & not as individuals. In order to avoid conflicting views all press inquiries should be handled by Wick."

By letters dated 3-17-66, he was CENSURED, PLACED ON PROBATION, DEMOTED from GS-17, \$25,325 per annum to GS-15, \$20,595 per annum, RELIEVED of his duties as #1 Man to the Assistant Director of the Inspection Division and ORDERED UNDER TRANSFER to Detroit as Assistant Special Agent in Charge. This action was taken inasmuch as he admitted furnishing information obtained by him at an Executives Conference meeting to an individual who was not entitled to receive this information. He further admitted that he took this action knowing full well that matters discussed at sessions of the Executives Conference were confidential. His demotion was effective this date and he was advised that while in a probationary status he would not be afforded any Within-Grade Increases to which he would be entitled.

On 3-18-66 the Director saw him and commented that Mr. Edwards was most contrite and apologetic over what had occurred and stated in advising Mr. Malone of the comments which had been made about him, Malone, at the Executives Conference, he had no idea of conveying gossip but merely to caution Mr. Malone about his contacts so that he would not be an embarrassment to the Bureau. After talking to him and strongly emphasizing to him that if there was any information to be conveyed to personnel of the Bureau as a result of discussions at the Executives Conference, the Director would take care of that and it was not his function to act as intermediary in such matters. The Director issued instructions that his demotion and

transfer be cancelled but that he be CONTINUED ON PROBATION for the time being.

By letter dated 3-18-66 he was advised that he was being restored to the position of #1 Man to the Assistant Director of the Inspection Division at GS-17, \$25,325 per annum.

By letter dated 3-25-66 he was CENSURED for his failure <sup>to submit</sup> a speech manuscript sufficiently in advance of the commitment to give reviewing officials ample time to make corrections or suggestions necessary and also it was found to contain numerous items which should not be used.

On 3-31-66 he was rated SATISFACTORY and comments reflected he was a most experienced Inspector and his wealth of experience made him extremely valuable as an Inspector. He had done an outstanding job in developing contacts and sources of information of immense value to the Bureau. He was interested in, available for and had excellent qualifications for administrative advancement.

His daily average overtime for March, 1966, 2' 54"; April, 2' 54"; May, 3' 1".

By letter dated 6-13-66 he was COMMENDED for the many services he performed in representing the Bureau at the Prosecuting Attorneys Seminar of the National District Attorneys Association.

In a memorandum to Mr. Tolson dated 6-22-66, Mr. Felt recommended that he be continued on probation for an additional 60-day period. Mr. Tolson noted, "Remove from probation." The Director agreed.

By letter dated 6-24-66, he was advised he was BEING REMOVED FROM PROBATION.

His daily average overtime for June, 1966, was 2 hours 56 minutes.

Effective 7-3-66, he received a Basic Increase to \$25,800 per annum in Grade GS-17.

His daily average overtime for July, 1966, was 7 hours 15 minutes.

By letter dated 8-24-66, he was COMMENDED for the splendid manner in which he represented the Bureau at the 89th Annual Meeting of the American Bar Association held in Montreal, Canada.

His daily average overtime for August, 1966, was 3 hours 22 minutes; September, 3 hours 25 minutes; October, 1 hour 40 minutes; November, 2 hours 17 minutes; December, 1 hour 37 minutes; January, 1967, 2 hours 1 minute; February, 4' 39".

By letter dated 2-10-67, the Director CONGRATULATED him on the occasion of his Twenty-sixth Anniversary in the FBI. He expressed appreciation for this congratulatory note in a letter to the Director dated 2-21-67.

On 3-21-67 he was transferred to the Legal Research Unit of the Training Division with no change in grade or salary. This change was made inasmuch as he spent from 50% to 80% of his time on liaison assignments with the American Bar Association, National Association of Attorneys General, National District Attorneys Association, National Conference of Bar Examiners and related matters which were not connected with the Inspection Division. Mr. Tolson felt that in the interest of more efficiency and continuity of direction on the Inspection Staff, he should be reassigned and be replaced with someone who could devote full attention to the work of the Inspection Staff.

On 3-31-67, his services were rated EXCELLENT with comments that during the rating period he had served as #1 Man in the Inspection Division and had effectively handled the Division in the absence of the Assistant Director. He was an experienced Inspector and had handled the more complicated inspection matters with a minimum of supervision. There were no restrictions on his availability and he was interested in and had excellent qualifications for administrative advancement.

His daily average overtime for March, 1967, was 3 hours 52 minutes; April, 6 hours 1 minute (worked 5 days); May, 2 hours 56 minutes; June, 2 hours 1 minute; July, 2 hours 13 minutes.

By letter dated 8-21-67, he was COMMENDED for the exemplary manner in which he handled himself while representing the Bureau in a liaison capacity at the American Bar Association's 90th Annual Meeting in Honolulu.

PERSONAL

Mr. H. Lynn Edwards  
Federal Bureau of Investigation  
Washington, D. C.

Dear Edwards:

It is indeed a pleasure to commend you for your excellent appearance before the 59th Annual Meeting of the National Association of Attorneys General in San Antonio, Texas, last month.

Your superb presentation on the status of the President's Anti-Crime Program was a highlight of the meeting and was most enthusiastically received. In addition, you set the record straight concerning recent misinterpretations of crime statistics and it was apparent, by the many favorable comments made, that all Attorneys General present were clear on the Bureau's position. The fine liaison you have effected with this association is a credit to you and I want you to know of my appreciation.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

As the Bureau is aware, the National Association of Attorneys General held its 59th Annual Meeting in San Antonio, Texas, from June 25 through June 30, 1965. Inspector EDWARDS of the Inspection Division represented the Bureau at this meeting.

At the invitation of WAGGONER CARR, Texas Attorney General, I had occasion to attend several sessions of this conference and met virtually every Attorney General present. Based upon remarks received from these delegates, it was apparent to me that Inspector EDWARDS has done an outstanding liaison job with this group. In addition to numerous complimentary comments concerning the Director and the Bureau, many Attorneys General, including the President of the Association JACK P. F. GREMILLION, Attorney General of Louisiana; CLARENCE A. H. MEYER, Attorney General of Nebraska, and J. JOSEPH NUGENT, Attorney General of Rhode Island, as well as others, had only the highest praise for Inspector EDWARDS and the work he has done with the Association.

On June 30, 1965, Inspector EDWARDS made an extremely fine presentation on the current status of the President's Anti-Crime Program. This was a highlight of the entire program and was most enthusiastically received. In addition, he forcefully set the record straight concerning recent variances by uninformed persons in the interpretation of crime statistics. Following his comments it was obvious that all Attorneys General present were entirely clear on the Bureau's position, including several who were apparently previously confused concerning conflicting statements by news media and others with regard to the rising crime rate.

I consider the excellent relationship between the National Association of Attorneys General and the Bureau largely attributable to 365 outstanding liaison effected and maintained by Inspector EDWARDS. This, plus his fine address before the Association, leads me to recommend that he be recognized with a letter of commendation.

SUBJECT: ANONYMOUS LETTER DATED 6-10-65 TO  
PRESIDENT JOHNSON POSTMARKED  
FORT WORTH, TEXAS, CONTAINING ALLEGATIONS  
AGAINST INSPECTOR H. L. EDWARDS AND OTHER  
BUREAU PERSONNEL

ROUTE IN  
ENVELOPE

b6

Anonymous letter writer, signing himself "A loyal, concerned Dallas FBI employee," by letter to President Johnson dated 6-10-65, postmarked Fort Worth, Texas, makes several allegations against Bureau personnel. Director stated, "Look into this promptly. I suspect someone in the Bureau here may be the author or is furnishing information to such ex-Agents as [ ] or [ ] The postmark Ft. Worth means nothing. H."

Allegation #1: That Inspector H. L. Edwards attended Attorneys General conference at Phoenix, Arizona; was found drunk in hotel room, was unable to deliver a speech; later same night was stopped for driving on wrong side of road and running through stop signs; and that ticket was fixed on instructions of high FBI officials in Washington. Facts: Almost identical allegations received in previous anonymous letter to Director dated 5-15-65 postmarked El Paso, Texas. My inquiry in Phoenix, as contained in my memo 5-24-65, reflected allegations were distorted exaggerations; indications were that Edwards delivered scheduled speech; was awakened next morning in hotel room, but no evidence he was drunk; received ticket for unlawful speed which was not "fixed" but is still on file in Phoenix Police Department; plea of guilty was entered by former SAC Edward Boyle and judge suspended sentence. Edwards was censured for failure to report traffic ticket. Allegation #2: Writer of present letter states above matter was recently brought to Director's attention by one who attended the conference and a top aide was sent to Phoenix where a whitewash was apparently administered as decision reportedly reached that Edwards was innocent and no administrative action was taken against him, certainly none approaching that rigidly required by FBI rules. Facts: This obviously refers to my inquiry. No "whitewash" was administered. I obtained signed statements from Bureau personnel, verified movements through #3 Cards, personally examined police records, interviewed hotel manager, police officers, judge, and others having knowledge of incident and presented full facts to Director, who approved censure for Edwards. Allegation #3: Edwards' conduct was covered for and not disclosed to Director at time it happened by Assistant Director James Gale, you (Mr. Mohr), and later by me (Tavel), and possibly SAC at Phoenix, who reportedly has just been promoted for his success in whitewashing

Edwards' conduct. Facts: Gale denies knowing of incident when it happened and no white-wash resulted. SAC William Soyars has been transferred from Phoenix to Cincinnati since my inquiry, with Director's approval, but his transfer had no relation to my inquiry. Allegation #4: That several years ago you (Mr. Mohr) were involved in drinking incident at Toots Shor's in New York but were covered for by associates, several of whom suffered severe administrative action including transfers. One "took the rap" for you, was broken from his high position, but is now reinstated in charge of large eastern office as reward for "taking rap" for you. Facts: On night of 5-8-57 SAC MacLennan, Pittsburgh Office, then ASAC at New York, had dinner with you and former SA [redacted] and non-Bureau personnel, and about 10:30 P.M. left the others and was stopped while driving personally owned car alone shortly thereafter going wrong way on one-way street and did not have auto registration with him. No charge was placed and officer said [redacted] was not under influence of alcohol. [redacted] did not immediately report incident and was censured, placed on probation, removed as ASAC, demoted to GS-13, and ordered under transfer to Kansas City but transfer was later canceled, and SA [redacted] Night Supervisor who knew of incident and did not report it, was censured and removed as Supervisor and Inspector's Aide. [redacted] has held several positions, including assistant to Mr. Belmont, after leaving New York and prior to his present assignment. Allegation #5: That you (Mr. Mohr) have also been involved in drunken escapades in other places, including Miami where you allegedly were arrested at one time, Chicago, Los Angeles, and Washington, D.C. Facts: You have denied this whole allegation categorically and have stated that you have never been arrested in Miami or elsewhere. Allegation #6: Your brother, Paul J. Mohr, reportedly had upwards of \$1,000 in bad checks out against him when he applied for Special Agent position and investigation had to be held up 3 times before you were able to cover this blemish. Facts: Paul Mohr applied as SA 9-8-51 and entered on duty 10-29-51, reflecting no delay in investigation. He listed \$557 of outstanding debts including \$300 loan from his [redacted] and \$160 to General Services Administration Credit Union where his credit was satisfactory. Credit agencies and police records checked reflected no credit difficulties or bad checks outstanding and he was earning \$3100 per annum. Paul denies allegation, states is outright lie, and that he never had any bad checks and didn't even have a checking account prior to his entering Bureau. Allegation #7: You (Mr. Mohr) are reportedly [redacted] alias [redacted] notorious east coast bookie and hoodlum operating out of Kingston, New York. Facts: You have advised that the mother of [redacted] is a distant relative of your mother's and you have had no significant contact with him. Bureau files reflect he was known as [redacted], is a professional handicapper, and had associates with bookies and gamblers in Kingston, New York; Cincinnati; and Newport, Kentucky, according to reports in 1953, 1960 and 1961.

Writer also criticizes Bureau's weight program and what he terms the Director's "destructive personnel policy." He suggests the President may wish to have [redacted] Chairman of Civil Service Commission, review recent instances of

administrative action in the FBI. He refers to Director's "reprehensible action" against 12 to 15 loyal FBI employees on Mr. Gale's recommendation in connection with the assassination of late President Kennedy including several in Dallas Office, one of whom, SA [ ] was suspended for a month and transferred to one of FBI's most dreaded disciplinary offices after already being disciplined regarding same matter. Facts: By memo 12-10-63 Gale recommended disciplinary action against 3 Dallas Agents and SAC Shanklin of Dallas; 2 New York Agents; 1 New Orleans Agent and former SAC Mayr<sup>b6</sup> of New Orleans; SAC Lynam of San Francisco; 4 Seat of Government Supervisors; 2 Section Chiefs; an Inspector; and Assistant Director Sullivan for derelictions relating to assassination of late President Kennedy. SA [ ] was censured and placed on<sup>b7C</sup> probation and recommended action against others was approved by Director. [ ] was suspended from 10-6 to 11-5-64 and placed on probation by letter of 10-5-64 and transferred to the Kansas City Office. Additional action was also taken at that time against several of the above-mentioned agents and several additional employees.

Mr. DeLoach advises that original of anonymous letter was destroyed after receipt at White House without President having seen it. Copy received by Bureau has been processed for latent fingerprints and typewriting comparisons and you will be promptly advised of results of efforts to identify the writer of this letter. The Laboratory advises that the poor carbon copy available does not contain the sharp detail normally necessary for typewriter identifications and the typing examination will be seriously handicapped without the original. The Laboratory is, however, undertaking such examination as can be made of the carbon copy and will cover this in a separate memo. No unidentified latent fingerprints were developed on the copy we received.

RECOMMENDATION:

Submitted for information. We will continue efforts to determine the identity of the writer of this letter.

PERSONAL

Mr. Lyndon B. Johnson  
President of the United States  
The White House  
Washington, D.C.

Dear Mr. Johnson:

It is with regret that I must bring to your attention a serious matter affecting our national security and involving the FBI. Some months ago one of FBI Director J. Edgar Hoover's top aides, Inspector H. Lynn Edwards, was sent by Hoover to represent him personally as a featured speaker in Phoenix, Arizona before a Socialist Attorney's convention attended by prominent people from numerous southwestern states. When the time came for Edwards to speak, he could not be found. Inquiry by the head of the FBI Office there revealed Edwards was drunk in his hotel room and the manager thought he was dead. He was revived, however, someone else made his speech much to the embarrassment of those who knew what transpired.

Not content to let well enough alone, Edwards the same night got drunk again and was driving his car in Phoenix when stopped by a police officer for driving on the wrong side of the road and running through stop signs. On instructions by high FBI officials in Washington, the ticket was fixed to the annoyance of the Phoenix Police Department, and Edwards was allowed to return to Washington without prosecution.

ENCLOSURE

Page Two.

Finally, when it became painfully clear that nothing would ever be done about this matter, it was recently brought to the attention of J. Edgar Hoover and Attorney General Katzenbach by one who attended the conference and knew of the disgraceful misconduct of Edwards. Usually a situation of this type results in the immediate dismissal of any government official under the terms of President Eisenhower's Executive Order 10450, issued April 27, 1953, prescribing rigid security requirements for government employment. The overall criterion was that any person whose employment was not clearly consistent with the national interest should be barred from federal service. The term "security risk" was redefined to include heavy drinkers, loose talkers, sex perverts, persons judged unreliable, untrustworthy or immoral, and persons previously convicted of felonies or misdemeanors.

In addition, FBI rules of conduct are most stringent in matters of such flagrant misbehavior and demand the immediate dismissal of any employee found to have been engaged in such conduct. It appears the rules were waived in Edwards' case for some unknown reasons.

It is understood that as soon as Hoover received the recent communication telling of Edwards' disaffection, he promptly dispatched another top aide to Mexico to look into the situation. A whitewash apparently was most skillfully administered, as the decision reportedly was reached that Edwards was innocent of the serious allegations commonly known to dozens of people to be true, and no administrative action was taken against Edwards, certainly none approaching that rigidly required by FBI rules of conduct or Executive Order 10450.

It would take the connivance of a number of high FBI officials to cover this situation so skillfully

Page Three.

for Edwards, who is known for many years by many fellow employees to be an extremely heavy drinker if not an alcoholic. Edwards' conduct was undoubtedly covered for and not disclosed to Hoover at the time it happened by his immediate superior, James H. Cole, an Assistant Director; by John V. Mohr, an Assistant to the Director; and later by the high ranking official who has just completed an inquiry into the matter; and possibly the agent in charge of the Machine Office who reportedly has just been promoted for his outstanding success in helping to administer a coat of whitewash to Edwards' most reprehensible conduct.

John V. Mohr, incidentally is one of the Big Five in the FBI hierarchy and is a well-known heavy drinker, probably an alcoholic. Several years ago he was involved in a drunken scene in Toots Choe's Bar in New York City but was covered for by his associates, several of whom suffered severe administrative action including transfers. One took the rap especially for Mohr, was broken from his high position but is now reinstated in charge of one of our large eastern FBI offices in payment for services rendered in taking the rap for Mohr. That official also has a long history of heavy drinking, well known to FBI headquarters.

Mohr has also been involved in drunken escapades in other places including Miami, where he allegedly was arrested at one time, Chicago, Los Angeles and Washington, D.C., and his associates have been hard pressed to keep him from being arrested at other times as a common drunk. Mohr also has a brother who is an FBI official and who reportedly had upwards of \$1,000 in bad checks out against him when he applied for the position of Special Agent in the FBI several years ago. Investigation had to be held up three times before Mohr was able to cover this terrible blemish against his brother's record, one that would quickly eliminate any other agent applicant. His brother then easily got the job which ordinarily calls for fidelity, bravery, integrity and character. Mohr also reportedly is

in a notorious east coast bookie and mollum operating out of Kingston, New York, but this damaging association has never interfered with his dazzling ascent to the

b6  
b7c

Page Four.

ALI's administrative heights and rumored to be the next FBI Director.

Mohr and Edwards, close friends, also have been among the prime partners of Hoover's weight program resulting in dozens of agents being run out of the FBI or to suffer many transfers or loss of income because of their inability to meet the FBI's rigid and unrealistic weight limits. Mohr has never bothered to make and it is doubtful if Hoover and Edwards can make. This has now stopped him from inflicting untold hardships on hundreds of innocent members of FBI Agents' families and in actually undermining the health and well-being of many agent personnel.

This letter is being written to you, Mr. President, because you are the one loyal, unswerving, powerful American who can correct this situation. No Attorney General in the past has ever questioned Hoover's destructive personnel policy or questioned his cover-ups for intimate aides who have flouted the rules of decent conduct. Other prominent FBI officials have reached retirement age although alcoholics and the Edwards situation isn't particularly important except for the following reasons:

1. He should be fired as a security risk just as surely as you were forced to fire Walter Jenkins, because of Edwards' extremely sensitive responsibilities involving our national security.

2. He not only was in violation of local laws but was in violation of one of the FBI's strictest rules against drinking on the job, and in this instance at great embarrassment to the FBI in Phoenix and in the entire southwest among a most important group of law enforcement representatives.

3. This situation points up the sad possibility that Hoover is not being told the truth by his top aides. I feel sure he would have fired Edwards at the time of the incident or recently if he had been told the whole truth about the matter.

Page Five.

For these reasons and because this situation engulfs into a belchable hot chamber for your administration, hundreds of FBI employees who know of this shameful cover-up of Edward's misconduct which is a scandal to us all, will welcome your personal inquiry into the matter. You might like to have Mr. John W. Macy, Jr., Chairman of the United States Civil Service Commission, look into this matter and make a survey of the last several hundred instances of administrative action taken by Hoover or his personnel. Such a review with unbiased approach will reveal unbelievable action taken, involving many needless transfers at great cost to the taxpayers, firings, demotions, forced retirements, etc.

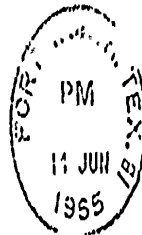

Among the most disgraceful to be noted within the past year or so will be Hoover's reprehensible action taken against twelve to fifteen loyal FBI employees whom he decided to blame, at the recommendation of Assistant Director Gale, for action contributing to the assassination of the late President Kennedy, thereby hoping to relieve himself of the criticisms of the Warren Commission. Several in our Dallas office were dealt with severely. One of the most heart-breaking cases involved Agent James Hosty, young father of eight children, one suffering from cerebral palsy, his wife pregnant, who was suspended without pay for a month and transferred to one of the FBI's most dreaded disciplinary offices. This action reportedly followed disciplinary action already taken against this agent regarding the same matter.

Many of us think the time has come for a quiet look at the Edwards case, the factors involved, as well as the over-all vain and personnel policy of the FBI before it becomes necessary for a congressional committee or the news media to undertake the task at great embarrassment to your outstanding administration. You are the one man in America who can correct this situation in our great organization which we think is contributing much to the national security and which can ill afford even one of the Edwards type in its midst.

Sincerely yours,

A loyal, concerned Dallas  
FBI employee

ANONYMOUS TYPEWRITTEN LETTER TO  
THE PRESIDENT, COPY TO DIRECTOR  
IN ENVELOPE POSTMARKED FORT WORTH,  
TEXAS, PM, JUNE 11, 1965

The typewritten letter addressed to the President, a carbon copy of which was sent to the Director, has been examined in the FBI Laboratory.

The letter was prepared on a typewriter equipped with Remington Pica style of type. The poor copy available does not contain the sharp detail normally necessary for typewriter identification. The typewriting on the letter is different from the typewriting on other anonymous letters received in the Bureau. No indented writing was found on the letter. b6  
b7C

The postage stamps on the envelope were torn from a booklet of stamps. The stationery is a product of the Eaton Paper Corporation, Pittsfield, Massachusetts. The one latent fingerprint developed on the letter has been identified as that of a Bureau employee who opened the letter in the Records Section. The letter, together with photographs of same, is attached.

It is noted that the word "embarassing" appearing in the anonymous letter was consistently misspelled. Typewriting in the recent sections of the personnel files of the following Agents was compared with typewriting on the anonymous letter and no identification was made with the typing on the anonymous letter:

This memorandum is submitted with reference to my name having appeared in the captioned case which refers to an incident undoubtedly identical with a situation which I will relate. b6  
b7C

In the first place I wish to emphasize the fact that there was no impersonation, there was no reason known to me why Alexandria Police Office [redacted] would have any motivation for reporting this incident unless it might have been in an effort to make conversation with one of our Alexandria, Virginia, Resident Agents or to brag about the fact that he had encountered an alleged FBI Inspector on his tour of duty 3/11/65. The fact of the matter is that the officer is off base on practically all of his facts, including the time of his conversation with me, the make and color of my car, my name, and the color of the car being driven by [redacted]. Admittedly, he considered the matter at the time as of no official consequence for he made no record whatsoever of license numbers, names of individuals, and he approached my car alone, leaving his cruiser car and the other officer parked in it on a parking lot completely away from the intersection. He does not even accurately report the conversation which occurred. To the contrary, even though there was no reason for me to remember this incident, I do have a clear-cut and accurate recollection of it which I am sure will be completely understandable and proper. In order to understand the situation, it is essential to realize the relationship among the three parties involved, namely [redacted] and myself.

One point not appearing in the Bureau's information is the fact that [redacted] was regularly dating [redacted] both [redacted] and [redacted] being divorcees. It was through my close friendship with [redacted] over a period of the past 15 years that I met [redacted] and the only times I have been in her apartment have been with [redacted] two young daughters, her mother, her brother, her neighbor [redacted] and the latter's children. I have never eaten a meal at [redacted] apartment. The only occasions I have been there have been on specific non-social instances numbering a few, such as to meet [redacted] to make the acquaintance of her brother who was interested in discussing possible employment with the Bureau on his discharge from the Air Force, and on one occasion when [redacted] child was killed in an automobile accident and [redacted] was critically injured and [redacted] was keeping the surviving youngster and had several problems in connection with the funeral of [redacted]. 3/25

deceased daughter.

[redacted] is a former Bureau employee whom I have known as a friend for at least the past 15 years. Since his resignation from the Bureau he has been in private business in Washington. His former wife is also a former Bureau employee. They have two sons and as an indication of the friendship between us the second son was named after me. Approximately 18 months ago [redacted] invited me to lunch at the Knife and Fork Restaurant, 1824 M Street, N.W., telling me that he wanted me to meet a young lady whom he hoped eventually to marry. It was at this luncheon that I was introduced by [redacted] who was going under the name of [redacted] her maiden name. She was then a [redacted] at the Cafe Lounge, 1359 Connecticut Avenue, N.W., but I had never been there and [redacted] is mistaken in her statement that I met her there. She was also the regular [redacted] at the Trinity Presbyterian Church in Alexandria and a member of the church choir. I saw her subsequently on infrequent occasions with [redacted]. She later left the Cafe Lounge and [redacted] at the Old Angus Restaurant, 1615 Rhode Island Avenue, N.W., and subsequently at the Olympic Inn, 1112 20th Street, N.W. [redacted] and I have seen [redacted] at the Olympic Inn and on a couple of occasions [redacted] and her escort have been in the company of [redacted] and myself at group social functions, including the Blue Room at the Shoreham Hotel and the Rotunda Restaurant.

When [redacted] met [redacted] she was legally separated from her husband, a U. S. Marine [redacted]. He regularly visited her and the two children at least once a week. [redacted] informed me that the divorce became final about one year ago and [redacted] entertained hopes of marrying [redacted]. However, he did experience intermittent problems in their relationship because of her working schedule which tied her up almost every night and also the fact that [redacted] was having some financial problems in connection with his own marital situation. I learned of these merely through my friendship with both of these people and merely mention this because [redacted] alleged that I indicated to [redacted] that I "was trying to fix up a love affair between the passenger [redacted] and the girl in the Dodge [redacted]". I am certain I didn't tell [redacted] this because that wasn't in the picture so far as I was concerned on the night of 3/11/65, but [redacted] may have told this to the officer in the conversation he had with him after I departed from the scene.

[redacted] is currently a summer student at Madison College, Harrisonburg, Virginia. The situation with this is that she had gone to Madison College a number of years ago but lacked about one semester of completing her degree in music. She had the desire to pursue a career in teaching piano and consequently, after attending day school for the past year at the University of Virginia Extension in Arlington, she found that by completing about 13 hours of additional work at Madison, she could get her degree. She is approximately [redacted] years old, not [redacted] as Officer [redacted] described her.

Memo for Mr. Felt

Re: Unsub, aka (FNU) Howard; Impersonation

As [redacted] stated, I have arranged special tours at the FBI on her behalf. The people involved have included her and her mother, a friend of hers from Chicago and her brother who was on furlough from an Air Force assignment somewhere in Maine or Massachusetts. On one occasion I took some literature concerning careers in the FBI out to her apartment at her request and gave it to her brother.

Regarding the incident reported by Officer [redacted] the facts are as follows: On the night of Wednesday, March 10, 1965, I attended the American Bar Association reception for members of Congress at the Statler Hotel, which was scheduled from 6:00 PM to 10:00 PM. [redacted] contacted me that afternoon in the office and advised me that he had a problem which involved his appearance in court on the morning of March 11, 1965, at Luray, Virginia, to answer a traffic summons. He wished to discuss certain aspects of this with me. I told him that I could see him briefly at the Statler Hotel prior to the American Bar Association reception. He met me in the lobby there but we had inadequate time to discuss his problem since I had to depart for the reception and consequently he asked me if I could meet him for dinner at the Olympic Inn following the reception. I told him I would make an effort to do so but I did not know how long I would be tied up with American Bar Association officials. I left the American Bar Association officials following the reception at approximately 10:45 PM, and drove to the Olympic Inn where [redacted] was waiting for me. He and I had dinner there. [redacted] was working that night and when [redacted] and I completed dinner and our discussion, it was about 12:15 AM. [redacted] had just finished working. [redacted] did not have his car. I told him I would drop him off at his home, which was almost directly en route to my home, but in the meantime I told him that we would have [redacted] follow us in her car and make certain that she got safely home. Her apartment is also directly along the route I would normally take. This was agreeable to everyone concerned except that since [redacted] had not had an opportunity to eat during her evening's work, [redacted] proposed that we stop for a cup of coffee and a bite to eat for her at the Toddle House on Columbia Pike, which he indicated was open all night and which was directly along the route we would take. We did this. [redacted] and I had coffee. [redacted] had coffee and, as I recall, something to eat, and I would estimate that we finished at the Toddle House no later than 1:15 AM. [redacted] got back into my car, [redacted] was driving her car, and I asked her to follow us and we drove down Glebe Road from Columbia Pike, turned at the first signal light onto Walter Reed Drive and proceeded across Route 7 (known as King Street, Alexandria) onto Beauregard Street, which is what Walter Reed Drive becomes on the other side of King Street. This is known as the Claremont Shopping Intersection and the very first turn to the right off Beauregard leads into Larchmont Village, which is the apartment development where

Re: Unsub, aka (FNU) Howard; Impersonation

[redacted] apartment is located. As we were proceeding on Walter Reed Drive, [redacted] suddenly indicated that it wouldn't do me any good to drop him off at his home because he would need his car to proceed to Luray early that morning to keep his court appointment and he had parked his car in his office parking garage in the vicinity of 18th and I Streets, N.W. I told him that I would be glad to run him down to get his car after we saw [redacted] safely home but he insisted this would be an imposition since the next day was a working day and, therefore, he insisted on my stopping as soon as we crossed Route 7 onto Beauregard so that he could call a cab at a pay phone which was located outside the Texaco Gas Station at the intersection. I stopped my car and as I continued to tell him that I would be glad to run him down to get his car, I noticed a police cruiser car parked in the Claremont Drugstore parking lot which was directly off Beauregard on my left. Two officers were sitting in the cruiser. One of the officers got out of the cruiser and sauntered across the parking lot and across Beauregard and approached me. I lowered the window on my side. The officer was a young man. He asked to see my operator's permit. I reached into my hip pocket and pulled my wallet out and as I was proceeding to extract my operator's permit I asked the officer if he would be good enough to tell me the reason for his request inasmuch as we were obviously stopped, engaged in conversation, parked safely on the side of the road, and not violating any traffic regulations to my knowledge. The officer indicated there was no special reason except that he wanted to check my license and he wondered why we were stopped and apparently thought it unusual because [redacted] had stopped behind us. I exhibited my license to the officer and merely told him that [redacted] and I were conversing and that he wanted to use the pay phone to call a cab. At this point [redacted] got out of my car and indicated that he didn't want to detain me any longer and that he was going through with his intention of phoning for a cab. The officer seemed to have completed his business with me and I told [redacted] that I would proceed on home since I felt [redacted] would now have no difficulty in getting to her apartment safely and [redacted] was going to get a cab. I wished [redacted] good luck on his court appearance the next day and told him I would be interested in learning how he made out. I then proceeded up Beauregard Street and went directly home. I thought no more about this matter because obviously there had been no problem with the officer and this is the first I have had occasion even to recall it. In fact, in subsequent conversations with [redacted] and [redacted] the matter was never mentioned, which is another indication that none of us felt there was any problem.

I did not at any time indicate to the officer my connection with the Bureau and I note the officer confirms this. He indicates [redacted] told the officer after I departed that I was an Inspector for the FBI. I don't know why he should have told the officer this because the officer indicates that there was no problem with [redacted] that he did not even obtain [redacted] name, and that the officer radioed for a taxi for [redacted]. The officer states he believed my name was [redacted].

Memo for Mr. Felt

Re: Unsub, aka (FNU) Howard, Impersonation

Howard. The only explanation I can give for this is that my operator's permit shows my full name of Howard Lynn Edwards. The officer was wrong in describing my car as a Pontiac. It is a 1955 Oldsmobile. He described it as having a blue bottom and with a lighter blue or cream top. It does have a dark blue color with a light blue trim. The officer described [redacted] car as a yellow Dodge. It is a Dodge but it is two-tone green -- dark green with light green trim. ,

Officer [redacted] related to the Alexandria Resident Agent that the reason he walked over to my car was that "he was suspicious." This certainly seems strange because he left the other officer in the cruiser and he certainly didn't approach me in any more than a casual manner. He states that I "obviously had been drinking but was not drunk." I wish to emphasize the fact that I thoroughly agree with the officer's statement that I was not drunk because the fact of the matter is that I had had only two highballs about four hours earlier at the reception and had only one cocktail at the Olympic Inn prior to eating a full course steak dinner. [redacted] had had nothing to drink and [redacted] had one cocktail at the Olympic Inn with me and there was no evidence that he had had anything prior to my meeting him there. Here again the officer is inaccurate in indicating even that I "obviously had been drinking" because I would be willing to challenge him on just what gave him that impression. I was not asked to get out of the car and did not get out. The only thing I did was what I feel was completely reasonable and proper on my part, namely to ask him courteously when he requested to see my operator's permit as to just what he was concerned about, for he hadn't stopped me and my driving had been completely in accord with all traffic regulations. As indicated above, he was wrong in so many of his statements as to the basic facts about the automobiles that I would certainly question his judgment on a question of whether I had been "obviously drinking." b6 b7C

Finally, the officer is flagrantly wrong on his estimate of the time. I am positive it couldn't have taken more than 15 minutes from the time we left the Toddle House until we stopped on Beauregard Street and as indicated above my judgment of our departure from the Toddle House was 1:15 AM and this was based on my certain knowledge as to the approximate time we left the Olympic Inn and my knowledge of how long it would take to go directly from the Olympic Inn to the Toddle House. It is ridiculous to think that we sat in the Toddle House for two hours or more because there was nothing that would have kept us there that length of time. I know positively that we did not delay or divert from our course between the Toddle House and the stop on Beauregard Street. I note that [redacted] estimates the time at 1:30 AM and she is certainly in an excellent position to make that estimate. I am at a complete loss to understand why officer [redacted] would have even made any mention of this completely innocent and proper incident to our Resident Agent, and why he couldn't have been at least correct on his facts because, as clearly shown, a number of b6 b7C

Re: Unsub, aka (FNU) Howard, Impersonation

facts which are capable of being established (make and color of car, etc.) show he was completely in error.

I respectfully contend that my actions were completely proper throughout this entire incident.

The purpose of this memorandum is to advise that Inspector Edwards has been identified as being identical with the unknown subject of an Impersonation case opened in the Richmond Office on the basis of information received 3/12/65 from [redacted] Alexandria, Virginia, Police Department.

By way of background [redacted] reported to our Alexandria, Virginia, Resident Agency Office that on 3/11/65 at approximately 3:30 a.m. he and another officer in a patrol car observed a 1955 or 1956 Pontiac occupied by two white males stop in the middle of Beauregard Street and shortly thereafter a yellow Dodge being driven by a white female pulled up in back of the Pontiac. [redacted] said he was suspicious and walked over to the driver of the Pontiac who obviously had been drinking, but was not drunk. He asked for the driver's identification and in turn was asked on what authority he based his action since no law was being violated. The driver of the Pontiac exhibited his operator's permit which he believes was issued in Virginia. [redacted] made no record of this inquiry but believes the man's last name was Howard. After a short conversation ensued, the passenger in the Pontiac got out of the car and requested the patrolman to call a taxicab for him. In the meantime, the driver of the Pontiac drove off. The passenger who was in the Pontiac later told [redacted] that the driver of the Pontiac was an Inspector for the FBI. [redacted] briefly talked to the female who was driving the Dodge and she stated she [redacted] at the Olympic Club in Washington, D. C. [redacted] stated that no charges were placed against anyone and that the driver of the Pontiac told him that he was trying to fix up a love affair between his passenger and the girl in the Dodge. On the basis of this information, an Impersonation case was opened by the Richmond Office.

understand since there was no disorderliness or drinking involved. A former neighbor of [ ] has been interviewed and advised she is acquainted with [ ] and understands that she, [ ] is a friend of both Mr. and Mrs. Edwards.

Inspector Edwards has furnished a detailed memorandum advising that on 3/10/65 he attended the American Bar Association reception for members of Congress at the Statler Hotel. [ ] whom he has known as a close friend for the past 15 years, contacted Edwards earlier that afternoon stating he [ ] was to appear in court on the morning of 3/11/65 to answer a traffic summons and wanted to discuss certain aspects of this with Edwards. Edwards met [ ] briefly at the Statler Hotel prior to the reception but there was inadequate time to discuss the problem since Edwards had to depart for the reception. Edwards agreed to meet [ ] for dinner at the Olympic Inn following the reception if at all possible. Edwards did meet [ ] at the Olympic Inn where they had dinner and completed their discussion at about 12:15 a.m. (It is noted that [ ] is a former Bureau employee who EOD [ ] and resigned [ ]. He was an [ ] in the Administrative Division at the time of his resignation.) Edwards explains that he first met [ ] through [ ] had been dating [ ] for some time and entertained hopes of marrying her. Following his discussion with [ ] at the Olympic Inn, Edwards agreed to drive [ ] by his residence since [ ] did not have his car. [ ] followed Edwards and [ ] in her car since she lived in an apartment which was on the way to [ ] and they wanted to see her home safely. En route, they stopped at a restaurant since [ ] had not had an opportunity to eat during her evening's work. They departed the restaurant at approximately 1:15 a.m. and en route to [ ] residence, [ ] decided to return to his office for his car since he would need it early the following morning. It was at this point that Edwards stopped his car on Beauregard Street so [ ] could use the pay phone since he insisted that it was not necessary for Edwards to drive him back to the office. Edwards advises that after stopping his car, he noticed a police cruiser car parked across the street and shortly thereafter, one of the officers got out and approached Edwards' car. The officer requested to see Edwards' operator's permit. Edwards asked the officer if he would be good enough to advise him of the reason for this request since they were parked safely on the side of the road and not violating any traffic regulations. The officer indicated there was no special reason except he wanted to check Edwards' license. According to Edwards, [ ] then got out of the car to call for a taxicab and since the officer seemed to have completed his business with him, Edwards, [ ] he then drove off and went directly home.

In answer to the officer's statement that the driver of the Pontiac obviously had been drinking but was not drunk, Inspector Edwards states that he had two highballs approximately four hours earlier at the reception and had only one cocktail at the Olympic Inn prior to eating a full course steak dinner. In regard to his association with [ ] Inspector Edwards relates that he has seen her on infrequent occasions with [ ]. Also, Inspector Edwards related that he and his wife have seen [ ].

Inspector Edwards advised that on one occasion he took some literature concerning careers in the FBI to [redacted] apartment at her request and gave this literature to her brother. Inspector Edwards submits that his actions were completely proper throughout this entire incident. b6 b7C

OBSERVATIONS AND RECOMMENDATION:

There is certainly no violation of the Impersonation Statute. The Richmond Office opened an Impersonation case based on sketchy information furnished by [redacted] after he was informed by [redacted] that the driver of the Pontiac was an Inspector of the FBI. Tankersley did not do this in the presence of Inspector Edwards nor could Edwards explain why [redacted] made this casual remark to the patrolman. This case was opened to determine if someone was making false pretenses of being an FBI Inspector. b6 b7C

[redacted] advised that he questioned the driver of the Pontiac at approximately 3:30 a.m., however, Inspector Edwards relates that it was no later than 1:30 a.m. which is corroborated by [redacted]. The patrolman observed that the driver of the car had been drinking but was not drunk. Inspector Edwards states he had two highballs approximately four hours earlier at the reception and one cocktail before eating a full course steak dinner. It is reasonable to assume that had the officer attached any particular significance to this situation he would have made it a matter of record.

In the absence of any established misconduct on the part of Inspector Edwards and since Edwards was not aware that an Impersonation case was being investigated based on [redacted] statement to the patrolman, it is felt that no further action should be taken.

As previously approved, I will attend the captioned meeting. Normally it is necessary to be assisted at the Annual Meeting by an alternate because of the size and activities of the Annual Meeting and especially because of overlaps and conflicts in the essential committee meetings and programs. Special Agent Supervisor [redacted] was the last alternate and he has since been reassigned from the Permanent Aide position in the Inspection Division to the Domestic Intelligence Division.

b6

I have now received a partial schedule of meetings and note that there is a conflict on Saturday, August 7, and Sunday, August 8, between two essential groups. These are the Standing Committee on Education Against Communism, of which I am a member, and the Criminal Law Section, of which I am an officer. Normally, it would be possible to have assistance from the local field office in covering programs where there is a conflict but in this particular case, the only people eligible to handle these Saturday and Sunday meetings would be myself and [redacted]. Through prior arrangements, [redacted] has been cleared by the Chairman of the Standing Committee on Education Against Communism to attend committee meetings in view of his specialized knowledge. The purpose of this memorandum is to obtain authority to make limited use of [redacted] in helping me cover these meetings on Saturday and Sunday, August 7 and 8. [redacted] would be able to complete any work arising from this coverage on Monday, 8-9-65, and thereafter he could return to the Seat of Government. Assistant Director Sullivan is agreeable to making [redacted] available in view of the essential nature of this committee's work. Any remaining overlaps in coverage during the week of 8-9-65 will be handled by me through the assistance of agents in the Miami Office.

b6

RECOMMENDATION: That the limited use in the coverage of this meeting by [redacted] be approved. If approved, this memorandum should be returned to the Inspection Division for necessary action.

He said there was some conversation back and forth, and the man showed him his operator's permit, which he believed was issued in Virginia. One Charles Center

My dear Mr. Attorney General:

I have received your letter of August 2, 1965, and I am most appreciative of your generous comments concerning the paper given by Inspector H. Lynn Edwards.

In Uniform Crime Reports we make a general collection of court dispositions. You will be able to locate this data in Tables 11 and 12 on page 101 of your 1964 copy of Uniform Crime Reports.

National court statistics as such do not exist. The Bureau of the Census endeavored to make such a collection but had to abandon the project in the middle 1940's due to lack of cooperation by local courts in the several states. A few states do, at the present time, publish to a certain extent court statistics but, for the most part, these are incomplete.

As indicated in Table 12, police solve 24 percent of the known offenses. When we use the data set forth in this table, we find on a national basis that for each 100 offenses which become known about 23 persons are arrested in connection with the 24 solutions. Nineteen of the arrested persons are then formally charged in a court of jurisdiction. Of these 19 people charged, 9 would have been juveniles who were referred to the juvenile authorities. Of the remaining 10 persons, 6 would be found guilty as charged, 1 guilty of a lesser offense and 3 acquitted or the charges dismissed.

I hope the above information will be of use to you and if I can be of further assistance, do not hesitate to communicate with me.

Sincerely yours,

Dear Mr. Hoover:

I wish to thank you for your most enlightening letter of July 16, 1965. I am also indebted to you for sending me the May issue of the "Law Enforcement Bulletin".

I might add that Inspector H. Lynn Edwards gave a very excellent paper at the Attorneys General Conference which was well received. There is only one additional query which I would pose and that is whether the uniform crime reports are, at any time, adjusted to accommodate for actual convictions. Arrests, of course, give the beginning of the picture and convictions give the conclusion.

I am sure that over the years there has been some pattern established which correlates the percentage of convictions to arrests and I would be interested in any data which you might have in general on this point.

I am not being contentious in this proposal, but I am merely being the devil's advocate because I have similar questions thrown at me. I assume that every official concerned with law enforcement draws heavily upon articles and bulletins emanating from the FBI in preparing and delivering talks on crime and society, and it is at such times that some of these questions are asked of me.

Again, it was very thoughtful of you to take time from your busy schedule to favor me with your letter and I am truly in accord and in sympathy with the great job you are doing and the many problems which fall upon your shoulders.

With kind regards, I remain

[redacted] On 3/11/65, Alexandria, Virginia Police Officer questioned the driver of a 1955 or 1956 Pontiac concerning a minor traffic problem in Alexandria. The officer believed his name was Mr. (FNU) HOWARD. The driver thereafter left the scene and a male passenger departed from this car; no citations were issued. Officer [redacted] interviewed the passenger whose name he did not obtain and at the passenger's request, courteously radioed for a taxi. The passenger told the officer the driver of the Pontiac was an inspector for the FBI. A female who drove up behind the Pontiac and appeared to be known to the Pontiac passengers, identified herself as a piano player at the Olympic Club in Washington, D. C.

Subsequent interview with Alexandria, Virginia PD Officer [redacted] determined he was with Officer [redacted] on 3/11/65, but was not in his company at the time the Pontiac driver was identified as an FBI Inspector. He could provide no additional identifying information regarding the drivers of either of the above vehicles.

Efforts to locate the unknown female in the second vehicle resulted in WFO identifying a [redacted] in the Penelope Room of the Olympic Inn at 1112 - 20th Street, NW, Washington, D. C., with a reported home address of [redacted] in Alexandria, Virginia.

This is to advise that at 4:12 p.m., 9-27-65, I received a traffic ticket for entering a street after 4:00 p.m., which is posted "Do Not Enter After 4:00 p.m." Facts are that I was driving my personally owned automobile and returning to the office following a doctor's appointment and picking up a prescription at the drugstore. I was proceeding on South Glebe Road and turned off South Glebe onto South 26th Street which would have taken me on to Army-Navy Drive en route to the office. South 26th Street is one of those which is posted "Do Not Enter 7:30 - 9:00 a.m. and 4:00 - 6:00 p.m."

I did not note that it was a few minutes after 4, but as soon as I entered this cross street I noted two cars stopped in front of me and the drivers were being checked by two individual Arlington County Traffic Officers. One of them came back to me, asked for my operators permit and ownership card which I handed him. He walked over with them to his cruiser car which was parked in the parking alcove of the Arna Valley Apartments development which bounds this street. He proceeded to write out a traffic ticket and gave it to me when he returned my cards.

Inasmuch as this is a technical violation, I have no basis for questioning it and will report to the Traffic Violations Bureau and pay whatever fine is involved. This is not one of the offenses for which one must stand trial.

I regret that this occurred and I am sorry I failed to take account of the fact that the two-way aspect of the street went off a few minutes before I entered it.

ASSISTANT DIRECTOR FELT: 2 This personnel write-up is submitted at the request of Assistant Director Tavel.

Mr. Edwards makes an excellent initial impression. He has an engaging personality and has been particularly effective in handling liaison assignments and other contacts for the Bureau.

As Number One Man Mr. Edwards acts fully in my absence and I have complete confidence in his ability to handle any matters relating to the division. He is responsible for liaison with the American Bar Association, the National Association of Attorneys General and the National District Attorneys Association. He has been appointed as a Bureau representative to the National Law Observance Committee of the Federal Bar Association and he serves on other committees which are directly or indirectly related to his liaison responsibilities. These assignments take approximately 50% of Mr. Edwards' time. I have had occasion to attend functions of these organizations when they were in Washington and also I attended for Mr. Edwards the Inter-American Bar Association convention in May of this year. In this way I had occasion to note the significance of these liaison responsibilities and also to observe the high regard in which the Bureau and Mr. Edwards are held by officials of these organizations.

When not engaged in liaison assignments Mr. Edwards is assigned to the more involved inspections, which he handles in an excellent fashion. He is thorough, penetrative and he has an outstanding knowledge of Bureau procedures and policies.

By letter dated May 26, 1965, Mr. Edwards was censured for failure to advise the Bureau of a traffic citation which he received in Phoenix, Arizona. By letter dated July 8, 1965, he was commended for his superb presentation before the annual convention of the National Association of Attorneys General. By letter dated August 23, 1965, he was similarly commended for his excellent work in stimulating the interest of the American Bar Association in the threats of communist and in crime prevention.

INSPECTION - INSPECTION DIVISION  
ASSISTANT DIRECTOR W. S. TAVEL  
SEPTEMBER 20-28, 1965

SUMMARY

Officials: Assistant Director W. Mark Felt in charge of division since 12-14-64; Assistant Director James H. Gale previously in charge since formation of separate Inspection Division in September, 1962. Inspector H. Lynn Edwards Number One Man since formation of division.

Physical Condition and Maintenance - Excellent. Space occupied, consisting of seven adjoining rooms, adequate, secure, organized for most efficient operation of division and maintained in neat, orderly condition. No delinquencies noted. Appropriate security provided in maintenance and disposal of highly confidential inspection material. Spot check of personal property reflected no discrepancies.

Division Operations - Very Good. Forty-seven (47) inspections conducted since 1-1-65 (same number as completed during similar period 1964); 3 in progress; 29 remaining to be done this year, 10 of which are foreign offices. Inspection of all offices expected to be completed by end of year. Inspections being scheduled on irregular basis with minimum travel and expenditure of manpower given due consideration. Appropriate procedures in effect to insure dates of future inspections remain confidential. Travel and per diem costs and time involved in conducting inspections show slight decrease for period of January - June, 1965 (latest cost data available) over similar period 1964. Favorable trend and reflects careful scheduling. Suggestion made by Inspector that periodic cost reports be prepared for Assistant Director. From review of several inspection reports, inspections appear to be thorough, comprehensive, probative, and number of constructive improvements made as a result. Since 1-1-65 inspections have resulted in 158 censures and 37 instances of more severe administrative action, comparable with similar period 1964. Accomplishments since 1-1-65 include institution of several new inspection techniques, elimination of unnecessary personnel and automotive equipment in some offices and reassignment where more urgently needed, streamlining through more concise inspection summaries, and revision of work papers. suggestion made during inspections concerning additional use for automatic data processing. Several suggestions made by Inspector for further reducing paper work, including technique of updating work papers from previous inspection, where practical, noting only pertinent changes rather than completely redescribing continuing procedures each time; reducing verbiage; and eliminating retention of unnecessary material.

**Administrative Operations - Very Good.** Number One Man spends approximately 50% of time on liaison duties not related to inspection matters (American Bar Association, National Association of Attorneys General, etc.). Field inspections being spot-checked by Assistant Director. Instructions issued to enable Number One Man to also make spot checks in field without additional travel costs. Inspectors and Aides constructively occupied while at headquarters on preparation of inspection reports, surveys, and other duties. Inspector suggested continuing studies be made of individual inspection checks to evaluate productivity. Instructions issued to destroy some material in folders on inspection personnel, to revise index of Inspectors' Aides, and for Assistant Director to personally review all requests submitted by Seat of Government divisions for checks to be made during field inspections. Registers, time and attendance, leave records satisfactory. Five (5) of 15 division forms revised since 1-1-65 for more efficient use. Tight security afforded inspection examinations. Excellent participation in submission of articles for Bureau publications. Defense Plans adequate, up to date.

**Personnel Matters - Excellent.** Training program for Inspectors and Aides well organized and thorough, including familiarization with automatic data processing equipment. Manuals and working guides comprehensive and concise. Suggestion made that special instructions disseminated periodically by Assistant Director be incorporated in manuals or working guide when appropriate for permanent reference. Staff of 4 clerks and 34 Agents adequate, not excessive. Voluntary overtime necessary, productive, equitably shared. Membership in FBIRA 100%. In fiscal year 1965 to date, division personnel have received 5 incentive awards; 5 quality salary increases; 7 letters of commendation; 1 letter of censure. Morale excellent.

**Contacts - Very Good.** Extensive liaison maintained by Number One Man appears beneficial to Bureau. Suggested Assistant Director enlarge number of personal contacts and maintain appropriate contact box.

Memorandum to Mr. Tolson from W. S. Tavel  
Re: Inspection - Inspection Division

**RECOMMENDATIONS:**

(1) Assistant Director W. Mark Felt, EOD 1-26-42, GS-17 @ \$22,945, non-veteran, not on probation, in charge of division since 12-14-64. Felt makes a particularly impressive appearance, has friendly personality, is intelligent, alert, enthusiastic about making improvements in inspections, and has sufficient firmness to command respect. He has taken hold of division well and works staff hard. Continue in present assignment. If approved, attached letter will advise him of inspection findings.

(2) Inspector H. Lynn Edwards, Number One Man of division since formed September, 1962, EOD 2-10-41, GS-17 @ \$24,445, nonveteran, not on probation. Edwards makes an excellent appearance, has an ingratiating manner suited to his extensive liaison work, is highly intelligent, exhaustively thorough in his work, loyal to the Director, and his long experience in personnel and inspection work qualifies him completely for his present position.

Today Assistant Director Tavel delivered to the Laboratory a carbon copy of a typewritten anonymous letter addressed to President Johnson which had been mailed to Attorney General Nicholas deB. Katzenbach in an envelope postmarked "Los Angeles Calif AM 28 Sep 1965" for examination. This was the third carbon copy of the letter addressed to President Johnson which has come to the Bureau's attention. All three carbon copies have been mailed in envelopes postmarked "Los Angeles Calif AM 28 Sep 1965." The envelopes and paper used to prepare all three carbon copies of the letter are similar in all observable physical characteristics. The typewritten addresses on all three envelopes were prepared on one typewriter.

No indented writing appears on the current envelope and letter which would assist in determining their source.

The current envelope and letter were treated for latent fingerprints but no prints of value were developed thereon. The envelope and letter are retained in the Laboratory for possible future comparison purposes. Photographs of the envelope and letter are forwarded herewith.

Mr. Lyndon B. Johnson  
President of the United States  
The White House  
Washington, D.C.

Dear Mr. Johnson:

It is with regret that I must bring to your attention a serious matter affecting our national security and involving the FBI. Some months ago one of FBI Director J. Edgar Hoover's top aides, Inspector H. Lynn Edwards, was sent by Hoover to represent him personally as a featured speaker in Phoenix, Arizona before a District Attorneys' convention attended by prominent people from numerous southeastern states. When time came for Edwards to speak, he could not be found. Inquiry by the head of the FBI Office there revealed Edwards was drunk in his hotel room and the manager thought he was dead. He was revived; however, someone else made his speech much to the embarrassment of those who knew what transpired.

Not content to let well enough alone, Edwards the same night got drunk again and was driving his car in Phoenix when stopped by a police officer for driving on the wrong side of the road and running through stop signs. On instructions by high FBI officials in Washington, the ticket was fixed to the annoyance of the Phoenix Police Department, and Edwards was allowed to return to Washington without prosecution.

Finally, when it became painfully clear that nothing would ever be done about this matter, it was recently brought to the attention of FBI Director Hoover and Attorney General Katzenbach by one who attended the conference and knew of the disgraceful misconduct of Edwards. Usually a situation of this type results in the immediate dismissal of any government official under the terms of President Eisenhower's Executive Order 10450, issued April 27, 1953, prescribing rigid security requirements for government employment. The over-all criterion was that any ~~serious~~ person whose employment was not clearly consistent with the national interest should be barred from federal service. The term "security risk" was redefined to include heavy drinkers, loose talkers, sex perverts, persons judged unreliable, untrustworthy or immoral, and persons previously convicted of felonies or misdemeanors.

In addition, FBI rules of conduct are most stringent in matters of such flagrant misbehavior and demand the immediate dismissal of any employee found to have been engaged in such conduct. It appears the rules were waived in Edwards' case for some unknown reasons.

FED. BU. OF INV.

H-001 1 1

FED. BU. OF INV.

Page Two.

It is understood that as soon as Hoover received the recent communication telling of Edwards' derelictions, he promptly dispatched another top aide to Phoenix to look into the situation. A whitewash apparently was most skillfully administered, as the decision reportedly was reached that Edwards was innocent of the serious ~~alleged~~ allegations commonly known to dozens of people to be true, and no administrative action was taken against Edwards, certainly none approaching that rigidly required by FBI rules of conduct or Executive Order 10450.

It would take the connivance of a number of high FBI officials to cover this situation so skillfully for Edwards, who is known for many years by many fellow employees to be an extremely heavy drinker if not an alcoholic. Edwards' conduct was undoubtedly covered for and not disclosed to Hoover at the time it happened by his immediate superior, James H. Gale, an Assistant Director; by John P. Mohr, an Assistant to the Director; and later by the high ranking official who has just completed an inquiry into the matter; and possibly the Agent in Charge of the Phoenix Office who reported has just been promoted for his outstanding success in helping to administer a coat of whitewash to Edwards' most reprehensible conduct.

John P. Mohr, incidentally is one of the Big Five in the FBI hierarchy and is a well-known heavy drinker, probably an alcoholic. Several years ago he was involved in a drunken scene in Toots Shor's Bar in New York City but was covered for by his associates, several of whom suffered severe administrative action including transfers. One took the rap especially for Mohr, was broken from his high position but is now reinstated in charge of one of our large eastern FBI offices in payment for services rendered in taking the rap for Mohr. That official also has a long history of heavy drinking, well known to FBI headquarters.

Mohr has also been involved in drunken escapades in other places including Miami, where he allegedly was arrested at one time, Chicago, Los Angeles and Washington, D.C., and his associates have been hard pressed to keep him from being arrested at other times as a common drunk. Mohr also has [redacted] who is an FBI official and who reportedly had upwards of \$1,000 in bad checks out against him when he applied for the position of Special Agent in the FBI several years ago. Investigation had to be held up three times before Mohr was able to cover this terrible blemish against [redacted] record, one that would quickly eliminate any other agent applicant. His [redacted] then easily got the job which ordinarily calls for fidelity, bravery, integrity and character. Mohr also reportedly is the [redacted] of [redacted] alias [redacted] "notorious east coast bookie and hoodlum operating out of Kingston, New York, but this damaging association has never interfered with his dazzling ascent to the FBI's administrative heights and rumored to be the next FBI Director.

b6  
b7c

Page Three.

b6  
b7c

Mohr and Edwards, close friends, also have been among the prime pushers of Hoover's weight program resulting in dozens of agents being run out of the FBI or to suffer many transfers or loss of income because of their inability to meet the FBI'S rigid and unrealistic weight limits which Mohr has never bothered to make and it is doubtful if Hoover and Edwards can make. This has not stopped them from inflicting untold hardships on hundreds of innocent members of FBI Agents' families and in actually undermining the health and well-being of many agent personnel.

This letter is being written to you, Mr. President, because you are the one loyal, upstanding, powerful American who can correct this situation. No Attorney General in the past has ever questioned Hoover's destructive personnel policy or questioned his cover-ups for intimate aides who have flouted the rules of decent conduct. Other prominent FBI officials have reached retirement age although alcoholics and the Edwards situation isn't particularly important except for the following reasons:

1. He should be fired as a security risk just as surely as you were forced to fire [redacted] because of Edwards' extremely sensitive responsibilities involving the national security.
2. He not only was in violation of local laws but was in violation of one of the FBI'S strictest rules against drinking on the job, and in this instance at great embarrassment to the FBI in Phoenix and in the entire southwest among a most important group of law enforcement representatives.
3. This situation points up the sad possibility that Hoover is not being told the truth by his top aides. I feel sure he would have fired Edwards at the time of the incident or recently if he had been told the whole truth about the matter.

For these reasons and before this situation explodes into a bombshell most embarrassing for your administration, hundreds of FBI employees who know of this shameful cover-up of Edwards' misconduct which is embarrassing to us all, will welcome your personal inquiry into the matter. You might like to have Mr. John W. Macy, Jr., Chairman of the United States Civil Service Commission, look into this matter and make a survey of the last several hundred instances of administrative action taken by Hoover against his personnel. Such a review with unbiased approach will reveal unbelievable action taken, involving many needless transfers at great cost to the taxpayers, firings, demotions, forced retirements, etc.

Page Four.

Among the most disgraceful to be found within the past year or so will be Hoover's reprehensible action taken against twelve to fifteen loyal FBI employees whom he decided to blame, at the recommendation of Assistant Director Gale, for action contributing to the assassination of the late President Kennedy, thereby hoping to relieve himself of the criticism of the Warren Commission. Several in our Dallas Office were dealt with severely. One of the most heartbreaking cases involved Agent [redacted] young father of eight children; one suffering from cerebral palsy, his wife pregnant, who was suspended without pay for a month and transferred to one of the FBI's most dreaded disciplinary offices. This action reportedly followed disciplinary action already taken against this agent regarding the same matter.

b6  
b7c

Many of us think the time has come for a quiet look at the Edwards case, the factors involved, as well as the over-all ruinous personnel policy of the FBI before it becomes necessary for a congressional committee or the news media to undertake the task at great embarrassment to your outstanding administration. You are the one man in America who can correct this situation in our great organization which we think is contributing much to the national security and which can ill afford even one of the Edwards type in its midst.

Sincerely yours;

A loyal, concerned Dallas  
FBI employee

ADDENDUM: (8-10-65) As expected, no corrective action has been taken regarding the above allegations. Hoover's vicious personnel policies, so ably carried out by his No. 1 hatchet-man, Clyde Tolson, continue unabated. Hundreds of thousands of dollars are wasted each year seeking, investigating and training employees to replace hundreds who would remain if they could do so with pride. MOHR, EDWARDS and GALE continue to hold important positions of trust at FBI headquarters. Hoover, the man who is contemptuous even of Presidents, who bragged he is "ungettable" and even dares to call the Attorney General a liar, continues the big coverup.

On June 2, 1965 Tolson received the President's Award for Distinguished Federal Civilian Service, reportedly with a large cash gift, in recognition for "outstanding" government employees. Tolson was cited as a dedicated guardian of the public good, a vital force in raising the profession of law enforcement at all levels and in guiding the FBI to new heights of accomplishment through periods of great national challenge. This award is an affront to thousands of FBI employees who have suffered under the iron heel of this twisted, sick,

Page Five.

degrading man whose handling of personnel is unmatched in viciousness in government or private industry. He has no friends in the FBI and is unknown in law enforcement.

Hoover continues to reap unusual benefits from the job, making thousands of dollars from the sale of "Masters of Deceit" and "A Study of Communism," neither of which he wrote, both on a subject in which he has only a most elementary knowledge, both written by FBI employees on government time. (There is some question about whether he has paid income tax on his earnings from these books). In addition, expensive improvements have been made on his personal residence at FBI expense and he has an expensive fleet of Cadillacs in major cities of the United States for his occasional use. Hoover's concern for the President's economy program is laughable, to say the least.

A number of awards under the Government Employees Incentive Awards Program have also gone to various FBI employees for outstanding records in selling the above-mentioned books (on government time, of course) and the principle beneficiary of such awards and all-time star book salesman is E. D. Mason, whose recent retirement from the FBI's ranks was un-lamented by many of his fellow employees. The Incentive Awards Program has been further down-graded during recent years by recognition of the above-mentioned agent in charge who took the rap for Mohr in the drinking incident at Toots Shor's. Mohr also was involved in another tremendous scare in a plane flying into Detroit several years ago, greatly alarming a number of passengers, but this was also neatly covered up by his associates who greatly fear Mohr's power over them and influence over Hoover. Mohr naturally has received these awards, as has Edwards despite their nationwide reputation for hitting the bottle and undermining the reputation of the FBI. These men are outstanding mainly in their ability to take on a large load of booze and all are definite security risks as defined by Executive Order No. 10450. If Hoover really controlled the FBI as he did, they would be out.

To the contrary, Hoover is becoming increasingly senile, despite massive shots and quantities of pills consumed at government expense in a frantic effort to stay the hands of time. He has recently been humiliated and all of us embarrassed by his encounter with Martin Luther King who easily outpointed him in an exchange of insults. He also embarrassed us all by the circumstances under which he sent Walter Jenkins flowers -- and then lied about it and castigated the Metropolitan Police Department for arresting Jenkins. As indicated above, the time has come for the President, strongly supported by members of Congress and the news media, to run Hoover, Tolson and their rotten clique out of Government and to ventilate the Justice Building with new men and fresh ideas so badly needed in the fight against crime. Petty jealousies long fomented by Hoover among various government agencies and major police departments throughout the country, must be eliminated before any real start can be made.

Allegations set out above can easily be confirmed by any of the former Assistant Directors who no longer fear being blackballed by Hoover and Tolson; by many of the hundreds of former FBI employees who have left the FBI in disgust over most frustrating conditions; or through a very simple review of personnel policies and personnel files readily available.

Mr. Martin Mendelsohn

The Time and Attendance Cards, which constitute our official records of Mr. Edwards' absence from work, are not required to show the reasons for leave, and none are shown for the above leave. Accordingly, it is suggested you consult with Mr. Edwards concerning the documentation of reasons for these instances of sick leave.

His gross salary from January 15 through October 9, 1965, was at the rate of \$24,445 per annum or \$11.75 per hour. Effective October 10, 1965, his salary became \$25,325 per annum or \$12.18 per hour. Although Mr. Edwards had adequate sick leave accrued to entitle him to full salary for all sick leave taken, his use of such leave decreased his accumulated accrual to that extent, thus making such leave unavailable for future absences due to medical reasons.

It is hoped this information will be of assistance.

Sincerely yours,

John Edgar Hoover  
Director

NOTE: (Continued)

[redacted] attorney for Mr. Edwards, has requested of Mr. Edwards that he be furnished the dates and amounts of any sick leave taken and the salary during such period subsequent to 1/13/65. Dear Lynn:

I want to thank you for your participation as a speaker at the presentation of the Law Observance Committee of the Federal Bar Association in Chicago, Illinois at its Annual Convention on September 16, 1965.

Your contributions added immeasurably to the success of the program. Its effectiveness could not have been manifested in any manner better than in the necessity to move the program to larger quarters because of audience attendance and participation. While, as I said at the meeting, the speakers did not come to offer a panacea or guaranteed solution to the problem of youth crime, nonetheless, the thoughts you expressed and your excellent presentation served to stimulate new and added thought on the subject. Judging from conversations after the Conference with persons who attended, the laudatory plaudits compensated for the effort expended in the preparation of the Conference. Your talk exemplified the meticulous preparation and work which went into this vital subject. Not only did you exemplify expertise on the subject, but succeeded in projecting heightened interest in the problem and in certain quarters even create interest which was not present before.

Many thanks to you for your contribution and I am confident that without it, the program would not have been as successful.

Sincerely,

Carbon copy of anonymous letter dated 6-10-65 with addendum dated 8-10-65 addressed to President Johnson and postmarked at Los Angeles, California, was received in Bureau on 9-29-65 in envelope addressed to the Director. The letter dated 6-10-65, a copy of which is attached, is a verbatim copy of an anonymous letter, a carbon copy of which was received in the Bureau in June, 1965, postmarked at Fort Worth, Texas. The letter of June 10 contains allegations against Inspector H. L. Edwards for alleged misconduct during a conference of Attorneys General at Phoenix, Arizona, and alleges that Edwards' misconduct was covered up by Assistant Director Gale and by you (Mr. Mohr) and further contains allegations that you had been involved in drinking incidents and that your brother, Special Agent Paul J. Mohr, had written bad checks prior to becoming an agent. It also alleged that you were the brother-in-law of a notorious east coast bookie. My memo of 6-17-65, which is attached, analyzed these allegations in detail, pointing out that the facts had been twisted and allegations were untrue.

The addendum on the copy of the letter received 9-29-65 contains vicious statements concerning the Director and Mr. Tolson, stating that the Director has made thousands of dollars from the sale of two books, neither of which he wrote, and that an incentive award was given to former SAC E. D. Mason for selling these books. It also states that Mr. Tolson did not deserve the President's Award for Distinguished Federal Civilian Service which he received, reportedly with a large cash gift. It states that the Director is becoming increasingly senile despite massive shots and quantities of pills consumed at Government expense, and had recently been humiliated by his encounter with Martin Luther King. It states that the time has come for the President "... to run Hoover, Tolson and their rotten clique out of Government ...." The only new allegation against Bureau personnel other than the Director and Mr. Tolson is a statement that you were also involved in another tremendous scene in a plane flying into Detroit several years ago greatly alarming a number of passengers, which was covered up by your associates. You (Mr. Mohr) have categorically denied that any such incident occurred.

Re: Anonymous Letter Received 9-29-65 Addressed to President Johnson, etc.

Although the carbon copy received does not lend itself to typewriting examination as well as would the original, the Laboratory Division is making an examination of the letter to determine whether the most recent copy was typed on the same machine as the copy received in June, 1965, and to make appropriate checks against typing specimens in personnel files. It is interesting to note that the copy recently received is on larger paper than the copy previously received in June, indicating that the previous letter was deliberately retyped and is not just an additional carbon copy of the letter written in June. An examination of the letter is also being made for latent fingerprints. It was noted in reviewing the addendum that the word "principle" was used when the proper word should have been "principal."

Every effort will be made to determine the identity of the writer through appropriate examinations of the document and you will be advised of the result.

This memorandum is submitted to report an automobile collision between the car I was driving and another automobile. I had just left the office Friday night and was en route home. It occurred at 6:45 p.m. on Shirley Highway (Interstate Route 95), Arlington County, Virginia, at a point approximately one-half mile North of the Route 7 Overpass. No personal injuries were incurred by anyone.

The facts are that I was proceeding in the East lane traveling South. This is a 4-lane highway and traffic was practically bumper to bumper in all lanes and moving at an average of from 45 - 50 miles per hour with considerable jerkiness and irregularity caused by the normal factors of lane jumping, etc. Visibility clear; road was dry and clear. Suddenly, without any apparent reason, the line of traffic in which I was traveling began to stop dead four or five cars ahead of me. As the car in front of me began to brake to a stop, I did likewise, however keeping my one eye on the rear-view mirror because the car behind me was approaching very close to me and seemed to be experiencing difficulty in stopping. The car in front of me came to a dead stop, but it became apparent that I could not completely stop in time so I endeavored to swerve into the grass median strip but the right corner of my front bumper grazed the left rear corner of the bumper of the car in front of me and as I proceeded into the median strip his bumper grazed along my right front fender and door panel crimping them. I stopped, immediately got out of the car and inquired whether anyone was hurt. The driver of the other car assured me that neither he, his wife or daughter seemed to be hurt. We then inspected our cars and he concluded there was no damage to his car. We exchanged pertinent data concerning operators permit, car registration and insurance coverage. He wanted to proceed on, stating that he had been driving since 6:00 a.m. that morning when he had left Maine and he was en route to Folly Beach, South Carolina, for a 3-month job as a pipe fitter. He said he was completely unfamiliar with the highways in the vicinity of the accident and he had been trying to find some place where he could turn off the highway because he and his family were hungry. However, I insisted a police officer be summoned, which was done.

Re: Automobile Accident; 1-7-66

Virginia State Trooper [redacted] arrived about one-half hour later and made the customary investigation and furnished both of us the usual Motor Vehicle Accident Report form to submit which is being separately handled. In the course of executing his report, the officer asked the occupations of the drivers and I, of course, advised him of my employment with the Bureau. The officer issued me a summons to appear January 20, 1966, at 9:30 a.m. in Arlington County Court, explaining that wherever any rear-end collision occurs they automatically consider the car following behind as presumptively at fault on the theory that a car should always be sufficiently to the rear to be able to stop under any and all circumstances. The officer stated that the burden would be on me to try to show that there were circumstances which rendered the collision unavoidable. This is the first automobile accident I have had in more than 30 years of driving where any action on my part could have possibly contributed to same. (This, of course, excludes an accident about a year ago where I was the victim of a rear-end collision but was stopped at an intersection at the time.)

February 10, 1966, marks my 25th anniversary with the Bureau. I would deeply appreciate it if the Director's heavy schedule would permit him to take a few minutes that day to present me with my 25-year key and to be photographed with Mrs. Edwards and me. Unfortunately Mrs. Edwards was out of town on my 20th anniversary taking care of her father during his last illness and therefore she would especially appreciate having the opportunity to be with me on my 25th anniversary if we could impose upon the Director for a few moments.

That the Director indicate whether his schedule would permit presenting me my key and having a photograph taken with Mrs. Edwards and me at any time convenient to the Director on Thursday, February 10, 1966.

Mr. H. Lynn Edwards  
Federal Bureau of Investigation

Dear Edwards:

It is a pleasure to commend you for the outstanding attitude you exhibited in reporting for duty today despite extremely hazardous travel conditions.

You demonstrated a sincere devotion to duty in considering your services so essential that in spite of an announcement that all Federal Government agencies would be closed you reported for duty. I do not want the opportunity to pass without advising you of my appreciation and that I have instructed that a copy of this letter be placed in your personnel file.

Sincerely yours,

SUBJECT: H. LYNN EDWARDS  
Inspector  
#1 Man to Assistant Director  
Inspection Division  
EOD 2-10-41; GS-17, \$25,325

Mr. Edwards celebrates his 25th Anniversary with the Bureau on 2-10-66, and has requested the Director present him with his service award key and a photograph made. He will be accompanied by his wife. The Director has indicated he will see them. The following is a brief summary of his record for the Director's use.

He entered on duty 2-10-41 as a Special Agent, served in the Miami and Washington Field Offices and as Resident Agent prior to his transfer to Seat of Government 6-2-43. He has served in various supervisory capacities in the Administrative Division, Training and Inspection Division, and has been #1 Man to the Assistant Director of the Inspection Division since the establishment of this division 9-26-62. He is 50 years of age, married and has one child.

The Director last saw him 10-1-62, following his designation as #1 Man to the Assistant Director of the Inspection Division. The Director discussed with him certain matters which he had handled in connection with the American Bar Association and told him that he (Director) was most dissatisfied with the manner in which Training and Inspection Division had been operated and for that reason, decided to divide it into two different divisions, one handling training and one handling inspections. The Director did not like the situation which developed in connection with the speech made by President Satterfield of the American Bar Association in its annual convention in Los Angeles last August. If Edwards had had proper contact with Mr. Satterfield, it was believed it would have been possible for Edwards to have seen Satterfield's speech before it was delivered.

Since that time he has been CENSURED on two occasions, and the last dated 5-26-65 as a result of an inquiry into certain allegations made against him recently. It was ascertained that on 10-10-63, he was charged with exceeding the speed limit in Phoenix, Arizona, and failed to advise the Bureau in accordance with existing regulations. During this same period he was COMMENDED five times, the last dated 1-31-66 for his outstanding attitude in reporting for duty this date despite the extremely hazardous travel conditions.

My [redacted] has requested, if possible, a special tour for her fifth grade class, numbering 31 students, all boys, from Kings Park School, Fairfax County, Virginia, on March 3, 1966, beginning at 11:00 a.m.

[redacted] is a former Bureau summer employee and this is her second year of teaching at Fairfax County. The class of all boys is an experimental group which she was given as part of the Fairfax County experiment to test the educational advantage of having the students divided by sex. Her boys have indicated the FBI as their No. 1 choice for their spring "field trip" which this tour will constitute.

It may be recalled that in 1965 [redacted] also had her fifth grade class (at that time consisting of both boys and girls) at the FBI for a special tour.

## RECOMMENDATION:

Reference is made to my memorandum of 1/10/66 reporting an automobile accident involving me on Friday night, 1/7/66, at 6:45 p.m., in Arlington County, Virginia, on Shirley Highway, while I was en route home from the office. As indicated in that memorandum, the officer issued me a summons to appear at 9:30 a.m. on 1/20/66 in Arlington, Virginia, court because it was a rear-end collision and under Virginia law this is an automatic charge. The purpose of this memorandum is to report the disposition of the summons.

I reported as scheduled this morning and contacted the Commonwealth Attorney's office in the Courthouse dealing with Assistant Commonwealth Attorney Jack Long. He checked the facts with State Trooper [redacted] who had investigated the accident and thereafter Long advised me that there would be no need to appear in court and the matter was being dismissed as if it had never occurred. Long explained to me that in a situation of this kind where the accident appears to have been "unavoidable" because of traffic congestion, etc., the main interest of the Commonwealth is in ascertaining whether there is any likelihood of civil action for either personal injuries or property damage arising out of the accident. There was neither personal injury nor property damage to the other party and there was no physical injury sustained by me. The damage to my car will be taken care of by myself. Under these circumstances Long stated that the interest of the Commonwealth had been completely satisfied and therefore the summons would be dismissed.

Pursuant to your instructions, I have talked to Inspector Edwards and he has furnished the attached signed statement admitting that he furnished information he received at an Executives Conference meeting to Assistant Director Malone.

At a recent Executives Conference we were discussing the costs of long distance telephone calls and ways and means to reduce these costs. You advised the conference that it was essential for all Seat of Government officials to keep their telephone calls to SACS at an absolute minimum and that all calls should be only for necessary official business. Merely to illustrate your caution to the Executives Conference, you mentioned that apparently there were too many calls to Assistant Director Malone in New York which you suspected were not all of an official nature. You advised the conference that Mr. Malone, on occasion, would undoubtedly pass along certain information to Judge Kaufman, who was not too discreet at times and undoubtedly discussed the same information at various cocktail parties around New York. The purpose of your using this illustration was merely to show that we should have no idle gossip between the Bureau and the various SACS.

In the attached statement Mr. Edwards has admitted that he knew information discussed at the Executive Conference was confidential and he had no intention to do other than to put Malone on notice that gossip between New York and the Seat of Government should cease. I told Mr. Edwards regardless of his motivation he exhibited atrocious judgment.

ACTION: Recommendations will be promptly submitted concerning final action in this matter

March 16, 1966

This morning I was asked by Mr. Clayton whether I had imparted certain information to Assistant Director John F. Malone which had come to my attention while attending one of the sessions of the Executives Conference and also whether I had been aware of the fact that sessions of the Executive Conference were confidential. This is a statement of my complete actions and rationale in answer thereto. The answer to both questions is yes.

I did advise Mr. Malone of a subject which had been discussed in Executives Conference a couple of weeks prior thereto and which had some reference to him, but I respectfully submit that my motivation was in no way intended to be in the nature of gossiping or divulging any secrets concerning discussion in the Executives Conference. The subject matter of discussion at the Executives Conference was the excessive use of Bureau telephone facilities and particularly cited was the excessive telephone conversations between the New York Office and officials and supervisors at the Seat of Government. Mr. Tolson made the observation that there was too much "chitchat" and gossiping going on in these conversations and as an illustration he cited the fact that Mr. Malone had recently written a letter to the Director commenting on some White House briefing that the Director either had given or was scheduled to give. Mr. Tolson said that he had no idea how Mr. Malone had learned about this and could only conclude that it was through one of these "gossipy" telephone conversations. Mr. Tolson said that they should be stopped and particularly in the case of the New York Office because Judge Irving Kaufman tends to get to know so many things which are communicated to Mr. Malone.

I wish to make it clear at this point that I had not theretofore personally been aware of any recent or scheduled White House briefing and I am not one of those individuals who telephonically talks regularly or even frequently with the New York Office and seldom do I even talk to Mr. Malone when I have occasion to call New York because my business is ordinarily with one of the SACs. Regarding Judge Kaufman, I am well aware of Kaufman's proclivities and the fact that he has been an irritant in the past so that even though he may be carried as an SAC contact or a good friend of the New York Office, I fully realize that anyone dealing with him needs to be on his guard and circumspect.

ENCLOSURE 67-171084-423

I did not communicate this information to Mr. Malone for at least two weeks after the Executives Conference discussion despite the fact that there was one occasion when Mr. Malone called the Inspection Division on a matter of official business and I talked with him and despite the fact that Mr. Malone was in attendance on Saturday, 2/19/66, at my daughter's wedding. The occasion when I did caution Mr. Malone about excessive and gossipy telephone conversations between the New York Office and the Seat of Government was on Wednesday morning, 3/2/66, when I called him from the John F. Kennedy Airport in New York during a brief changeover in planes en route to Tucson. I spoke with him at approximately 8:00 AM for about 15 minutes in order to ascertain current information known to him regarding our relationships with the District Attorneys in the New York area who might be at the Tucson meeting and during that conversation I took occasion to caution him regarding the matters aforesaid.

As nearly as I can recall the way the conversation arose on this point was when I realized when talking with him from the airport that I had only a couple of minutes before I had to board my plane and I mentioned that I would have to terminate the call; and I was then reminded of the caution about lengthy phone conversations and told Mr. Malone that he should be alert to keeping the telephone conversations between the New York Office and the Bureau brief and particularly be alert to avoiding any gossip. I told him this matter was being emphasized by the Bureau and that the Bureau was being especially alert to information coming back to it in communications which obviously had their source in some gossip at the Seat of Government. I cited the instance about the White House briefing and I told Mr. Malone that it was just an example and that I was not interested in who had gossiped about this to him from the Seat of Government because it was just one of a number of observations which the Bureau had made and which documented the existence of such gossip. I also added that the New York Office had to be particularly alert in matters that were discussed with some of the Bureau's high-level contacts and friends because some of these people "ran at the mouth." I mentioned Judge Kaufman as an example whom I personally knew tended to do this, but I did not under any circumstance indicate to Mr. Malone that Judge Kaufman had been told by him about the White House briefing because in fact, so far as I knew, nothing had been said to indicate that Judge Kaufman had been told of this by Malone. The only statement made regarding Kaufman in the Executives Conference was that he tends to get to know too much.

Obviously the subject matter of this conversation I had with Malone has reached the Bureau in some form or another .

I would also like to state that under date of February 28, 1966, which was approximately a week after the Executives Conference discussion, I sent out the following alert to the Inspection Staff regarding excessive and unessential telephone conversations:

"For your further general information there is a definite feeling that there is entirely too much "chitchat" and too many lengthy unessential conversations going on and the Inspectors, of course, should be able to satisfy themselves that field offices are keeping their communications to minimum essential lengths and purposes. "

I am grateful for the opportunity to give my version of it but I deeply regret that my motivation might have been construed as either gossiping about or divulging matters discussed in Executives Conference. For what it is worth, I would like to state that my motivation was rather that of trying to implement by "a word to the wise" a tendency which the New York Office had exhibited in gossiping. I personally do not have time for gossiping and I have not been one to engage in gossiping nor have I had any patience with gossiping on the part of others. I know my actions on the instant occasion seem to refute that but certainly my actions were not grounded on that reason.

Respectfully submitted,

H. Lynn Edwards

It is recommended that Inspector H. L. Edwards, of the Inspection Division, be censured, placed on probation, demoted from Grade 17 to Grade GS 15, and transferred to the Detroit Office as Assistant Special Agent in Charge. He is not a veteran.

As a replacement for Mr. Edwards, it is recommended that                     , currently on trial assignment as Inspector, be designated as Number One Man in the Inspection Division, with no change in grade or salary, but be given the title of Inspector now.

                     served as Section Chief of the General Investigative Division for almost three years and was recently transferred, on 2/9/66, to the Inspection Division from the Chicago Office, where he had been serving as ASAC. His services in Chicago were highly satisfactory and on his transfer performance rating his SAC rated him Outstanding. The Director saw                      on 2/11/66 and stated that he made an excellent, mature appearance. The Director was particularly impressed with his enthusiasm and dedication and thought he would endeavor to carry out his new duties efficiently and effectively.

It is recommended that ASAC Thomas J. Nally, of the Detroit Office, be transferred to the Inspection Division for trial assignment as an inspector with no change in grade or salary. Mr. Nally has been ASAC at Richmond and Detroit for the past three and one-half years. His services as ASAC have been highly satisfactory. During the last inspection of the Detroit Office in June, 1965, the office was rated only Fair in personnel matters in view of the inadequate recruiting record. They have made an improvement since that time and as of this date Detroit is only one agent applicant under its quota. Although Detroit in 1965 did not have a quota for clerical applicants, they, nevertheless, supplied 13 for the Seat of Government. At the present time Detroit is up in three of the four statistical accomplishments, being down only in convictions by 15%.

With regard to the liaison duties presently being handled by Inspector Edwards, Mr. DeLoach feels strongly that these duties should be transferred to the Crime Records Division. Mr. DeLoach felt that actually these liaison duties should have been handled in that Division prior to the present time. Mr. DeLoach is making a study as to just which individual these duties should be assigned to, and will make an appropriate recommendation in the near future.

Dear Mr. Edwards:

You have admitted furnishing information obtained by you at an Executives Conference meeting to an individual who was not entitled to receive this information. You further admitted that you took this action knowing full well that matters discussed at sessions of the Executives Conference are confidential. I have carefully read your entire explanation with regard to this situation and regardless of the factors which motivated your actions, there is no question at all but that you exhibited atrocious judgment.

In view of the seriousness of your dereliction, you are being placed on probation and while in this status, favorable consideration will not be given to any Within-Grade Salary Increase for which you would otherwise become eligible. In addition, effective this date you are being demoted from Grade GS-17 at \$25,325 per annum to Grade GS-15 at \$20,595 per annum, relieved of your duties as Number One Man to the Assistant Director of the Inspection Division and ordered under transfer to the Detroit Office as Assistant Special Agent in Charge. Dear Mr. Edwards:

It has come to my attention that you prepared a speech to be delivered before the Annual Conference of the District Attorneys of Louisiana in New Orleans on Friday, March 25, 1966. The proposed manuscript did not reach the office of the Associate Director until late in the afternoon of March 24th, at which time it was found to contain numerous items which should not be utilized.

On many occasions I have requested Bureau officials to submit their speech manuscripts sufficiently in advance of the commitment, to give the reviewing officials ample time to make any corrections or suggestions necessary. You obviously failed to follow instructions in this instance.

Future derelictions of this nature on your part will not be tolerated.

MEMORANDUM FOR MR. TOLSON

On March 18, 1966, I saw Inspector H. Lynn Edwards, who had recently been relieved of his duties as Number One Man in the Inspection Division, demoted to GS-15 from GS-17, censured, placed on probation, and transferred to Detroit as Assistant Special Agent in Charge because of gossip which he had indulged in concerning some discussions at the Executives Conference.

Mr. Edwards was most contrite and apologetic over what had occurred and stated in advising Assistant Director Malone of the comments which had been made about him, Malone, at the Executives Conference, he had no idea of conveying gossip but merely to caution Mr. Malone about his contacts so that he would not be an embarrassment to the Bureau.

After talking with Mr. Edwards and strongly emphasizing to him that if there was any information to be conveyed to personnel of the Bureau as a result of discussions at the Executives Conference, I would take care of that and it was not his function to act as intermediary in such matters.

I have issued instructions that his demotion and transfer be cancelled but that he be continued on probation for the time being.

Very truly yours,

# PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee H. LYNN EDWARDS Title #1 MAN - INSPECTOR  
Rating Period: from 4/1/65 to 3/31/66

## RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

### RATE ITEMS AS FOLLOWS:

- + Outstanding (exceeding excellent and deserving of special commendation).  
E Excellent.  
✓ Satisfactory (good or very good).  
- Unsatisfactory.  
O No opportunity to appraise performance during rating period.

### Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
  - Any element rated "Unsatisfactory" must be supported by narrative comments.
  - An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

His extensive experience has made him adept in handling the intricate matters frequently encountered in inspection work. His counsel has been very helpful to me at all times.

Inspector Edwards is also responsible for liaison with important legal groups including the American Bar Association, the National District Attorneys Association and the Association of Attorneys General. He has reached a position of importance in these organizations and has been appointed to key committees where he is able to guide policies in areas of interest to the Bureau and law enforcement generally. This liaison becomes increasingly important with the current focus of attention on the Criminal Law and on Criminal Procedures.

## CONTINUATION SHEET

### 5. NUMBER OF INCENTIVE AWARDS AND COMMENDATIONS RECEIVED

By letter dated April 14, 1965, Mr. Edwards was advised by the Director that he was being rated "Outstanding" for the annual rating period ending March 31, 1965, and was given an incentive award of \$400.00. By letter dated July 8, 1965, Mr. Edwards was commended by the Director for his excellent presentation before the 59th Annual Meeting of the National Association of Attorneys General at San Antonio, Texas. On August 23, 1965, Mr. Edwards was again commended for his excellent work in regard to the 88th Annual Meeting of the American Bar Association at Miami Beach, Florida. On January 31, 1966, the Director commended Inspector Edwards for reporting for duty despite extremely hazardous travel conditions. In addition, Mr. Edwards has received several favorable comments from outsiders in connection with his liaison activities.

### 6. DISCIPLINARY ACTION AND JUSTIFICATION FOR ANY UNSATISFACTORY ITEMS

By letter dated May 26, 1965, Inspector Edwards was censured for his failure to advise the Bureau of a moving traffic citation which he received at Phoenix, Arizona.

By letter dated March 18, 1966, Edwards was censured and placed on probation for a very serious dereliction involving the unauthorized disclosure of confidential information.

By letter dated March 25, 1966, Mr. Edwards was censured for failure to submit a speech manuscript sufficiently in advance of the commitment to give reviewing officials ample time to make corrections or suggestions necessary.

As a result of the incidents cited above Inspector Edwards has been downgraded from Outstanding to Satisfactory on items 7 and 13 involving Judgement and Knowledge of Duties and items 9, 12 and 20 (c) from Outstanding to Satisfactory in view of his failure to submit a speech manuscript on time. While these incidents are by no means typical of the usual high caliber of Edward's work, their seriousness is such that the over-all rating for Inspector Edwards is being reduced from Outstanding, as of the time of his last Annual Performance Rating, to Satisfactory at this time.

As you know, the Director has approved members of the Operations Research Committee attend Automatic Data Processing Seminars to better acquaint them with the capabilities of computers. Most members have already attended or have been scheduled to attend for the middle management seminars at International Business Machines Corporation. In view of Mr. Edwards' position it is felt that he should attend one of the Executive Computer Conferences provided by International Business Machines Corporation. Such conferences are restricted to high-level management people in grade GS-16 and above.

There are presently two scheduled conferences, April 16 through April 22, 1966, and June 4 through June 10, 1966. These conferences are held in Washington, D. C., and there is no tuition or other charges. It is believed that Mr. Edwards should attend one of these conferences.

## RECOMMENDATIONS:

(1) That Mr. Edwards attend one of the above-mentioned conferences. As between the two conferences indicated above Edwards advises it would have to be the April 16 - 22/66 one since the June conference would conflict with an already confirmed commitment of his.

REC-137

(2) If the above recommendation is approved, the Inspection Division should advise me of the conference to be attended and I will make the necessary arrangements for registration.

In view of my continued absence on special assignment and the heavy work load in the Inspection Division, including a number of special assignments, and based upon instructions 4-5-66, Inspector Edwards telephonically contacted Mr. Row of the Voucher-Statistical Section, Administrative Division, and requested him to cancel Mr. Edwards' scheduled attendance at the IBM Executive Computer Conference, Washington, D. C., April 16 - 22, 1966.

b6  
b7C

Mr. Row indicated that no problem would be encountered in cancelling but he would not be able to arrange for a Bureau substitute for this particular school because of the fact that IBM requires considerable advance notice for arrangements and also because this Executive Computer Conference is limited to management personnel in GS-16 and above.

Mr. Row was advised Inspector Edwards will be available for attendance at one of these Executive Computer Conferences at a later date when other business will permit.

The purpose of this memorandum is to advise that the American Bar Association's Annual Meeting is scheduled for Montreal, Canada, August 8 through 12, 1966, and to obtain authorization for Bureau representation.

The Annual Meeting is one which has always been covered by two Seat of Government representatives, this being essential because of the size of the meeting and the fact that various committee and section meetings and programs which the Bureau is interested in, and some of which the Bureau has actual membership in, are held simultaneously so that there is considerable overlapping making it impossible for one representative to participate in all of the essential functions. Additionally, since the meeting is in Montreal, we have the disadvantage of not being located in a field office headquarters city where we could call upon qualified personnel of that field office to assist.

I should attend as the Bureau's official liaison representative and as an officer of the Council of the Criminal Law Section and a member of the American Bar Association's Standing Committee on Education Against Communism. Heretofore I have been assisted at the annual meetings by SA Supervisor [REDACTED]. He is now assigned to the Domestic Intelligence Division since he completed his year as a Permanent Aide on the Inspection Staff. He is thoroughly familiar with coverage of the annual meeting and also is an expert in the work of the Standing Committee on Education Against Communism and has been given special authorization by that Committee's Chairman to substitute for me when there is a conflict. Assistant Director W. C. Sullivan stated that he would be willing to make [REDACTED] available for the annual meeting.

*XEROX*

It is desirable now to receive authorization now for Bureau representation at the August meeting in view of the necessity for registering and the difficulty in obtaining hotel accommodations.

RECOMMENDATION: That authority be given for SA [REDACTED] and me to represent the Bureau at the August, 1966 Annual Meeting of the American Bar Association in Montreal, Canada. Upon approval, this memorandum should be returned to the Inspection Division for necessary action.

*W. M. Felt*

The purpose of this memorandum is to recommend Inspector Edwards be continued on probation.

By letter dated March 17, 1966, Mr. Edwards was censured and placed on probation because he furnished confidential information obtained in Executives Conference to individual not entitled to receive same. Edwards was also demoted from GS-17 to GS-15 and ordered under transfer to Detroit Office as ASAC.

On March 18, 1966, the Director saw Inspector Edwards. The Director advised Edwards was most contrite and apologetic for what had occurred. The Director advised that after talking with Edwards and strongly emphasizing to him that if there was any information to be conveyed to personnel of the Bureau as a result of discussions at the Executives Conference the Director would take care of such dissemination. The Director issued instructions that Edwards' demotion and transfer be cancelled but that he be continued on probation for the time being.

On March 25, 1966, Mr. Edwards was censured for failure to submit a speech manuscript in accordance with instructions. Since these actions, Mr. Edwards has demonstrated in many ways that disciplinary action has had very salutary effect. Circumstances which led up to disciplinary action are not typical of Inspector Edwards. On the contrary, Edwards is extremely conscientious and very interested in promoting interests of the Bureau. However, in view of the intervening censure letter it is not believed that Mr. Edwards should be removed from probation at this time.

## RECOMMENDATION:

It is recommended that Mr. Edwards be continued on probation to be reconsidered in sixty days.

By letter of June 9, 1966, (attached) American Bar Association President-elect Orison S. Marden requests me to serve another year as a member of the Police Function Advisory Committee, which is one of the six subcommittees of the Special Committee on Minimum Standards for the Administration of Criminal Justice.

My current appointment will expire in August, 1966, following the American Bar Association's Annual Meeting and the new appointment would run for one year from that date. Mr. Marden indicated that U. S. District Court Judge Richard B. Austin will probably continue as Chairman of this advisory committee.

Inasmuch as this committee has been an active one and deals directly with those matters pertaining to police qualifications, training and activities, it is definitely felt that the Bureau's best interests would be served by my continuing membership.

Dear Mr. Edwards:

It is my pleasure, as President-Elect of the American Bar Association, to invite you to serve again as a member of The Police Function Advisory Committee to the Special Committee on Minimum Standards for the Administration of Criminal Justice. This appointment is for a one-year term commencing at the adjournment of the 1966 Annual Meeting at Montreal. Judge Lumbard, New York, New York, will serve as Chairman of the main Committee during the 1966-67 Association Year. It is expected that Judge Austin will continue as the Chairman of the Advisory Committee.

As you know, our ABA Standing and Special Committees do much of the pioneering in the development of the Association's policies and programs. Your assistance to the Committee will be greatly appreciated.

I hope that you will send me, to my Chicago office, your early acceptance of this appointment. I will also appreciate your advice if I have incorrectly set forth, above, your name and your business address as they should appear in the ABA Directory.

Sincerely yours,

Inspector H. L. Edwards represented the Bureau at the above meeting. He was assisted by Supervisor [redacted] of the Legal Research Unit of the Training Division.

Edwards is very highly regarded by officers of the Association and he has been serving on important committee posts with the Committee on the Police Function and the Standing Committee on Education Against Communism. In both committees Edwards has been very effective in promoting the Bureau's interests.

Coverage of the Annual Meeting at Montreal was excellent and we have extensive research material which will be very valuable.

The most important step by Edwards was his planting the seed and exploration of obtaining a resolution on more effective action by the ABA against organized crime, especially through attacking shyster lawyers and hoodlum mouthpieces through the Canons of Professional Ethics.

Edwards has explored this through [redacted] of Chicago, Chairman of the Standing Committee on Education Against Communism; immediate past [redacted] all of whom are very favorable. Edwards also conferred with [redacted] of Little Rock, Chairman of a Special Committee on Evaluation of Ethical Standards, which is reviewing the Canons of Ethics. [redacted] suggested that if some source material could be obtained it might be possible to put some teeth into ethical standards covering criminal mouthpieces. (By separate memorandum it was recommended that study be made to see if public source material was available.) This is being closely followed.

As Bureau records will reflect, I have been periodically undergoing medical consultation and out-patient physical therapy for a cervical strain resulting from a whiplash-type injury in January, 1965, when the automobile I was driving was struck from the rear by another automobile one morning while en route to work. I have not lost any full days of work from this nor has it been necessary for the doctor to put me on any type of restricted activity insofar as my job is concerned.

However, in a recent consultation with a neurosurgeon, he indicated that he would strongly urge my hospitalization for one week in order to undergo traction and an intensified course of physical therapy in an effort to improve the chronic condition to the point where regular physical therapy for an indefinite period might be eliminated. Inasmuch as I am anxious to do anything possible to clear up this condition I told him I would be guided by his recommendation. Accordingly, he has arranged for me to enter the National Orthopaedic and Rehabilitation Hospital, 2455 Army-Navy Drive, Arlington, Virginia, Monday, September 19, 1966, for a period of one week. The attending orthopaedic doctor who examined me is  Anderson Clinic, phone: OTis 4-6655.

Dear Mr. Hoover:

Today I returned to work following a period of complete traction and intensive physical therapy at the hospital for a whiplash injury. I am happy to report my doctor considers the condition sufficiently improved to permit normal activity, subject to a recheck by him in about two weeks.

I am most appreciative of your thoughtful and solicitous note as well as the beautiful flowers. It would have amused you to witness the flurry of excitement and awe created by the card "J. Edgar and Associates" which accompanied the flowers. I felt very proud.

Respectfully yours,

Dear Mr. Hoover:

I want to express my appreciation for the fine cooperation afforded by your office in connection with the recent national convention of the Federal Bar Foundation.

Lynn Edwards was most helpful in organizing our luncheon wherein we made awards to non-Government organizations which helped on a national and sustained basis in our efforts to promote the respect for law and those who enforce it. We made awards to the American Broadcasting Company, National Broadcasting Company, Storer Broadcasting Company, Radio Corporation of America and the Sears-Roebuck Foundation.

[redacted] made an outstanding presentation at our panel, "Science Aids Law Enforcement--Prediction, Prevention, Detection, Identification" and reflected great credit on the Federal Bureau of Investigation. Several people who were present came to me after the panel discussion and informed me of how impressed they were with him. You may well be proud of him.

I again want to thank you for your continued support of our activities.

[REDACTED]

His gross salary from December 15, 1965, through July 2, 1966, was at the rate of \$25,325 per annum or \$12.18 per hour. Effective July 3, 1966, his salary became \$25,800 per annum or \$12.40 per hour. Although Mr. Edwards had adequate sick leave accrued to entitle him to full salary for all sick leave taken, his use of such leave decreased his accumulated accrual to that extent, thus making such leave unavailable for future absences due to medical reasons.

I trust this information satisfactorily answers your request.

Sincerely yours,

Mr. Edwards requested that a letter be sent to his attorney [REDACTED] at the above address concerning an up-dating of his sick leave from December 15, 1965, to the present.

Based on my knowledge of his case, I am of the opinion it will be satisfactory for him to resume the use of firearms and strenuous physical exertion, absent, of course, any recurrence of discomfort or distress attributable to the cervical strain incident to a whiplash injury for which he had consulted me.

My dear Mr. Attorney General:

Your letter of October 18th has been received, and I appreciate the kind invitation for me to speak before your 10th Annual Conference for Louisiana District Attorneys and Assistants in New Orleans, Louisiana, on March 10th or 11th. You may be sure Inspector H. Lynn Edwards and my other associates value, as I do, the splendid relationship which has existed between your Office and this Bureau.

While this is something I would very much like to do, the pressure of my official schedule, coupled with the numerous matters which arise daily demanding my immediate attention, precludes my accepting additional commitments in the foreseeable future. I regret it is not possible for me to give you a favorable response but trust you will understand.

Inspector Edwards is available on March 10th, and it is a pleasure for me to designate him to address your gathering on that occasion. Please feel free to communicate directly with him here at FBI Headquarters in order to make whatever arrangements may be necessary.

Sincerely yours,

My dear friend J. Edgar:

As you know, your very efficient inspector, H. Lynn Edwards, has spoken to us on several occasions here in Louisiana, and in particular he addressed our last Attorney General's Conference in New Orleans.

Our Tenth Annual Attorney General's Conference for Louisiana District Attorneys and Assistants will be held in New Orleans on March 9, 10, and 11, 1967, at the Roosevelt Hotel in that city.

I extend to you, on behalf of the District Attorneys of this State, this office, and all our good people, an invitation to address us in one of our business sessions on the mornings of either Friday or Saturday, March 10 or 11. We would be very proud to have you, and I hope you will be able to accept. In fact, we are all looking forward to your joining us.

In any event, my dear friend, should you not be able to accept this engagement, could you designate Inspector Edwards to represent you at this Conference?

We are very proud of our affiliations and our friendship with the F.B.I., and I know you, personally, and Mr. Edwards will do much to continue the good will and harmony that has prevailed between us here in Louisiana.

In response to routing slip request from the Physical Unit, 12-21-66, to be advised concerning my physical condition; I presume this was based on the fact that I was scheduled to see [redacted] at the National Orthopaedic and Rehabilitation Hospital, Arlington, Virginia, on that date for a follow-up check concerning a whiplash cervical strain for which I had consulted him.

b6  
b7C

[redacted] had submitted a certification 11-4-66 indicating no limitation on my physical condition. I saw him twice after that - November 9 and December 21. On the last date his examination indicated I was asymptomatic at that time, and, barring any future recurrence or difficulty, it would not be necessary for him to have any further follow-up checks with me.

Consequently, at present I am experiencing no difficulty and my condition can be described as having no limitation whatever on my physical activity.

The Midyear Meeting of the American Bar Association this year is scheduled for Houston, Texas, February 8 - 14, 1967. This meeting is one of two major meetings of the American Bar Association at which Bureau representation is essential. The Midyear Meeting is the "work horse" meeting at which all of the committees hold business and planning sessions to work over programs, projects, reports, and to formulate program plans for the August Annual Meeting. The House of Delegates holds full sessions at the Midyear Meeting as well as the Board of Governors, both of which are the voting groups of the American Bar Association.

Normally, Bureau coverage is handled by two representatives from the Seat of Government, myself and an alternate. Since SA [redacted] was transferred to Portland as ASAC, there has not been a regularly designated alternate. SA [redacted] of the Legal Research Desk, Training Division, assisted in covering the Annual Meeting in Montréal in August, 1966, and performed very effectively. However, because of the heavy work load at the Seat of Government at this time, I think it would be in the best interest of the Bureau for me to try to handle the Midyear Meeting myself and call upon such assistance from the Houston field office as I might need in case of overlapping commitments where another individual would be required to effectuate proper coverage.

**RECOMMENDATION:** That I cover this year's American Bar Association Midyear Meeting myself except to the extent of calling upon the Houston Office for any additional assistance necessary. If approved, I will work out details with the SAC, Houston.

Dear Mr. Hoover:

On my return to the office this morning from an official assignment in New Orleans, I received your letter of March 8, 1967 directing me to report for assignment to Assistant Director Casper of the Training Division.

Although I must confess the initial news of this reassignment came as somewhat of a shock, after so many years as Number One Man to several Division Heads, my faith in your wisdom and judgment soon dissipated that reaction.

I will approach this new assignment with a firm resolve to continue devoting my talents and energies toward serving you and your causes as best I can.

As long as I am in the Bureau, you and your best interests will never drop below the Number One Spot in my list of priorities.

Respectfully yours,

*Lynn Edwards*

For record purposes, on Friday evening, March 17, 1967, at 10:40 p.m., I received a traffic ticket on Wilshire Boulevard Los Angeles. I was alone, driving a car loaned to me by [redacted] a friend, and was returning to my hotel after having had dinner with a group at the Wilshire Country Club.

The traffic officer cited me for making an "abrupt lane change" to the curb lane from the second lane which he stated caused the car behind me to brake. My actions were inadvertent and prompted by my unfamiliarity with the cross streets and the sudden realization that I wanted to make a right turn at the next intersection. Collateral is being forfeited since there is no basis for contesting the citation and I had reservations to depart Los Angeles early Saturday morning. Copy of the citation is attached.

Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. SUBJECT: H. LYNN EDWARDS  
INSPECTOR  
TRAINING DIVISION  
EOD: 2/10/41  
GS-17 \$25,800

On March 21, 1967, Inspector H. Lynn Edwards reported to the Training Division for assignment.

I told Mr. Edwards that he would continue to handle his liaison responsibilities and in addition to that he would handle legal research matters. He was advised that he would be assigned to the Legal Research Unit headed by Inspector Dalbey and work out of this unit.

Since Mr. Edwards was previously assigned to the Training and Inspection Division, I did not feel it was necessary to review with him the entire work of the Training Division. I informed him that he must keep me fully advised of all of his activities and carry out his assignments in the best traditions of the Bureau.

In reviewing the work of the Inspection Division I have noted that Inspector H. Lynn Edwards, Number One Man to Assistant Director Felt, spends from 50% to 80% of his time on liaison assignments with the American Bar Association, National Association of Attorneys General, National District Attorneys Association, National Conference of Bar Examiners, and related matters which are not connected with the Inspection Division. I feel that in the interest of more efficiency and continuity of direction on the Inspection Staff, Mr. Edwards should be reassigned and be replaced with someone who can devote full attention to the work of the Inspection Staff. This is necessary since in the past year more special surveys and special inquiries, both at the Seat of Government and in the field, have been delegated to the Inspection Staff and need the personal attention of the Assistant Director or his Number One Man.

As some of the liaison work handled by Mr. Edwards is closely aligned with matters handled in the Legal Research Unit of the Training Division, this would be a logical place to assign Mr. Edwards. There he could continue to perform his present liaison duties and assist in handling legal research projects, lectures, and public appearances when needed. This assignment could be made at no change in grade or salary as Inspector Dalbey, the Chief of the unit, is presently in Grade GS 17 as is Mr. Edwards.

A suitable replacement for Mr. Edwards would be Section Chief Leonard M. Walters, Accounting and Fraud Section of the General Investigative Division, who has a very fine record. Mr. Walters EOD 6-15-42, is in Grade GS 16, \$20,745, is 48 years of age, and is married with four children. He served in five field offices prior to July, 1960, when he was assigned to the House Appropriations Committee where he advanced to the position of Director of Surveys and Inspections. On return to the Bureau on 5-1-64 he was assigned to the Inspection Staff and was considered to be one of the most outstanding Inspectors we have had in recent years. He was designated Special Agent in Charge of the Norfolk Office on 1-17-65 where he served until 10-11-65 when he was assigned to his present position. He was rated Outstanding on his last annual performance report and awarded a quality salary increase.

Memorandum to the Director  
Re: Inspection Division  
Personnel Changes

You last saw Mr. Walters on 10-12-66 and noted he made an excellent personal appearance, was mature in bearing and rated him above average. You stated Mr. Walters definitely had potential for accepting additional responsibilities.

Although the Accounting and Fraud Section is considered an important one as it handles the primary matters resulting in fines, savings and recoveries, Mr. Walters can be adequately replaced there, perhaps by one of our Special Agents in Charge who is a qualified accountant.

RECOMMENDATIONS:

(1) That Inspector H. Lynn Edwards be assigned to the Legal Research Unit of the Training Division under the supervision of Assistant Director Casper at no change in grade or salary.

*Yes.  
H*

(2) That Section Chief Leonard M. Walters be assigned as Inspector - Number One Man to the Assistant Director of the Inspection Division at no change in grade or salary. (If you approve, a replacement will be selected for Mr. Walters.)

# PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee H. LYNN EDWARDS

## RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

### RATE ITEMS AS FOLLOWS:

- + Outstanding (exceeding excellent and deserving of special commendation).  
E Excellent.  
✓ Satisfactory (good or very good).  
- Unsatisfactory.  
0 No opportunity to appraise performance during rating period.

### Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
  - Any element rated "Unsatisfactory" must be supported by narrative comments.
  - An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

## NARRATIVE COMMENTS

1. PERSONAL APPEARANCE AND PERSONALITY:

Inspector Edwards makes a substantial personal appearance. He has a pleasant personality and considerable poise and confidence. He has been particularly effective in making many valuable contacts for the Bureau, particularly in the legal field.

2. ABILITY TO PARTICIPATE IN RAIDS AND DANGEROUS ASSIGNMENTS:

While I have not had the opportunity to observe Mr. Edwards in this capacity, he is qualified in all Bureau firearms and I would not hesitate to use him in such assignments either as a leader or a participant.

3. LIMITATIONS ON AVAILABILITY; PHYSICAL LIMITATIONS AFFECTING PERFORMANCE; AND SICK LEAVE INFORMATION:

Inspector Edwards has taken more sick leave than he earned during the rating period. However, this is not regarded as abnormal. Mr. Edwards has been receiving treatment for a whiplash injury incurred in an automobile accident, which treatment included hospitalization from Sept. 19 thru 29, 1966.

4. TYPE OF CASES OR WORK HANDLED AND APPRAISAL OF OVER-ALL PERFORMANCE, INCLUDING ABILITY TO HANDLE COMPLICATED INVESTIGATIVE MATTERS AND SUPERVISION REQUIRED:

During the rating period Inspector Edwards served as Number One Man in the Inspection Division. He has effectively handled the Division in my absence. He has a wide background of experience, particularly in personnel matters, and his guidance and counsel have been helpful at all times.

Inspector Edwards is responsible for liaison with top legal groups, including the American Bar Association, National District Attorneys Association and National Association of Attorneys General. He has a position of stature in these organizations and is serving on key committees which makes it possible for him to guide policies in areas of interest to the Bureau and law enforcement generally.

Mr. Edwards is an experienced Inspector. During the rating period he has handled 3 Seat of Government inspections and the field office inspection of the New Orleans Office. Mr. Edwards also handled a special assignment at Dallas, Texas, in a highly successful manner when he determined the source of a leak to the Dallas Police Department of important information relating to La Cosa Nostra. His work is consistently characterized by a penetrative approach and careful attention to detail. He has handled the more complicated inspection matters with a minimum of supervision.

SUBJECT: AMERICAN LAW INSTITUTE  
44th ANNUAL MEETING, WASHINGTON, D. C.  
MAY 16 - 19, 1967

*Handwritten notes and signatures:*

Mr. Norris Darrell, President of the American Law Institute, Philadelphia, Pennsylvania, has invited me to attend the Forty-fourth Annual Meeting of the Institute and to take part in the discussion of pertinent drafts which will be presented. The annual meeting is scheduled for the Mayflower Hotel, Washington, D. C., Tuesday through Friday, May 16 - 19, 1967.

It will be recalled the American Law Institute is engaged in preparing a Model Code of Prearrest Procedure applicable to law enforcement and, in my capacity as the Bureau's representative on the American Bar Association's Committee for Minimum Standards pertaining to the police function, I was also named as a member of the Advisory Committee to the American Law Institute on its Model Code of Prearrest Procedure. The Model Code deals with that important area of police action from the point of the police's initial contact with a suspect or subject through the stages of search and seizure, interrogation, arrest and up to arraignment. Considerable work had been done on tentative drafts of the Model Code but the work was halted following the Miranda decision in 1966. It is anticipated this matter will again receive considerable attention during the American Law Institute's Annual Meeting. Therefore, it would appear to be in the Bureau's best interests for me to attend the meeting.

## RECOMMENDATION:

That I be authorized to accept the invitation to attend and participate in the annual meeting of the American Law Institute. Upon approval, this memorandum should be returned to the Training Division for appropriate action.

Dear Mr. Hoover,

In line with our discussion this morning, I am her submitting my request for retirement, effective at the Bureau's convenience. I hope I adequately conveyed to you what a difficult decision this was.

I plan to accept the position of Director of the Philadelphia Law Enforcement Planning Council, a nonpolitical group of prominent Philadelphians who are launching what they hope will be another successful "first" experiment, designed to overhaul, strengthen and improve the entire spectrum of law enforcement in that city and perhaps become a model for the nation. I know this offer came largely as a result of experience gained under your exemplary leadership and you may be assured I will do all in my power to continue to bring credit to you and the Bureau in this new venture. I will keep alert to opportunities for beneficial cooperation with the Bureau, especially through the Philadelphia Office.

I would deeply appreciate being placed on the mailing list to receive the Uniform Crime Reports, the Law Enforcement Bulletin, your articles and speeches, and "The Investigator."

Once again, thank you for your sympathetic understanding of my action and for your very generous and complimentary words on my work. The privilege of serving you has enriched my life beyond description and I shall always cherish the association.

May you be blessed by all good things for years to come.

Respectfully yours,

As you know Inspector H. L. Edwards has been representing the Bureau in a liaison capacity at the American Bar Association, 90th Annual Meeting, Honolulu, Hawaii. Indicative of the excellence of Mr. Edwards' liaison duties is his being named to the Council of the American Bar Association's Section of Criminal Law. This Section's committees study counsel for the indigent, Federal rules, police investigative methods and similar problems. This is a key committee to have a Bureau representative on, and I believe Inspector Edwards should be commended for his liaison activities with the American Bar Association; in particular, for his being elected to this important position.

## APPLICATION

- ☐ The "Application for Retirement" will be forwarded by the Bureau to the Civil Service Commission (CSC) for approval.
- ☒ The enclosed "Application for Retirement" should be executed (or changed as indicated below) and promptly returned to the Bureau for forwarding to the Civil Service Commission (CSC) for approval. The information sheet attached to the application is for your records and you should detach it before sending in the application.

## DEPOSIT OR REDEPOSIT

Making either a deposit or redeposit is optional. Such amounts are paid directly by you to CSC; therefore, it is possible that you have already made the deposit or redeposit indicated below without the Bureau's knowledge, having dealt directly with CSC. If so, you may ignore this matter now. If not, after a review of the approximate annuity figures shown below, should you decide to make a deposit or redeposit, you should request Bureau to forward Standard Form 2803 to you. This form should be returned to the Bureau.

- ☒ Not applicable
- ☐ The deposit you may owe is a payment to the retirement fund to cover a period of service during which no retirement deductions were withheld from salary. Credit is given for service not covered by deductions; however, if the deposit is not paid, your annuity will be reduced each year by 10% of the amount due as deposit. The amount you may owe is approximately \$ \_\_\_\_\_.
- ☐ The redeposit you may owe is a payment to the retirement fund to cover a period of service for which retirement deductions were withheld from your salary but later refunded to you following your separation from civilian employment. No credit is allowed in the computation of annuity for the period of service covered by the refund unless redeposit is made. The amount you may owe is approximately \$ \_\_\_\_\_.

## ANNUITY

Annuities are computed on full months of service. The estimated annuity below is based on your ☒ Bureau service, ☐ other civilian Government service and/or ☐ military service known to us, totalling 24 years, 7 months and 0 days. CSC makes the official computations and determines whether prior service is creditable, advising you direct the exact amount of your annuity. The figures below are only estimates, and they do not take account of deduction for health insurance coverage. You should receive the first annuity check about two months after separating from the Bureau's rolls.

## TYPES OF ANNUITY

plus annuity for each eligible child.

## SEPARATION FROM ROLLS

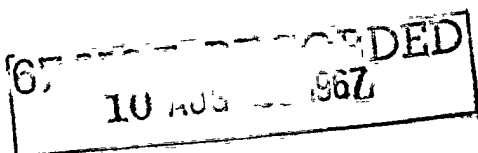

It is satisfactory to cease active duty on 9-8-67, and the annuity will commence 9-10-67

- ☒ immediately following the cease-active-duty date.
- ☐ immediately following the expiration of current accrued annual leave on \_\_\_\_\_ earned through \_\_\_\_\_

Item 4 under B, Date of Final Separation, on the retirement application, should show separation date from the Bureau to be at close of business 9-9-67, and ~~it should be changed accordingly~~ ☐ provided no annual leave is used by you subsequent to \_\_\_\_\_.

- ☐ If retirement is for disability, separation takes effect after the approval of CSC is received by the Bureau or after the expiration of accrued sick leave, whichever occurs later. Under Internal Revenue Service regulations, some sick pay and disability income is not taxable; thus, you may be able to exclude from Federal income tax liability all or a part of the payments you receive for sick leave used and for annuity received as a disability annuitant. Any such exemption would terminate when you reach normal retirement age. Questions you may have as an annuitant regarding your income tax liability or privileges can be answered by the Internal Revenue Service.

- ☒ You will receive a lump-sum payment for your accumulated annual leave in the approximate amount of \$ 6,900.

### FEDERAL EMPLOYEES' GROUP LIFE INSURANCE ACT

☐ Records show you executed Standard Form 53, "Waiver of Life Insurance Coverage."

☒ Your coverage is in the amount of \$20,000. You may continue this group insurance coverage at no premium cost following retirement or convert the insurance to an individual life insurance policy without medical examination. If converted, the double indemnity and dismemberment protection stops, and you will pay the usual premium charged by the company for a person of your age and class of risk. If you elect to keep the group insurance, your protection in the above amount continues until you are age 65. At that time this amount begins to reduce at the rate of 2% per month until you are about 68 years and 2 months of age. If you are now 65 or over, the same reduction process occurs, the maximum reduction being reached in three years and two months. Coverage in the reduced amount (25% of face value) continues at no cost as long as you remain a retired annuitant. If you wish to convert the group life coverage, the Bureau should be advised immediately. Otherwise, the original of Standard Form 56, Agency Certification of Insurance Status, will be forwarded to CSC and a copy will be forwarded to you by the Bureau at a later date.

### DESIGNATION OF BENEFICIARY, STANDARD FORM 54, FEDERAL EMPLOYEES' GROUP LIFE INSURANCE ACT OF 1954

Designation filed:

☐ No, but not necessary as beneficiary will be in order of precedence used by United States Government, i.e., (1) widow or widower, (2) children, (3) parents, etc.

☒ Yes; beneficiary designated as 1. wife, full, Constance M. 2. daughter, full,

This designation is being forwarded to CSC and it will remain valid unless changed or canceled. Contact CSC for any change desired following retirement. b6  
b7C

### FEDERAL EMPLOYEES HEALTH BENEFITS ACT OF 1959.

☐ Records show you elected not to enroll

☒ Records show you enrolled in the following plan:

☐ Government-wide Service Benefit Plan (Blue Cross - Blue Shield)

☐ Government-wide Indemnity Benefit Plan (Aetna Life Insurance Company)

☐ Comprehensive Medical Plan

☒ Special Agents Mutual Benefit Association (SAMBA)

Note: The life insurance you have under this plan will continue in force for 6 months following your last semi-annual premium payment. If you desire to continue the protection beyond this time, you may do so without a physical examination. You may elect to continue up to age 70 at group rates a specific amount of your SAMBA Life Insurance. If you presently carry \$3,000 of life insurance with SAMBA, you may continue \$1,000 after you retire at a cost of \$2.25 semiannually. If you presently carry \$7,000 to \$11,000, you may continue \$3,000 at a cost of \$11.25 semiannually. If you presently carry \$11,000 or over, you may continue \$6,000 at a cost of \$27.45 semiannually. The life insurance that cannot be continued with SAMBA can be converted to a regular policy with Prudential. At age 70 you may convert the amount of life insurance carried with SAMBA to a regular policy with Prudential.

Your desire in respect to your SAMBA life insurance at retirement should be communicated in writing to SAMBA, 1720 Massachusetts Avenue, Northwest, Washington, D. C. 20036. If you have Dependents' Group Life Insurance, this will continue until the next semiannual premium is due (1-10 or 7-10), with a 31-day grace period. You may convert the insurance on your spouse to an individual policy with The Prudential Insurance Company of America without a medical examination. The premium will be the same as if your spouse applied for an individual policy at that time. You may make the necessary conversion arrangements through the nearest Prudential Office.

Unless you cancel your present enrollment, you will remain under your health benefits plan after retirement, and your enrollment will be transferred to CSC. The cost of your share of the plan will be deducted from your annuity by CSC.

Enrollment of an employee who dies while he is enrolled "for self and family" continues for his family if at least one family member is entitled to an annuity as the survivor. If the survivor annuitant is the only eligible family member, the retirement system will automatically change the enrollment to "self."

The original of Standard Form 2810, "Notice of Change in Enrollment Status," will be forwarded to you by the Bureau at a later date.

### SPECIAL ACCIDENT AND TRAVEL INSURANCE (SATI)

If you are a member of SATI, after your retirement you may continue but not increase coverage up to a maximum of \$25,000 at the rate of \$2.25 per thousand. If you have coverage on your wife and children, it will continue only until the next premium is due, and cannot be renewed. Further information on SATI can be secured by writing Wright and Co., 1001 Connecticut Avenue, Northwest, Washington, D. C. 20036.

SUBJECT: H. LYNN EDWARDS  
Inspector  
Legal Research Unit  
Training Division  
EOD 2-10-41; GS-17, \$25,800

The following is a brief summary of Mr. Edwards' record for the Director's use.

Mr. Edwards entered on duty on 2-10-41, as a Special Agent and is presently assigned to the Training Division in the Legal Research Unit. He is in Grade GS-17, \$25,800 per annum, is 52 years of age, is married and has 1 child. His services were rated EXCELLENT on his 1967 Annual Performance Report. There are no restrictions on his availability and he is interested in and has excellent qualifications for administrative advancement.

The most recent severe administrative action taken against Mr. Edwards was on 3-17-66, when he was CENSURED, PLACED ON PROBATION, DEMOTED from GS-17, \$25,325 per annum to GS-15, \$20,595 per annum, RELIEVED of his duties as #1 Man to the Assistant Director of the Inspection Division and ORDERED UNDER TRANSFER to Detroit as Assistant Special Agent in Charge. This action was taken inasmuch as he admitted furnishing information obtained by him at an Executives Conference meeting to an individual who was not entitled to receive this information. He further admitted that he took this action knowing full well that matters discussed at sessions of the Executives Conference were confidential. On 3-18-66, the Director saw him and commented that Mr. Edwards was most contrite and apologetic over what had occurred and stated in advising Mr. Malone of the comments which had been made about him, Malone, at the Executives Conference, he had no idea of conveying gossip but merely to caution Mr. Malone about his contacts so that he would not be an embarrassment to the Bureau. After talking to him and strongly emphasizing to him that if there was any information to be conveyed to personnel of the Bureau as a result of discussions at the Executives Conference, the Director would take care of that and it was not his function to act as intermediary in such matters, the Director issued instructions that his demotion and transfer be canceled but that he be CONTINUED ON PROBATION for the time being. Since this action was taken he has been CENSURED on 1 occasion, 3-25-66, for his failure to submit <sup>a speech</sup> sufficiently in advance of the commitment to give reviewing officials ample time to make corrections or suggestions necessary and also it was found to contain numerous items which should not be used. He was REMOVED FROM PROBATION on 6-24-66.

RE: H. LYNN EDWARDS  
Inspector  
Training Division

Since the administrative action taken against him on 3-17-66, he has been COMMEDED on 3 occasions, the last being on 8-21-67, for the exemplary manner in which he handled himself while representing the Bureau in a liaison capacity at the American Bar Association's 90th Annual Meeting in Honolulu.

His [redacted] SA [redacted] EOD 11-17-47, is assigned to the Laboratory Division. He is in Grade GS-14. \$17.721 per annum and his services are rated EXCELLENT. His [redacted] SA [redacted] entered on duty on 1-5-48, in a clerical capacity, was on military leave from 8-25-50 to 7-7-52, and was appointed a Special Agent on 7-11-55. He is presently assigned to the Richmond Office, is in Grade GS-13. \$14.217 per annum and his services are rated EXCELLENT. His [redacted] and [redacted] are former Bureau employees and their services were considered satisfactory.

On 3-21-67, he was transferred from the position of #1 Man to the Assistant Director in the Inspection Division to the Legal Research Unit of the Training Division with no change in grade or salary. This change was made inasmuch as he spent from 50% to 80% of his time on liaison assignments with the American Bar Association, National Association of Attorneys General, National District Attorneys Association, National Conference of Bar Examiners and related matters which were not connected with the Inspection Division. Mr. Tolson felt that in the interest of more efficiency and continuity of direction on the Inspection Staff, he should be reassigned and be replaced with someone who could devote full attention to the work of the Inspection Staff.

August 24, 1967

MEMORANDUM FOR MR. TOLSON

On August 22, 1967, I saw Inspector Lynn H. Edwards who advised me that he was desirous of retiring in order to accept the directorship of the group in Philadelphia which is going to endeavor to reorganize the law enforcement machinery in that city. Mr. Edwards stated he regretted leaving the Bureau but that the fact that he was almost continuously in travel status made it necessary for him to find other employment so that he could spend more time with his wife. He also indicated the position in Philadelphia would pay an increased compensation.

Mr. Edwards offered to be of any assistance he could to the Bureau in the future.

Mr. Edwards, in his conversation with me, indicated he thought that all of the Liaison work such as that with the American Bar Association, the States Attorneys General Association, the State Prosecuting Attorneys Association, et cetera, should be placed under the supervision of [redacted] in the Training Division. Will you please advise me as to how these matters are handled now so I can decide what changes, if any, to make?

Dear Mr. Hoover,

With reference to my letter of August 22, submitting my request for retirement, I have now had an opportunity to make an estimate of the time required for an orderly winding-up of my work and for completing the current scheduled commitment with the National Association of Attorneys General Annual Meeting at Portland, Oregon, which I discussed with you. Subject to your approval, I feel I can complete everything by the close of business Friday, September 8, 1967, and cease duty at that time.

Should this not be satisfactory with you for any reason, I will abide by your wishes.

Dear Mr. Hoover,

After much hesitation and considerable thought, I am chancing a request which I felt ineligible to make while remaining in the Bureau. I have always admired the Autrey color photographic portrait of you and I vividly recall your relating to me your experience in having it taken.

*ack.*  
At present, I have only a black and white autographed photograph of you. If you have a spare copy of the Autrey, I would consider it a great honor to have it framed for my new offices and would be most grateful if you could autograph it to me as a memento of my Bureau career.

If this request is in any way out of line, I will completely understand.

# PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee H. LYNN EDWARDS

## RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

### RATE ITEMS AS FOLLOWS:

- + Outstanding (exceeding excellent and deserving of special commendation).  
E Excellent.  
✓ Satisfactory (good or very good).  
- Unsatisfactory.  
O No opportunity to appraise performance during rating period.

### Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
  - Any element rated "Unsatisfactory" must be supported by narrative comments.
  - An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

In memo of 8/24/67 from the Director to Mr. Tolson, he set forth the results of his conversation with Inspector H. L. Edwards on 8/22/67 when Mr. Edwards advised of his intention to retire. During the conversation, Mr. Edwards stated he thought that all of the liaison work being performed by him should be placed under the supervision of Inspector Dwight J. Dalbey of the Training Division. The Director asked, "Will you please advise me as to how these matters are handled now so I can decide what changes, if any, to make?"

At the present time, Inspector H. L. Edwards maintains close liaison with the American Bar Association, the National Association of Attorneys General, the National District Attorneys Association, the Federal Bar Association, the National Conference on Citizenship and the American Law Institute. In the course of maintaining and developing liaison with these organizations, Mr. Edwards also is a committee member of the following committees: The National Law Observance Committee of the Federal Bar Association; the Advisory Committee on the Police Function (a subcommittee of the American Bar Association's Special Committee on Minimum Standards for the Administration of Criminal Justice); the American Bar Association's Standing Committee on Education about Communism and its Contrast with Liberty Under Law; the American Law Institute Committee to Draft a Model Code on Prearrest Procedure; the Federal Bar Association's National Committee on Juvenile and Youth Problems (Inspector Edwards is the Chairman); the Council of Criminal Law Section, American Bar Association; Board of Directors, National Conference on Citizenship, and the Criminal Law Section Committee on Police Selection and Training of the American Bar Association.

REC-141

67-191084-467

In the course of maintaining close and effective liaison with the above organizations, and maintaining active membership in the above-listed committees, these duties have taken the majority of Inspector Edwards' working time and this liaison job has developed into practically a full-time job for one man. It should be noted that Inspector Edwards assumed these duties in 1959 when assigned as No. One Man in the Crime Records Division. When Mr. Edwards was transferred from the Crime Records Division to assume duties as No. One

W. S. HYDE TO MR. MOHR  
INSPECTOR H. LYNN EDWARDS  
ASSIGNMENT OF LIAISON DUTIES

Man in the Training and Inspection Division, he took his liaison duties in connection with the American Bar Association with him and he continued to handle them to the present time.

It is realized that Inspector Edwards strongly recommends that these liaison duties be handled by individuals assigned to the Legal Research Unit of the Training Division, headed up by Inspector Dwight J. Dalbey. However, it is felt that these liaison duties instead should be handled in the Crime Records Division because they more closely resemble the type of work handled in that Division. Due to the voluminous nature of the duties, it may also require in the future that they be handled by more than one individual. If this is the case, a number of qualified individuals would be available in the Crime Records Division who have had experience in liaison-type work.

RECOMMENDATION:

That the liaison duties which have been handled by Inspector H. L. Edwards in connection with the American Bar Association and other related organizations be reassigned to the Crime Records Division.

NO CHANGE WILL BE PERMITTED AFTER AN ANNUITY HAS BEEN GRANTED. IF YOU WANT AN ANNUITY WITH A SURVIVOR BENEFIT, BE SURE TO GIVE THE OTHER INFORMATION CALLED FOR.

#### F. TYPES OF ANNUITY: MARRIED APPLICANTS ONLY

1. ☒ **ANNUITY WITH SURVIVOR BENEFIT TO WIDOW OR WIDOWER**

SPECIFY THE PORTION OF YOUR ANNUITY YOU WANT USED AS THE BASE FOR YOUR WIDOW'S (OR WIDOWER'S) SURVIVOR ANNUITY.

If you want all your annuity used as the base for the survivor benefit, write the word "all" in the box below. If you want only part of your annuity used as the base for the survivor benefit, write the yearly amount of your annuity you want used.

*all*

THE SURVIVOR'S ANNUITY WILL BE 55% OF ALL OR WHATEVER PORTION OF YOUR ANNUITY YOU SPECIFY AS THE BASE FOR HER (OR HIS) BENEFIT.

→ • The annuity payable to you during your lifetime will be reduced by 2½% of any amount up to \$3,600 a year used as the base for the survivor benefit, plus 10% of any amount over \$3,600 so used.

• If you retire for total disability before age 60 and get a guaranteed minimum disability annuity, you may use all or any part of your "earned" annuity as the base for the survivor benefit. You cannot use any extra annuity which may be payable to make up the guaranteed minimum annuity.

• If your wife (or husband) should die before you, no change in type of annuity will be permitted, your annuity will not be increased, nor may you name any other person as survivor.

→ • The survivor's annuity will begin upon your death and end when she (or he) dies or remarries.

2. ☐ **ANNUITY WITHOUT SURVIVOR BENEFIT**

In accordance with instructions of Mr. Tolson, I discussed with Inspector Edwards today the possibilities of a replacement of him by a Bureau representative on some of the Committees on which Inspector Edwards presently serves in a liaison function. Inspector Edwards advised that he anticipates no problem whatsoever in connection with this matter.

At the present time, Inspector Edwards is a member of the American Bar Association and the Federal Bar Association. His successor, if not a member of these Associations, could become such merely by filling out and submitting an application, and Inspector Edwards can take steps to insure that the handling of the application would be expedited.

At the present time Inspector Edwards serves as a Bureau designated liaison representative to the National Association of Attorneys General, the National District Attorneys Association, the National Conference on Citizenship and the American Law Institute. He is not a member of any of these organizations. His successor can be designated as the Bureau representative to these Associations merely by a letter from the Director to the President of the respective Associations, advising that the successor has been designated to succeed Inspector Edwards in view of the latter's retirement.

There is set forth below the Committees of the various groups named above on which Inspector Edwards presently serves, together with a brief statement as to the status of the Committee and the manner in which Inspector Edwards' successor would replace him on the Committee:

The Advisory Committee on the Police Function (a subcommittee of the American Bar Association's Special Committee on Minimum Standards for the Administration of Criminal Justice.)

Bishop to DeLoach Memo, 9/1/67  
RE: Inspector H. Lynn Edwards  
Assignment of Liaison Duties

The American Law Institute Committee to Draft a Model Code on Prearrest Procedure. Inspector Edwards advised that the above two Committees have completed their business and are in the process of being dissolved. Therefore, no effort need be made to have Mr. Edwards' successor serve on these Committees.

The National Law Observance Committee of the Federal Bar Association. Mr. Edwards would write a letter to the Chairman of this Committee, advising of his retirement and recommending that his successor replace him on the Committee, which Mr. Edwards states would be done.

The American Bar Association's Standing Committee on Education about Communism and its Contrast with Liberty Under Law. The same procedure would be followed as with regard to the Committee listed immediately above.

The Federal Bar Association's National Committee on Juvenile and Youth Problems (Inspector Edwards is the Chairman.) The Chairman of this Committee is appointed and Mr. Edwards' Chairmanship ends in October, 1967. Mr. Edwards states that he can request the President of the Association, by letter from him, to name his successor as a member of this Committee and as its Chairman, and his request will be granted.

Criminal Law Section's Committee on Police Selection and Training of the American Bar Association. Mr. Edwards is Chairman of this Committee and his successor would succeed Mr. Edwards as Chairman on the recommendation of Mr. Edwards in a letter to the President of the American Bar Association. Mr. Edwards advised that he felt confident his recommendation would be adopted. It is noted that Mr. Edwards' successor could become a member of the Criminal Law Section of the American Bar Association merely by designating his desire to do so at the time he fills out his application for membership in the American Bar Association.

Board of Directors, National Conference on Citizenship.  
The above position, presently held by Mr. Edwards, is as a result of

Bishop to DeLoach Memo, 9/1/67  
Re: Inspector H. Lynn Edwards  
Assignment of Liaison Duties

election by the Executive Committee of the National Conference on Citizenship. The next meeting of this organization is scheduled for the latter part of September or early in October, 1967, and Mr. Edwards feels confident that his recommendation that his successor be elected to the Board of Directors of the National Conference on Citizenship would be adopted by the Executive Committee.

Council of the Criminal Law Section of the American Bar Association. Membership on the Council of the Criminal Law Section of the American Bar Association is an elective office and the next election would not be held until the next national convention of the American Bar Association in August, 1968. Mr. Edwards advises that he feels that through the liaison which would be developed by his successor through membership in the Criminal Law Section of the American Bar Association for a period of almost one year, that there would be an excellent possibility of his successor being elected to the Council of this Criminal Law Section at next year's convention.

Mr. Edwards advised that he realizes that his membership on the above listed Committees was as a Bureau representative and stated that he would do everything in his power after his retirement to insure that his successor as the liaison representative would gain entree to the same Committees and positions held by him.

MEMORANDUM FOR MR. TOLSON  
MR. MOHR

On August 22, 1967, I saw Inspector H. L. Edwards who has been assigned to liaison duties in the Training Division. Mr. Edwards informed me he had been offered a position with a crime investigating outfit in Philadelphia and was, therefore, asking for retirement.

He expressed a desire to be of any cooperation he could to the Bureau in the future and also in assisting whoever takes his place in the liaison function with the various organizations with which he was in contact over the years.

Dear Mr. Hoover:

I am reminded by the approaching year's end that another birthday is on the horizon for you. Heartiest congratulations, and may you enjoy the day in refreshing relaxation from the tremendous daily pressures to which I know you address yourself.

In the few short months since my retirement, not a day has passed without my being reminded of those wonderful years in the F.B.I. under your leadership. My present position has been most satisfying and challenging, but I can assure you the road has been made appreciably easier, thanks to my rich Bureau experience.

As soon as I can claim some really tangible accomplishments of special interest, I will fill you in on them. May God bless you throughout 1968 and may the Nation continue to be the beneficiary of your wisdom and talents for years to come. Mrs. Edwards joins me in all of these sentiments.

Sincerely, REC-144

# **FBI Veteran Will Direct City Law Group**

H. Lynn Edwards, a veteran member of the Federal Bureau of Investigation, has been named executive director of the Philadelphia Law Enforcement Planning Council.

This was announced today by Marvin Comisky, planning council chairman and former chancellor of the Philadelphia Bar Association.

Edwards, a native Pennsylvanian, retired this month after 25 years' service with the FBI. He is 52 and lives in the Hopkinson House, 7th St. and Washington Square.

"We could not have found a better man to guide us in the exceedingly important task of developing the recommendations for strengthening police, courts, probation and parole services and prisons and jails," Comisky said.

The planning council consists of nine members with Mayor Tate, Paul D'Ortona, president of city council, and Judge Vincent Carroll, administrative judge of Common Pleas Court, each naming three. The council was created in March to develop comprehensive plans for improving the law enforcement and criminal justice system of the city.

Edwards, a native of Nanty Glo, Cambria County, received a bachelor of arts degree at Dickinson College and subsequently earned his law degree at the Dickinson Law School.

While with the FBI, he was a personnel officer, chief of the personnel management section, deputy in charge of the crime records division, inspector in charge of training, and inspector and deputy to the assistant director of training and inspection division. His most recent post was inspector in the Legal Research Unit.

Mr. DeLoach:

*For [unclear]  
J. [unclear]*

You may have already heard rumors that former Inspector H. Lynn Edwards is returning to Washington in the near future. He was at the American Law Institute Meeting in New York last Thursday and Friday and told me that his formal resignation as Executive Director of the Philadelphia Law Enforcement Planning Council had been submitted and accepted on Wednesday, 1-8-69.

*7  
1/13*

He is due to come to Washington March 1st and will be an Assistant Director of the local American Bar Association's Washington Office. He stated that during the next 2 to 3 years his principal task will be to assist the Criminal Law Section of the ABA, although he will have other ABA responsibilities if he has time. Of course, L. B. Nichols is Chairman of the Criminal Law Section this year and the fact that Edwards is being employed on a full-time basis principally to work for this Section is an indication of the degree of importance attached to this field by the ABA at this time.

Edwards still owns his home locally but stated he would have to lease an apartment for at least 6 months since he will not be able to obtain occupancy prior to that time.

Dear Mr. Gray:

As a former Inspector and member of the ~~Society~~ Society of Former Special Agents of the FBI, I was one of those privileged to avail myself of your most thoughtful and kind invitation for a special tour of the new training facilities at Quantico last Saturday, September 23, 1972. Mrs. Edwards accompanied me, and on behalf of both of us, I wish to take this opportunity to thank you for an experience which not only occasioned a good deal of nostalgia, but also gave us a firsthand view of what I consider the most outstanding training facilities I have seen anywhere in the country.

Every member of your Quantico staff, including Assistant Director Tom Jenkins, Special-Agent-In-Charge of Firearms Training George Zeiss, the faculty, and all of the others, did their utmost to explain the complex of facilities which the Bureau now has at Quantico. I am certain those individuals in law enforcement who will be fortunate enough to participate in training programs there will be exposed to the most modern and efficient tools anywhere in existence.

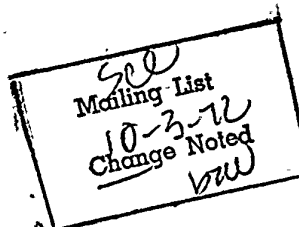

Thank you for giving us this opportunity, and may the Bureau's reputation for unexcelled training be even more enhanced as this complex is put into use.

Sincerely,

H. Lynn Edwards  
Staff Director

Dear [Redacted]

I have seen the copy of your letter dated September 11th, which Mr. H. Lynn Edwards sent to Inspector Jack E. Herington.

In response to your inquiries, I would first like to make some distinctions. It is assumed that your interest is actually in the training of police recruits who have been employed as police officers. A relatively small number of police departments have a large enough budget for a cadet program designed to employ persons who have not reached the required age to become a police officer. These young persons generally perform clerical-type work with the view toward later becoming police officers when they qualify.

Second, there is a distinction also between police training and education of police officers. Police training is designed to give law enforcement personnel the knowledge and techniques used in their day-to-day work. Most police administrators are additionally urging their personnel to further their education, particularly at institutions of higher learning. A large number of these institutions have recognized this need and now provide curricula containing subjects of interest to law enforcement and some offer police science degrees.

This Bureau provides police training on almost every phase of law enforcement work ranging from recruit training through

training for command level officers and police administration. Our program is designed to insure that our police instructors are kept current on all new developments that might affect law enforcement, and most certainly during the last few years we have noted an increased interest, on the part of departments requesting our assistance, in legal problems and in police-community relations.

Enclosed is an article concerning our training programs together with a copy of my testimony on April 17, 1969, before the House Subcommittee on Appropriations. You are referred to page 33 in the latter document.

Mr. H. Lynn Edwards  
Federal Bureau of Investigation  
U.S. Department of Justice  
Washington, 25, D.C.

Dear Mr. Edwards,

The Columbia Journal of Law and Social Problems is presently preparing an article on training techniques for police cadets. The article will concentrate on the shift in police training from practical experience to academic areas. The main focus of the article will be in changes in substance caused either by recent court rulings or as a response to a greater awareness of the problems of the community.

As your organization is quite instrumental in the training of local police officers, I would appreciate receiving from you any materials or information on the expansion of classroom education for police trainees. I am interested in the content of police training courses as well as how many departments are actually giving rigorous academic training. I would also be grateful for any suggestions as to where else I could obtain similar information.

Respectfully yours,

## CLEO Institutes to Prepare 450 for Law School

More than 30 law schools are joining in 1969 summer programs to prepare about 450 minority group students for law school next fall. The Council on Legal Education Opportunity, headquartered in Atlanta, has organized the program which includes 10 CLEO Regional Summer Institutes and special programs in Toledo and Albuquerque. Funding for the summer institutes will be supplied by the sponsoring schools and the Office of Economic Opportunity.

**93 in Law School** Δ The program was created late in 1967 to help increase the number of members of minority groups entering the legal profession. It is designed to assist them in meeting law school admission standards. One hundred and twelve students successfully completed the program at four summer institutes held in 1968. Ninety-three of these now are attending 34 accredited law schools through grants from the Ford Foundation.

The 1968 program included some students who had not yet completed four years of college. This year, the institutes will be open only to those who could enter law school in the fall through successful completion of the institute program. The original Ford grant has been exhausted, and CLEO is seeking funds for scholarships for the 1969-70 school year from foundation, government and other sources. CLEO hopes to be able to obtain sufficient financial aid for needy minority students who do not participate in the summer program as well as for those who do.

The 1969 CLEO Institute sites and sponsors:

**Michigan Consortium**—Wayne State University Law School, Detroit. Other sponsors are the law schools of University of Michigan, University of Detroit and Detroit College.

**New York Consortium**—New York University School of Law, New York City. The co-sponsor is Columbia University Law School.

**Ohio Valley Consortium**—University of Cincinnati College of Law. Other sponsors are the law schools of

Ohio State University, University of Louisville and University of Kentucky.

**Durham Consortium**—To be held on campuses of both sponsors, the law schools of North Carolina College and Duke University.

**Charlottesville, Va.**—University of Virginia School of Law.

**Baton Rouge, La.**—Southern University School of Law.

**Midwest Consortium**—University of Iowa College of Law, Iowa City. Other sponsors are the law schools of the University of Chicago, Illinois, Indiana at Bloomington and Indianapolis, Michigan, Minnesota, Northwestern, Ohio State and Wisconsin.

**California North**—Located at San Francisco will be sponsored by the law schools of northern California.

**California South**—Loyola University School of Law, Los Angeles. Other sponsors include the law schools of U.C.L.A. and the universities of California Western, Southern California, and San Diego.

**Denver**—University of Denver College of Law.

The New York consortium plans to train 60 minority group pre-law students and the Midwest institute 48. Forty will be trained at each of the others. All will be held for six weeks with the exception of Durham which will last four weeks.

Each of these institutes will present a full-time intensive study program covering a variety of legal subjects. They will be designed to provide training in verbal and analytical skills needed in the typical law school program.

**Other Programs** Δ In addition to the summer institutes, a special pilot program will be held with 15 students at the University of Toledo College of Law. This will emphasize clinical training.

A separately-funded program will be conducted at the University of New Mexico School of Law for a group of American Indian pre-law students.

## State Specialization Experiments Authorized; Fault System for Accident Reparations Endorsed

The House of Delegates has authorized the Association's Special Committee on Specialization to work with state bars to experiment with pilot plans for specialization.

Other House action at the midyear meeting included:

Δ Endorsement of the "fault system" of providing reparations for auto accident victims and opposition to Keeton-O'Connell, American Insurance Association and other "quick settlement" plans.

Δ Endorsement of a recently-announced Department of Health, Education and Welfare program designed to provide legal services to welfare recipients.

Δ Deferral until the annual meeting in August of a report on group legal services to allow time for further study.

Δ Adoption of a recommended model court rule designed to permit law students to engage in intern-type law practice.

Δ Approval of a proposal encouraging establishment of "ombudsman" systems by state and local governments.

Δ Unanimous approval of dues increases ranging from \$2 yearly for new admittees to practice to \$10 a year for senior members.

The approved recommendation of the specialization committee headed by Chesterfield Smith of Lakeland, Fla., said "the ever-increasing pattern of specialization in the practice of law, coupled with the lack of experience of the legal profession in regulating" specialization, made it appropriate for states to experiment with pilot programs. The committee report said the ABA "should not promulgate a national plan to regulate voluntary specialization at this time." But the Smith Committee was given continuing general jurisdiction in this field for ABA.

The committee was directed to "collect data, make surveys, conduct studies . . . and generally assist state bar associations upon request in developing" specialization programs.

"In my opinion, the resolution adopted by the House commits the Association to a course of action which will in time lead to a solution of the existing dilemma of the organized bar in the regulation of legal specialization," Chairman Smith said after the House action. "For the first time in its history, the ABA has a committee with general jurisdiction of all matters pertaining to legal specialization.

"While admittedly the action is only a first step, its importance is two-fold. First, it does commit the Association to seek a solution to one of the most vexing and troublesome areas in the structuring of the organ-

ized bar, the regulation of legal specialization. Second, it determines that the approach taken in solving the problem will be evolutionary and not revolutionary.

"While I cannot now predict with any certainty that the action taken will ever lead to the development of a national plan of legal specialization, I do believe, and

Harvard law school has invited applications from experienced practitioners for graduate fellowships with liberal stipends providing one year of training leading to the LL.M. degree. The announcement said applications, to be filed by April 1, were sought from lawyers "whose special interests are the challenges to legal doctrine and institutions posed by poverty and other forms of deprivation." Inquiries should be directed to the Committee on the Legal Services Program, Harvard Law School, Cambridge, Mass. 02138.

# Gossett Says Fear of Crime Imprisons Our Free Society

Association President William T. Gossett told a national crime conference in San Francisco that crime and violence "threaten not only our property and even our safety; they threaten as well the very foundation of our free society."

"The fear of random attack or organized violence imprisons a people, as surely as any Berlin Wall," he added.

Mr. Gossett spoke at a national emergency conference sponsored by the National Council on Crime and Delinquency in San Francisco Feb. 3-4, as part of a nationwide private citizens' effort to meet crime problems. The session he addressed dealt with justice and the courts.

Attorney General John N. Mitchell, in another conference address, called for marshaling of private resources to fight crime in the pattern of United Fund drives which support private welfare programs. He said there must be coordinated professional guidance in the anti-crime effort by such organizations as the American Bar Association, the International Association of Chiefs of Police, and the newly-formed Citizens for Justice with Order.

**Prime Threat** Δ Mr. Gossett said that "fundamentally, the reason crime and violence are such a threat to us today is that they are massive obstacles to attainment of an open and free society."

"A man—or a city—fearful of physical attack in his own neighborhood is not free; not free to walk the streets in confidence, not free to trust a stranger, not free to live in happiness among the people of his own community."

Mr. Gossett cited a recent survey that showed one of every three Americans feels unsafe walking in his own neighborhood at night, and that in the urban ghettos the percentage is even higher.

**Call for Action** Δ He said significant action against crime must begin with a deliberate and sustained effort by concerned lay citizens as well as by judges and lawyers, legislators and law enforcement personnel. Among the immediate and long-range steps that need to be taken, Gossett enumerated the following:

Δ Criminal law has had to concern itself with too many kinds of conduct not directly related to protection of life and property. A substantial part of police work is in the area of "victimless crime—drunkenness, breaches of the peace, and other crimes without victims." Society must consider whether this is a useful and economical way to utilize limited police resources.

Δ Law enforcement agencies must have more professional training and technical resources, including legal advisors to acquaint police with the import of court decisions. Only about 25 police departments in the nation have full time legal counsel.

Δ The manpower of the courts must be increased, to provide not only more judges but supporting personnel. Also, better judicial selection methods must be adopted to remove the judiciary from partisan politics.

Δ A system of trained, career prosecutors is needed,

to replace the practice of partisan appointments to short term and poorly paid posts.

Δ With Supreme Court decisions now requiring that all felony defendants be afforded counsel, the role of defense counsel must be elevated to its proper place with emphasis on attracting more lawyers to that field of law.

Δ Centralized statistical agencies are needed in the states to maintain current records on court workloads as well as on law enforcement and the operation of prosecution and defender offices, sentencing and corrections.

Mr. Gossett said the implementation in the next few years of the American Bar Association minimum standards of criminal justice—now in the final stages of formulation—would be an important step in upgrading the overall performance of the criminal justice system.

But he added "the articulation of minimum standards in criminal justice would be meaningless if such standards are not implemented by the legislatures, courts and law enforcement agencies." The crucial stage must involve citizens, lawyers and judges in urging adoption of the standards in their own jurisdictions.

Other speakers at the NCCD conference included Gov. Ronald Reagan of California; McGeorge Bundy, president of the Ford Foundation, and Police Chiefs Thomas Reddin of Los Angeles and Thomas Cahill of San Francisco.

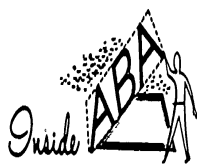

## ABA Delegates Will Testify on Electoral College Reform

The House of Representatives' Judiciary Committee on Electoral College Reform will hear testimony on the Association's election reform plan on Feb. 19. Appearing before the committee will be President William T. Gossett, together with Robert G. Storey, of Dallas, chairman of the Special Committee on Electoral College Reform, and committee member Prof. James C. Kirby, Jr., of Northwestern University Law School.

**Conference Planned** Δ President Gossett also has announced plans to conduct a National Conference on Electoral College Reform to "stimulate broader interest and action in the ABA movement to reshape the Presidential election machinery and help to secure the necessary two-thirds majority in Congress." The conference, to be held this spring, will invite leaders of Congress, major national organizations, constitutional authorities and legal profession leaders.

**Senate Support** Δ Chairman Storey told the House of Delegates that an increasing number of senators support the ABA's plan for direct popular election of the President and Vice-President. Meeting with the committee at its Midyear sessions, Sen. Birch Bayh (D., Ind.) reported that nearly half of the legislators currently favor the plan.

Mr. Storey also pointed out massive editorial and popular support. The Gallup poll reports 81 per cent of the population in favor of the ABA proposal.

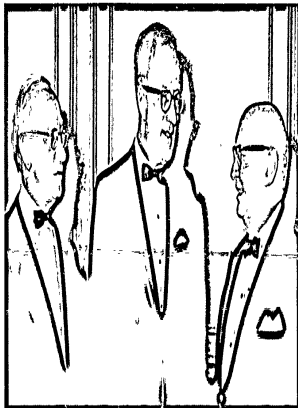

Cloyd LaPorte of New York has been appointed temporary chairman of the Standing Committee on the Federal Judiciary. He fills in for Chairman Lawrence E. Walsh, who was granted a leave of absence during his service on the U.S. negotiating team for the Paris talks on Vietnam. Robert H. Harry of Denver has been named to fill the committee vacancy left by the death of Gerald Klein of Tulsa. Δ Erwin N. Griswold, a member of the Board of Governors, has been retained by President Nixon as Solicitor General. The former dean of Harvard Law School is the first man to remain in the post during a change of parties in the White House. Δ Headquarters staff changes include: appointment of Leonard J. Theberge as an assistant director of the Division of Legal Practice and Education. He had been practicing law in Holyoke, Mass. and earlier was a university instructor and a government lawyer; reassignment of William R. Henke within the Division of Professional Service Activities to serve as editor of the *Law Student Journal* and other division publications. He had worked in the division's state and local bar liaison program; appointment of William M. Fieherly as assistant director of the Division of Professional Service Activities. He comes from private practice to work with state and local bar services; the resignation of Earl A. Hagen, who left the staff to return to private practice in Milwaukee. He was an assistant director of the Division of Professional Service Activities and had served as director of the law student program. Δ The Midyear meeting schedule for the next five years is complete. The House of Delegates will meet in Atlanta in 1970; in Chicago, 1971; New Orleans, 1972; Cleveland, 1973; and Houston, 1974. Δ The Young Lawyers Section has started a "Foreign Attorneys Visiting Our Republic" program. FAVOR is seeking young lawyers to help arrange office and home visits for lawyers visiting this country. Δ The Association's Board of Governors has elected three members to three-year terms as directors of the National College of State Trial Judges. They are Judges Thomas O. Craven, Reno; William M. McAllister, Salem, Ore.; and Bernard S. Meyer, Mineola, N.Y. Δ Hospitalization and Discharge of the Mentally Ill, an American Bar Foundation study, has been published by The University of Chicago Press. The 268-page, hardcover book was written by Ronald S. Rock, of the ABF staff, Marcus A. Jacobson, a psychiatrist, and Richard M. Janopaul, a public defender. Copies are available at \$10 each through The University of Chicago Press, Chicago, Ill., 60637. Δ Bruno V. Biker, Milwaukee, a member of the Standing Committee on World Order Under Law, was honored recently for "20 years service in International Human Rights" by The United World Federalists and 17 other organizations including the Milwaukee Bar Association and World Affairs Council.

### Client Security Funds

John W. Bryan, Jr., of New Orleans, chairman of the Special Committee on Clients' Security Fund reported to the House that Georgia and Hawaii have established client security funds bringing the total number of fund states to 31. A fund also will be established in Rhode Island in the near future. Mr. Bryan estimated 60 per cent of the nation is now covered by client security funds.

### Law Student Division

The 16,200-member Law Student Division reported it has expanded its committee system. The expansion includes an Urban Action Committee which will coordinate three regional subcommittees studying recruitment of minority group law students, curriculum revision in urban schools to deal with problems of the ghetto, and programs designed to involve law students in community legal programs.

### Administrative Justice

The House adopted a resolution supporting the founding of a Federal Administrative Justice Center to develop and supervise the orientation and training of hearing examiners and other lawyers in government service.

Two others—on prosecuting attorneys and defense counsel—are scheduled for publication within the next few months. These two reports, plus a published report on electronic surveillance, are scheduled for consideration by the parent committee before the annual meeting in August.

### Law and Technology

### Retirement Benefits Legislation

The House said "the Internal Revenue Code should be amended by striking all restrictions applicable only to employee benefit plans concerning self-employed individuals, thereby achieving equality of treatment in this respect as between common law employees and self-employed individuals." The Special Committee on Retirement Benefits Legislation presented the proposal.

### Puerto Rican Request

A proposed resolution urging voting rights for Puerto Ricans in U.S. Presidential elections was forwarded to the Section on Individual Rights and Responsibilities. The resolution was introduced by the Bar Association of Puerto Rico.

Copies of its draft report are scheduled for distribution to those taking part in the regional meetings in the fall. After changes prompted by comments on the tentative draft, the committee plans to present its final report to the House in August, 1970.

## Edwards Appointed to Criminal Law Section Post in Washington

H. Lynn Edwards, who for 26 years was an official of the Federal Bureau of Investigation in Washington and more recently was executive director of the Philadelphia Law Enforcement Planning Council, has resigned the latter post to accept appointment to the administrative staff of the Association in its Washington office.

H. Lynn Edwards

Effective March 1, Edwards will become an assistant director of the ABA Washington office and administrative assistant to the Criminal Law Section.

**Section Programs** Δ The Section has been assigned to implement in the 50 states the far-reaching minimum standards for criminal justice developed by an ABA special committee. The Section also has projected a training program for social studies teachers to deal with the essential role of law in a free society.

Mr. Edwards, 53, joined the FBI soon after graduation from Dickinson School of Law, Carlisle, Pa., and between 1941 and 1967 held a series of assignments. These included inspector in charge of crime records, inspector in charge of training FBI and police personnel, and chief of the personnel management section.

He resigned to become executive director of the then newly-formed Philadelphia Council. While serving with the private civic agency he was appointed to the Pennsylvania Crime Commission Advisory Council by Gov. Raymond P. Shafer.

**Scaife Grant** Δ A three-year grant from the Scaife family provided the funds for the Section to employ Mr. Edwards. His new duties will include serving as liaison with Congress on crime legislation, operation of the Law Enforcement Assistance Act, and consultation with state and local bars on crime prevention and control.

Mr. Edwards is a member of the Pennsylvania and District of Columbia bars. He has served as a member of the Criminal Law Section Council and on the Advisory Committee on the Police Function to formulate the criminal justice standards in that sphere. While with the FBI, he served as the agency's liaison representative with ABA, National Association of Attorneys General, National District Attorneys Association, Federal Bar Association and other organizations.

## General Practitioners Urge Interchange of Opinion, Fact

The First National Conference on Current Problems Affecting the Practicing Lawyer urged the Association "to make further efforts to promote a direct interchange of opinion and fact reporting between the 'grass-roots' lawyers of America" and bar leaders.

The consensus of the conference, sponsored by the ABA Section of General Practice, called for systematic surveys among lawyers supplemented by regional and national conferences to indicate prevailing viewpoints to aid the Association "in taking steps to improve the health of the legal profession and make it possible for the American lawyer better to serve the public."

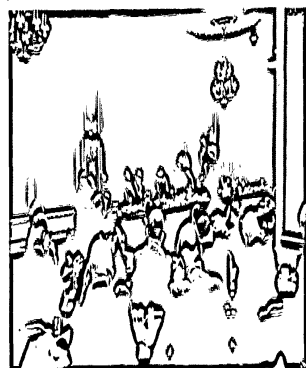

**79 Participants** Δ Seventy-nine practicing lawyers took part in the conference which was held in connection with the Midyear meeting in Chicago. The participants came from 42 different states. Nine were sole practitioners, 15 were in two-member firms; 22 in firms of two to six members and 33 in firms of six members or more.

Ten participants were from cities of less than 5,000; 15 under 10,000; 24 under 30,000; and 30 from cities with less than 100,000. Twenty-nine currently are members of the House of Delegates.

**Principles** Δ The consensus said: "Any measures which would serve to weaken the legal profession, which would destroy in part or in whole the attorney-client personal relationship or which would reduce the effectiveness and independence of the profession, would be a disservice to the public."

**Specifics** Δ The consensus said most of the participants were opposed to group legal services; certification of "quasi-professionals" or certification of legal specialists; Keeton-O'Connell and alternative plans designed to discard the fault system in determining auto accident reparations; use of legal services for the indigent in advocacy for social reform or legislation; and a proposed provision in the new Code of Professional Responsibility calling for a disciplinary rule to deal with the "competency of a lawyer in relation to specific employment."

**Other Points** Δ The consensus said participants favored experiments with pre-paid insurance to cover legal costs; wider use of lawyer referral; increased training for legal secretaries; and continued use of contingent fees.

GP Section Develops Consensus

## House Acts on Specialization

(Continued from Page 1)

I do predict, that within the years ahead, the action taken by the House will permit a determination of whether it is best that legal specialization be regulated or be unregulated."

The House also created an advisory committee on specialization of up to 15 members to assist the seven-member special committee.

**Auto Insurance** Δ The House approved a proposal of the Special Committee on Automobile Accident Reparations which called for retention of the present fault system as "the basic legal structure for dealing" with auto accident cases. The resolution said "the present system for providing reparations and relying upon an adversary method of trial before a court or jury as the means of determining liability and the amount of damages" should be retained.

These proposals were adopted after a debate over motions to return the report for further study. Such a motion was defeated 125-115 after committee chairman George B. Powers of Wichita, Kan., said current federal and state studies, and the prospect of legislative action in the states in the next few months, made it necessary that ABA take a position without delay.

Action on about 30 other recommendations of the committee was deferred until the House meeting in August. A revision of the report is to be filed 30 days before that session.

**HEW Program** Δ The HEW program endorsed by the House could provide legal services for eight million welfare recipients. The report of the Standing Committee on Legal Aid and Indigent Defendants said each state "determines the nature and extent of its own 'optional' program but the 'full spectrum of services' is encouraged." The program calls for the state to contribute 25 per cent of the funds required. Lawyers in general practice would be utilized.

**Group Services** Δ The proposal of the Special Committee on Availability of Legal Services, to adopt a policy statement favoring group legal services when they conform to certain safeguards, was referred back to the committee for further study. The legal services committee was directed to consult the Special Committee on Evaluation of Ethical Standards before reporting back to the House at its annual meeting in August.

**Student Practice** Δ The House approved the Section of Judicial Administration draft of a model rule of court permitting students to practice law on an intern basis under supervision of experienced lawyers. The rule is designed to provide representation to indigents in criminal, civil and administrative proceedings.

**Ombudsman Proposal** Δ The approved "ombudsman" proposal included "12 essentials" for statutes and ordinances establishing ombudsman systems. These include "authority for the ombudsman to criticize all agencies, officials, and public employees except courts and their personnel, legislative bodies and their personnel, and the chief executive and his personal staff."

## Copies of New Ethics Code Are Now Available to ABA Members

The complete text of the proposed new Code of Professional Responsibility was presented to the House of Delegates during its Midyear meeting. Comments and suggestions were requested by the drafting committee prior to March 15, with a view to formal House action on adoption of the code at the annual meeting in August.

The 136-page document includes the proposed code, the 60-year-old Canons of Professional Ethics which

Ethics Code News Conference

the code would replace, and an index to quickly guide readers to answers to specific questions.

**News Conference** Δ President-elect nominee Edward L. Wright, chairman of the Special Committee on Evaluation of Ethical Standards, and Prof. John F. Sutton, Jr., of the University of Texas Law School, reporter for the project, discussed the new code at a news conference in Chicago.

The code "tightens and clarifies what lawyers may do and not do," Mr. Wright said. Among the proposed rules is one which would make it unethical for prosecutors to withhold from a defense counsel evidence which supports the innocence of a defendant. Another would forbid a lawyer from leaving his name with his old law firm after he becomes a public official unless he actively continues to practice law in the firm.

**The Intent** Δ Mr. Wright said these were among several "significant additions" to the present canons, and that the disciplinary portion of the code is designed to codify ethics rules and customs into an enforceable pattern.

Copies of the new code have been sent to state and local bar officials and grievance chairmen; members of ABA committees; Section officers; and other bar leaders. Single copies are available from: Division of Professional Service Activities, American Bar Association, 1155 East 60th St., Chicago, Ill., 60637.

proposing the dues increase to the House, pointed out that total dues of most members of the Association amounted to about an hour or less of their hourly fee. The motion for the increase was adopted without opposition.

# Edwards Appointed to Criminal Law Section Post in Washington

H. Lynn Edwards, who for 26 years was an official of the Federal Bureau of Investigation in Washington and more recently was executive director of the Philadelphia Law Enforcement Planning Council, has resigned the latter post to accept appointment to the administrative staff of the Association in its Washington office.

Effective March 1, Edwards will become an assistant director of the ABA Washington office and administrative assistant to the Criminal Law Section.

**H. Lynn Edwards** Section Programs  $\Delta$  The Section has been assigned to implement in the 50 states the far-reaching minimum standards for criminal justice developed by an ABA special committee. The Section also has projected a training program for social studies teachers to deal with the essential role of law in a free society.

Mr. Edwards, 53, joined the FBI soon after graduation from Dickinson School of Law, Carlisle, Pa., and between 1941 and 1967 held a series of assignments. These included inspector in charge of crime records, inspector in charge of training FBI and police personnel, and chief of the personnel management section.

He resigned to become executive director of the then newly-formed Philadelphia Council. While serving with the private civic agency he was appointed to the Pennsylvania Crime Commission Advisory Council by Gov. Raymond P. Shafer.

**Scaife Grant**  $\Delta$  A three-year grant from the Scaife family provided the funds for the Section to employ Mr. Edwards. His new duties will include serving as liaison with Congress on crime legislation, operation of the Law Enforcement Assistance Act, and consultation with state and local bars on crime prevention and control.

Mr. Edwards is a member of the Pennsylvania and District of Columbia bars. He has served as a member of the Criminal Law Section Council and on the Advisory Committee on the Police Function to formulate the criminal justice standards in that sphere. While with the FBI, he served as the agency's liaison representative with ABA, National Association of Attorneys General, National District Attorneys Association, Federal Bar Association and other organizations.

Dear Mr. Edwards:

Our staff at Quantico and I were most pleased you found your recent tour of our new facilities of such interest. We are indeed grateful for your warm comments, particularly from one with your range of experience. The position the FBI has achieved in law enforcement in large measure rests upon the sacrifice and dedication of so many former employees and we will always welcome your support.

I thank you for sending three complete sets of the American Bar Association Standards for the Administration of Criminal Justice and we hope to be able to put them to good use. Your interest in the training at the FBI National Academy is appreciated and I am sure [redacted] will welcome any suggestion you may have to improve our program. You may wish to contact him directly for further discussions along these lines.

It was certainly thoughtful of you to express continued interest in our image in the law enforcement field and we enjoyed having you visit with us.

P.S. [redacted] is just great...he is teaching me...a former .45 cal. pistol expert how to handle the featherweight .38 cal. Pat Gray weapon. PG."

Sincerely yours,

December 24, 1983

The Washington Post

Attention: Letters to the Editor

Dear Editor:

Your editorial of December 16 on "The Hoover File" left me with mingled feelings of contempt and pity for the anonymous poison pen on your staff who authored it, and for the Post policy which passed it for publication. Especially at this Christmas season of peace on earth and good will towards men, such distortion, puffery, and biased interpretation of the inconclusive revelations in the U. S. News and World Report account cry out to high heaven of your injustice to Mr. Hoover as well as to your captive readers.

I could not help being reminded of Shakespeare's "Julius Caesar", dramatizing how the misguided Cassius stooped with contrived documents to persuade a loyal and patriotic Brutus to join a conspiracy leading to the unjust assassination of Caesar. By your editorial's distortions, you seem bent on creating a modern-day Brutus among your innocent readership to enlist them in your persistent and diabolical crusade to un-name the John Edgar Hoover Building.

Communist Russia may have succeeded in removing statues and otherwise purging factual evidence in a brain-washing tactic to create the fiction that Stalin never existed. But Mr. Hoover was never a Stalin, nor is the United States a Russia. Thank God our nation has checks and balances to expose and neutralize such examples of flawed integrity as exemplified by your editorial.

Very truly yours,

Dear Clarence:

I sincerely hope you will be willing and able to prepare the newsletter column on privacy, as requested in the enclosed letter from the Editor of our Criminal Justice Section Newsletter. I personally feel that this whole area of privacy, especially as it pertains to law enforcement, is one of the most critical issues we are facing in the area of criminal justice at this time; and I know there are many in our Section who share my concerns that the pendulum might swing too far out of balance simply because of the tenor of the times.

We feel that an article from you which would place in perspective some of your concerns would do a great deal to help our members reach an enlightened judgment on the crucial issues.

Best personal regards, and I am looking forward to seeing you at the forthcoming Congressional Night Dinner.

Sincerely,

January 9, 1975

Director Clarence M. Kelley  
Federal Bureau of Investigation  
U. S. Department of Justice  
Washington, DC 20535

Dear Mr. [REDACTED]

b6

cc.  
As editor of "Criminal Justice," the quarterly newsletter of the ABA Section of Criminal Justice, I invite you to write a brief article for the Spring Issue on certain issues pertinent to criminal justice privacy legislation, still unresolved by the recent passage of S.3418, the Federal Privacy Act of 1974.

It is my understanding that this Act exempts law enforcement agencies from its provisions, so that although citizens now enjoy a greater access to records kept on them by federal agencies, certain issues relevant to criminal justice information are still to be decided.

Many of these issues were contained in S.2963 and S.2964 (93d C., 2d S.): (1) the availability and dissemination of criminal justice information; (2) the need for keeping such information as accurate as possible; (3) the sealing of criminal justice records following specified periods of no rearrest; and (4) the method of monitoring the provisions of such legislation, whether by the U. S. Department of Justice or some other agency, existing or created.

I believe that appropriate legislation will be reintroduced in the 94th Congress which will contain provisions based on the resolution of these issues. No doubt considerable debate will ensue on these matters, and I would like our readers to join in such discussion by being apprised of two different perspectives.

I enclose a recent copy of our newsletter for your reference. You will note that it contains two articles on a substantive issue; in this case, the death penalty. It is our hope that this year's "Criminal Justice" will carry differing points of view on topical and important issues.

Should you agree to contribute an article for this series, I would request that it follow a similar format as the enclosed: no more than 750 words, with black-and-white photo and a short biographical sketch.

A viewpoint on these issues has been solicited from Judge Charles R. Richey, U. S. District Court, Washington, DC. He has agreed to author the other article.

Given the limitation on length for this article, perhaps only a brief treatment of these issues can be afforded. Nonetheless such a statement would be very much appreciated.

Thank you for your consideration.
